INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Sanitary and Improvement District No. 48
Sarpy County, Nebraska

We have audited the accompanying financial statements of the governmental activities, and each major fund of Sanitary and Improvement District No. 48 of Sarpy County, Nebraska as of and for the year ended June 30, 2012, which collectively comprise the basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of Sanitary and Improvement District No. 48 of Sarpy County, Nebraska as of June 30, 2012, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated November 21, 2012 on our consideration of Sanitary and Improvement District No. 48 of Sarpy County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

INDEPENDENT AUDITORS' REPORT- continued

Accounting principles generally accepted in the United States of America require that the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget to Actual on page 20, be prepared to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information on page 21 are presented for purposed of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain addition procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The District has not presented Management's Discussion and Analysis, that accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Sanitary and Improvement District No. 48 of Sarpy County, Nebraska is presented to assist in understanding the District's financial statements. The financial statements and notes are representations of the trustees of the District, who are responsible for their integrity and objectivity. These accounting policies conform in all material respects to generally accepted accounting principles, as promulgated by the American Institute of Certified Public Accountants' Industry Audit Guide, Audits of State and Local Government Units, and have been consistently applied in the preparation of the financial statements.

History and business activity

The District is a governmental subdivision, created pursuant to Nebraska law, to act as a vehicle for the construction of roads, utilities and similar improvements. The Board of Trustees, consisting of five members, has the power to provide financing for such improvements and has authority to: issue warrants for construction work and services, contract with financial institutions for conversion of warrants to cash, and to levy both special assessments and general taxes against property in the District to pay off warrants and bonds issued by the District.

Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Reporting entity

The accompanying financial statements present the District's primary governmental unit and do not include any component units because the District does not exercise financial accountability over any separate units. Financial accountability is based primarily on operational or financial relationships with the District.

Basis of Presentation

The government-wide financial statements (the statement of net assets and the statement of changes in net assets) report information on all of the activities of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Presentation - Continued

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental funds:

General Fund

General Fund is the main operating fund of the District. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

For the classification of fund balance, the District considers unassigned amounts to have been spent when an expenditure is incurred for purposes for which unrestricted fund balance could be used.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Fund Financial Statements - Continued

Debt Service Fund

Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal, interest, and related costs on general long-term debt paid primarily from taxes levied by the District. The fund balance of the Debt Service Fund is reserved to signify the amounts that are restricted exclusively for debt service expenditures.

Proprietary Fund Types

Proprietary funds are those which are used to account for activities conducted on a fee for service basis in a manner similar to commercial enterprises. The District's proprietary fund is the Enterprise fund which maintains and operates a water system providing service to the public.

Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Measurement Focus/Basis of Accounting - Continued

The revenues susceptible to accrual are property taxes and interest income. All other governmental fund revenues are recognized when received.

Investments

Investments are carried at cost, which approximates market, and any premium or discount on investments are amortized on the straight-line method from date of purchase to date of maturity. These deposits were covered with sufficient assets pledged to the Sarpy County by the financial institutions at June 30, 2012.

Infrastructure

Infrastructure is carried at cost plus interest on warrants while construction is in progress. Depreciation is provided using the straight-line method over estimated lives ranging from 25 to 40 years. Equipment is being depreciated in the straight-line method over an estimated useful life of seven years.

The water system, recorded in the enterprise fund, is carried at cost. Depreciation is provided on the straight-line method over estimated useful lives of 5-25 years.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Budget and Budgetary Accounting

The District is required to adopt an annual operating budget for all the funds over which the District controls. The budget is adopted using a cash basis of accounting which differs significantly from generally accepted accounting principles. Under the cash basis of accounting, revenues and expenditures are recorded when cash is received or paid. Payment is deemed to have been made when warrants are issued.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- (a) In September of each year the District submits a proposed operating budget for all funds to the real estate owners of the District.
- (b) Notice of place and time of public hearings must be published prior to the public hearings.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Budget and Budgetary Accounting - Continued

- (c) Public hearings are conducted to obtain taxpayer comment.
- (d) After publication and hearing, the budget is legally adopted by majority vote of the Board. The District is required to file a copy of the adopted budget with the County Clerk and the Nebraska Auditor of Public Accounts in accordance with the Nebraska Budget Act.
- (e) The budget is adopted on a per-fund basis and budgetary control is exercised at the fund level.
- (f) The Board of Trustees may authorize supplemental appropriations during the year. No such appropriations were made during the fiscal year ended June 30, 2012.
- (g) The accompanying combined statements of revenues, expenditures, and changes in fund balances - Budget and Actual - General, Debt Service and Proprietary Fund presents comparisons of the legally adopted budget with actual data on a budgetary basis. Because accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of resultant basis, timing, perspective, and entity differences in the excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources for the year ended June 30, 2012 is presented as follows:

	General Fund	Debt Service Fund	Proprietary Fund
	<u> </u>	<u> </u>	<u> </u>
Excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources (budgetary basis)	\$ 50,703	\$3,650	\$ -
Adjustments:			
To adjust revenues for receivables	(26,403)	(20)	7,973
To adjust expenditures for payables and accruals	(647)	-	(13,132)
To adjust for variance in recognition of items for other financing sources (uses)	<u>4,249</u>	<u>-</u>	<u>11,643</u>
Excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources (GAAP basis)	<u>\$ 27,902</u>	<u>\$3,630</u>	<u>\$ 6,484</u>

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Trustees. The Board of Trustees is the highest level of decision making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of Trustees.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Only the Board of Trustees may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE B - SPECIAL ASSESSMENTS RECEIVABLE

Special assessments were levied from 1997 through 1999 against certain properties within the District in connection with the construction of improvements. Special assessments are due in ten equal annual installments. The special assessments bear interest at a rate of 10% until delinquent and then at a rate of 12% until paid.

NOTE C - INVESTMENTS

The District is allowed to invest funds as permitted by Nebraska Statute 77-2341, R.R.S., 2003, and generally include U.S. government obligations, certificates of deposit, and time deposits. During the period ended June 30, 2012, the District invested in U.S. Treasury Bills.

Investments consist of the following at June 30, 2012:

<u>General Fund</u>	<u>Face Value</u>	<u>Cost</u>	<u>Accrued Interest</u>
Certificate of deposit, Centennial Bank	<u>\$33,388</u>	<u>\$33,388</u>	<u>\$ -</u>

All investments activities are conducted through the District's fiscal agent, the County Treasurer. Treasury bills are bought and held in safekeeping through the County Treasurer in the District's name. These securities are classified as Level 1 in the fair value hierarchy as indicated in ASC 820-10.

The market values of the above investments are \$33,388, as of June 30, 2012.

Investment risks that the District may be subject to consist of:

Interest Rate Risk - Since the District's investments are short-term, this risk is minimized at June 30, 2012.

Custodial Credit Risk - Investments are held by a bank in the District's name and therefore, the District was not exposed to this risk at June 30, 2012.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTE D - CAPITAL ASSETS

At June 30, 2012, capital assets consist of the following:

	<u>July 1, 2011</u>	<u>Additions</u>	<u>June 30, 2012</u>
Infrastructure:			
Sanitary sewer	\$ 874,674	\$ -	\$ 874,674
Paving and storm sewer	2,103,671	-	2,103,671
Water	585,713	-	585,713
Easement	10,968	-	10,968
Access road improvements	61,192	-	61,192
Wastewater lagoon expansion	63,399	-	63,399
SID #51 improvements	576,554	-	576,554
Equipment	<u>38,750</u>	<u>-</u>	<u>38,750</u>
	4,314,921	-	4,314,921
Accumulated depreciation	<u>(2,368,759)</u>	<u>(116,146)</u>	<u>(2,484,905)</u>
	<u>\$ 1,946,162</u>	<u>\$(116,146)</u>	<u>\$ 1,830,016</u>

Depreciation expense totaled \$116,146 for the year ended June 30, 2012. Land not being depreciated totals \$128,828.

A summary of proprietary fund type capital assets is as follows:

	<u>July 1, 2011</u>	<u>Additions</u>	<u>June 30, 2012</u>
Water systems	\$ 551,951	\$ -	\$ 551,951
Accumulated depreciation	<u>(327,955)</u>	<u>(20,744)</u>	<u>(348,699)</u>
	<u>\$ 223,996</u>	<u>\$(20,744)</u>	<u>\$ 203,252</u>

Depreciation expense totaled \$20,744 for the year ended June 30, 2012.

NOTE E - TAX LEVY

The District levied taxes for 2011-2012 at the rate of \$.10 per \$100 on an estimated 100% property valuation of \$77,940,515.

Property taxes are levied in September and attach as an enforceable lien on the assessed property as of December 31. The first half payment becomes delinquent April 1 of the following year and the second half payment becomes delinquent August 1 of the following year. The Sarpy County Treasurer bills and collects all property taxes for the District.

Sanitary and Improvement District No. 48
Sarpy County, Nebraska

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2012

NOTE F - COMMITMENTS

The District has entered into an agreement with Omaha Public Power District (OPPD) under which OPPD is to furnish street lighting to the District. The cost to the District for this service for fiscal 2013 is estimated to be approximately \$12,000.

NOTE G - CREDIT RISK

Receivables for property taxes and special assessments are due from property owners within the boundaries of the District located in Sarpy County, Nebraska.

NOTE H - RISK MANAGEMENT

The District is exposed to various risks of loss, including those related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all programs. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE I - SUBSEQUENT EVENTS

Management evaluated transactions and events occurring subsequent to June 30, 2012 and through the date of the report (the date the financial statements were available to be issued) to determine whether any events should be recognized or disclosed in these statements. There were no material transactions or events in the subsequent period requiring disclosure or recognition in the statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Sanitary and Improvement District No. 48
of Sarpy County, Nebraska

We have audited the financial statements of Sanitary and Improvement District No. 48 of Sarpy County, Nebraska as of and for the year ended June 30, 2012, and have issued our report thereon dated November 21, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Sanitary and Improvement District No. 48's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sanitary and Improvement District No. 48's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Sanitary and Improvement District No. 48's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified the following deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

The district does not have the ability to prepare financial statements in accordance with accounting principles generally accepted in the United States of America. Management is aware of this significant deficiency and believes it is economically not feasible to obtain the ability to prepare financial statements.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Sanitary and Improvement District No. 48's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Sanitary and Improvement District No. 48's financial statements that is more than consequential will not be prevented or detected by the Sanitary and Improvement District No. 48's internal control. We consider the deficiencies described above to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Sanitary and Improvement District No. 48's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sanitary and Improvement District No. 48's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that is required to be reported under *Government Auditing Standards*.

Finding #1

- Payment of general fund warrants exceeded budget by \$2,854, without amending the budget.

Response

- The total of old warrants which were redeemed exceeded the amount anticipated when the budget was prepared.

Finding #2

- Debt service fund expenditures exceeded budget by \$73, without amending the budget.

Response

- Collection of special assessments exceeded the budgeted amount resulting in unbudgeted collection fees.

Sanitary and Improvement District No. 48's responses to the findings identified in our audit are described above. We did not audit Sanitary and Improvement District No. 48's responses and accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Trustees and the Nebraska Auditor of Public Accounts, and is not intended to be and should not be used by anyone other than these specified parties.
