## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees  
Sanitary and Improvement District No. 87  
of Sarpy County, Nebraska

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska as of June 30, 2015, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Information – General Fund and the Budgetary Comparison Information – Debt Service Fund listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2015, on our consideration of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's internal control over financial reporting and compliance.

**SANITARY AND IMPROVEMENT DISTRICT NO. 87 OF SARPY COUNTY, NEBRASKA**  
**Reconciliation of the Governmental Funds Statement of Revenues, Expenditures,**  
**and Changes in Fund Balances to the Statement of Activities**  
**For the year ended June 30, 2015**

Net Change in Fund Balances - Total Governmental Funds \$ (18,255)

Amounts reported for governmental activities in the statement of activities  
are different because:

Governmental funds report capital outlays, net of refunds, as expenditures.  
However, in the statement of activities, the cost of those assets is  
allocated over their estimated useful lives and reported as depreciation  
expense. This is the amount by which depreciation exceeded capital  
outlays, net of refunds, in the current year. (2,876)

Repayment of principal on noncurrent liabilities is reported as an expenditure  
in the governmental funds. In the statement of net assets, the repayment  
reduces long-term liabilities. This is the amount of repayments in the  
current year.

Warrant principal payments	41,265
Bond principal payments	35,000

Proceeds from issuance of warrants are reported as an other financing source  
in the government-wide statements. In the statement of net position, the  
proceeds increase long-term liabilities. This is the amount of proceeds in  
the current year. (13,883)

Certain expenses reported in the statement of activities do not require the  
use of current financial resources and, therefore, are not reported as  
expenditures in the governmental funds. These expenses consist of:

Change in Accrued Interest on Bonds	364
-------------------------------------	-----

Change in Net Position of Governmental Activities	\$ 41,615
---	-----------

The accompanying notes are an integral part of these financial statements.

**SANITARY AND IMPROVEMENT DISTRICT NO. 87 OF SARPY COUNTY, NEBRASKA**  
**Notes to Financial Statements**  
**June 30, 2015**

**Note 1 – Summary of Significant Accounting Policies**

This summary of significant accounting policies of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska (the District) is presented to assist in understanding the District's basic financial statements. The basic financial statements and notes are representations of the District's management, who is responsible for their integrity and objectivity. These accounting policies have been consistently applied in the preparation of the basic financial statements.

***Reporting Entity***

The District is a governmental subdivision authorized under the statutes of the State of Nebraska. A Board of Trustees is elected by the property owners of the District and has decision-making authority to levy taxes, the power to designate management, and the ability to significantly influence operations. The board has governance responsibilities over all activities related to streets, utility systems, and other public improvements within the jurisdiction of the District. The board also has primary financial accountability for fiscal matters of the District. The District is engaged in a single government program and is not included in any other governmental "reporting entity" as defined by GASB pronouncements. In addition, there are no component units as defined by GASB 14, which are included in the District's reporting entity.

***Government Accounting Standards Board Statement No. 34***

Effective June 30, 2004, the District adopted GASB Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," Statement No. 37, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus," and Statement No. 38, "Certain Financial Statement Note Disclosures." These statements require the presentation of government-wide financial statements in addition to fund financial statements.

The primary impact of adopting the statements includes changing the presentation of fund equity to net position and long-term debt in the statements in place of separate account groups, and presenting "Management's Discussion and Analysis." Management has elected to omit "Management's Discussion and Analysis" from the basic financial statements.

***Basis of Presentation***

The basic financial statements of the District include the government-wide and the fund financial statements.

**Government-Wide Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities, which report financial information for all non-fiduciary activities of the District. Individual funds are not displayed, and internal activity between or within funds is eliminated.

## **Note 1 – Summary of Significant Accounting Policies (continued)**

The government-wide Statement of Net Position recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – net investment in capital assets; restricted net position for debt service; and unrestricted net position. Net position is restricted when constraints placed on it are either externally imposed or imposed by law through constitutional provisions or enabling legislatures. Internally imposed designations of resources are not presented as restricted net position. When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first then unrestricted resources, as they are needed.

The government-wide Statement of Activities reflects the expenses of the District's governmental activities, offset by general revenues to determine the change in net position for the year.

### **Fund Financial Statements**

The fund financial statements provide additional and detailed information about the District. The emphasis of the fund financial statements is on the determination of financial position and changes in financial position rather than upon net income. The following is a description of the District's two major governmental funds:

General Fund – This fund is the operating fund of the District. It is used to account for all financing resources, except those accounted for in other funds.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs.

### **Measurement Focus and Basis of Accounting**

Measurement focus refers to what is being measured. Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

In the government-wide financial statements, the activities are accounted for using the economic resources measurement focus and the accrual basis of accounting. On an accrual basis, revenues are recognized when earned. Expenditures are recorded when liabilities are incurred, regardless of the timing of related cash flows.

In the fund financial statements, both funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is when they become both measurable and available. Available means collectable within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recognized in the period the liability is incurred, except for unaccrued interest on general long-term debt, which is recognized when due.

**Note 1 – Summary of Significant Accounting Policies (continued)**

Use of Estimates – The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported in the financial statements and accompanying notes. Actual results could differ from the estimates.

Revenue – See subsequent note “Tax Levy” for property tax revenues. State motor vehicle tax allocation, taxes collected in excess, interest on taxes, and miscellaneous revenues are recognized as the amounts are collected as the amounts earned cannot be measured. However, investment earnings are recorded as earned since they are measurable and available.

Special Assessments – Revenues on special assessments levied after June 15, 1987 are recognized as the amounts are collected on the fund financial statements and in the year when they were assessed on the government-wide statements. Uncollected special assessments outstanding are recorded as receivable on the government-wide statement of net position and balance sheet and as receivable and deferred revenue on the fund financial statements. Special assessments levied before June 15, 1987 were recorded as income in the year assessed.

Long-Lived Assets – Long-lived assets and certain identifiable intangibles held and used by the entity are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. This application has not materially affected the entity’s reported earnings, financial condition or cash flows.

Capital Assets and Depreciation – Capital assets of the District are recorded at historical costs except for minor expenses for street and sidewalk improvements, recreational equipment, costs of constructing improvements for utilities, etc.

Depreciation is provided over the estimated useful lives of the related assets using the straight-line method for financial statement purposes. The estimated useful lives for significant assets capitalized are as follows:

Infrastructure Assets	25 Years
-----------------------	----------

Infrastructure assets include all water systems, drainage systems, easements, sewage disposal works system, waterways, electrical systems, and roads.

GASB 34 requires the District to report and depreciate new infrastructure assets effective July 1, 2003 and allows for an extended implementation period for retroactive reporting of infrastructure assets. The District has elected to report and depreciate all major general infrastructure assets retroactively.

Interest Expense – GASB 37 eliminated the requirement to capitalize construction-period interest for government activities. Effective July 1, 2003, all interest not related to long-term debt is expensed when incurred. Long-term debt related interest is expensed when incurred for government-wide financial statements and expensed when paid for fund financial statements.

## Note 1 – Summary of Significant Accounting Policies (continued)

Investments – Investments are stated at cost or amortized cost, which approximates market.

Bond Issue Costs and Amortization – In the government-wide financial statements bond issue costs are expensed when incurred. Fund financial statements expense bond issue costs when paid. Net bond issue costs incurred prior to July 1, 2012 have been charged to net position to properly recognize them in the prior periods they were incurred.

Contributions in Aid of Construction – This is an equity account, which includes the proceeds of Federal and State Grants, contributions from other governmental units, and contributions from any other source.

Subsequent Events – The District has evaluated subsequent events through December 15, 2015, the date which the financial statements were available to be issued.

### **Concentration of Credit Risks**

Taxes and Special Assessments Receivable – Receivables for real estate and property taxes and special assessments are due from property owners within the boundaries of the District located in Sarpy County, Nebraska.

Budget and Budgetary Accounting – The District is required by Nebraska law to adopt an annual operating budget for all the funds over which the District controls. The budget is adopted using the cash basis of accounting. Under the cash basis of accounting, revenues and expenditures are recorded when cash is received or paid. The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) The Board of Trustees considers a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them.
- b) Public hearings are conducted to obtain taxpayer comments.
- c) Expenditures and transfers cannot exceed appropriations at the fund level. When expenditures and transfers are required for functions that have not been budgeted, authorization to amend the budget and to incur the expenditures is permitted following a public hearing. No significant supplemental appropriations were made for the fiscal year ended June 30, 2015.
- d) A majority vote by the Board of Trustees authorizes transfer of budgeted amounts from the General Fund to the Debt Service Fund.
- e) Prior to September 20, the budget is legally enacted by a resolution of the Board of Trustees. On or before September 20, the budget document is filed with the County Board and State Auditor of Public Accounts.
- f) Appropriations for the General Fund and the Debt Service Fund lapse at the end of the fiscal year.

**Note 2 – Deposits and Investments**

Listed below is a summary of the deposits and investments that comprise the Cash on Deposit, County Treasurer and Investments on the June 30, 2015, basic financial statements.

**Deposits.** At June 30, 2015, the carrying amounts of the District's deposits were \$106,223 in the General Fund and \$41,656 in the Debt Service Fund. The County Treasurer balances for all funds totaled \$147,879. For purposes of classifying categories of custodial risk, the County Treasurer balances of the District's deposits as of June 30, 2015 were entirely insured by the federal depository insurance corporation.

**Investments.** As of June 30, 2015 the District held no investments.

**Note 3 – Capital Assets and Accumulated Depreciation**

A summary of capital assets for the year ended June 30, 2015 is as follows:

	<u>Balance</u> <u>June 30, 2014</u>	<u>Additions</u>	<u>Sales or</u> <u>Disposals</u>	<u>Balance</u> <u>June 30, 2015</u>
<u>Depreciable Capital Assets:</u>				
Infrastructure Assets	\$ 506,559	\$ -	\$ -	\$ 506,559
Less: Accumulated Depreciation	<u>(472,297)</u>	<u>(2,876)</u>	<u>-</u>	<u>(475,173)</u>
Net Capital Assets	<u>\$ 34,262</u>	<u>\$ (2,876)</u>	<u>\$ -</u>	<u>\$ 31,386</u>

The District recorded depreciation expense of \$2,876 for the year ended June 30, 2015.

**Note 4 – Warrants Outstanding**

General fund warrants are due and payable no later than three years from the date of issuance. Debt service fund warrants are due and payable no later than five years from the date of issuance. There are no general fund or debt service fund warrants outstanding as of June 30, 2015.

Registered warrants bear interest at the rate of 7% per annum. Interest accrues on warrants from the date of registration until the date they are called for payment. There are no general fund or debt service fund warrants registered as of June 30, 2015.

**Note 5 – Long-Term Debt**

Long-term debt is comprised of the following:

Bonds Payable – On August 15, 1995, the District issued \$475,000 in general obligation bonds. The bonds were issued for the purpose of refinancing existing bonds and accrued interest on the outstanding bonds.

The bonds mature according to the following schedule and bear interest, which is payable semi-annually at the rates indicated. The bonds are callable at August 15, 2000, and at any time thereafter.

<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Amount Payable</u>
November 1, 2015	6.25%	<u>\$ 40,000</u>

Transactions for long-term debt for the year ended June 30, 2015 are summarized as follows:

<u>Type of Debt</u>	<u>Balance June 30, 2014</u>	<u>Proceeds</u>	<u>Payments</u>	<u>Balance June 30, 2015</u>
Bond Issue, 1995	<u>\$ 75,000</u>	<u>\$ -</u>	<u>\$ 35,000</u>	<u>\$ 40,000</u>

Aggregate maturities during the next five years are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 40,000	\$ 1,250	\$ 41,250
2017	-	-	-
2018	-	-	-
2019	-	-	-
2020	-	-	-
	<u>\$ 40,000</u>	<u>\$ 1,250</u>	<u>\$ 41,250</u>

**Note 6 – Tax Levy**

Property taxes are levied in August and become due December 31. The first half payment is due March 31 and becomes delinquent April 1 of the following year and the second half payment is due July 31 and becomes delinquent August 1 of the following year. The County Treasurer bills and collects all property taxes for the District. If the taxes remain delinquent after February of the following year, the County places a lien on the property.

Property tax revenues are recognized when they are assessed. Delinquent taxes are considered fully collectable and, therefore, no allowance for uncollectible taxes is provided.

**Note 6 – Tax Levy (continued)**

The District has levied real and personal property taxes as follows:

<u>Fiscal Year</u>	District Valuation of <u>Property</u>	<u>District Tax Levy per \$100</u>		
		<u>General</u>	Debt <u>Service</u>	<u>Total</u>
2014-2015	<u>\$16,785,232</u>	<u>0.136072</u>	<u>0.250011</u>	<u>0.386083</u>

**Note 7 – Risk Management**

The District is exposed to various risks of loss, including those related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all programs. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Sanitary and Improvement District No. 87  
of Sarpy County, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 15, 2015.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Sanitary and Improvement District No. 87 of Sarpy County, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
