BILL STATEMENT EXPLANATIONS

SERVICE REGULATIONS AND RATES	By accepting electric service from OPPD, the customer agrees to comply with OPPD's service regulations, including payment of the bill by the Due Date. Failure to do this can result in the issuance of a notice to disconnect or the actual disconnection of the electric service. The service regulations, rate schedules and information about bill calculations can be reviewed by accessing www.oppd.com or contacting Customer Service.
SEASONAL RATES	Energy charges are based on either the OPPD summer rate, which is in effect from June 1 through September 30, or the winter rate, which is in effect from October 1 through May 31. For a billing period that overlaps both seasons, the energy usage will be prorated to each seasonal period when calculating the bill.
METER READING DATES	OPPD meters are assigned to one of 20 billing periods based on geographic location and are read on or about the same date each month. The date can vary due to weekends, holidays, weather, etc. If the meter is not read, the use will be estimated.
BASIC SERVICE	This item includes billing, meter reading, equipment and other expenses which are incurred whether or not you used electricity during the billing period.
ENERGY USE	This is represented by kilowatt-hour (kWh), which is a measurement equal to the use of 1,000 watt-hours of energy in one hour. For example, lighting a 100-watt bulb for ten hours results in the use/purchase of 1,000 watt-hours or one kilowatt-hour of electricity (100 watts x 10 hours = 1,000 watt-hours or 1 kWh).
FUEL & PURCHASED POWER ADJUSTMENT (FPPA)	The FPPA recovers fuel and purchased power costs above or below the Fuel and Purchased Power Base Rate (defined in Rate Schedule 461). OPPD will calculate the FPPA prior to the start of each year and apply this charge to the number of kilowatt-hours used each month.
MINIMUM MONTHLY BILL	This is a minimum charge established for all rate schedules to recover fixed costs associated with having electric service available to the customer.
ELECTRIC USE PROFILE	This information is specific to your energy use at the present address for the current billing period and, if applicable, your energy use for the same billing period a year ago at this address. The graph provides a comparison of your daily average kilowatt-hour use during the billing periods for the last two years, if available. Also shown is the average daily cost for the energy you used during the current billing period.
LEVEL PAYMENT PLAN	This plan evens out the seasonal differences in electric service bills and is available to both residential and qualified commercial customers, allowing you to pay the same amount each month. Access www.oppd.com or call Customer Service for more information.
CURRENT ACCOUNT STATUS	This is the amount you owe OPPD if you are no longer on the Level Payment Plan.
ENERGY ASSISTANCE FUND	Established by OPPD in cooperation with the American Red Cross, this fund provides emergency aid to disadvantaged customers experiencing financial difficulties and needing help with their energy bills. To donate, mark the appropriate box on your bill and add your contribution to your payment. You can also pledge any dollar amount to be automatically included in your bill each month. Access www.oppd.com or call Customer Service for more information.
