He stated that in compliance with the provisions of the Act, a copy of the Nebraska Open Meetings Act was available for inspection at the table at which the Trustees were seated.

The Chairman stated that the next item of business on the agenda was election matters.

A. Review of Election Commissioner's Certificate of Results. The Attorney displayed to the Trustees and Trustee-Elect a copy of the Election Commissioner's Certificate dated September 18, 2015 and the Declination of Nomination from Trustee Wes Lyons, copies of which documents are attached to these Minutes. He stated that in view of the Declination by Mr. Lyons, the

individuals elected to a two year term of office on Ballot One were Richard Hansen, Nancy Wackerhagen and Clinton Strong and the individuals elected to a two year term on Ballot Two were Leah Baker and Jim Nichols. After brief discussion, upon motion duly made, seconded and roll call vote taken in open session convened, the votes being as follows:

C. Ordering of Bonds. The Attorney stated that it was necessary to obtain Continuation Bonds for the Chairman and Clerk. After brief discussion, the Trustees directed the Attorney to order the renewal bonds.

The Chairman stated that the next item of business on the agenda was approval of the Minutes of the meeting of the Board of Trustees of September 10, 2015. After brief discussion, the Minutes of that meeting was approved as follows:

Richard L. Hansen	- Aye
Nancy Wackerhagen	- Aye
Jim Nichols	- Aye
Leah Baker	- Aye
Clinton Strong	- Abstain

The Chairman stated the next item of business on the agenda was the Engineer's report. Engineer Bill Glismann submitted to the Trustees copies of his Engineering status report dated October 15, 2015, and reported as follows:

A. Pavement Repairs 2015. Mr. Glismann stated that all work has now been completed and the final pay request has been approved and submitted for payment.

B. Storm Sewer Inlet Settlements. Mr. Glismann stated that he has received a proposal from Beyerink Trenching to perform necessary work where the four areas inlets are settling for the amount of $500.00 per location or a total bid of $2,000.00. Mr. Glismann stated that the bid from Beyerink was the only bid received for this work but he stated that the proposed price appeared to be reasonable. The contractor, if authorized to proceed with the work, will perform the work during November. After brief additional discussion, on motion duly made, seconded and roll call vote taken in open session convened, the votes being as follows:

Richard L. Hansen	- Aye
Nancy Wackerhagen	- Aye
Jim Nichols	- Aye
Leah Baker	- Aye
Clinton Strong	- Abstain

the following resolution was adopted:

> **RESOLVED,** that the Board of Trustees of Sanitary and Improvement District No. 162 of Sarpy County, Nebraska does hereby approve and accept the proposal of Beyerink Trenching for filling of settlement areas by area inlets behind 16324 Josephine and along the trail for the total amount of $2,000.00.

The Chairman stated the next item of business on the agenda was resident concerns.

The Clerk expressed concern about ground in close proximity to trail sections which is sloughing into the creek. Trustee Baker expressed concern about trees and branches on Outlot 7, 8, and 11 which were falling into the creek. The Chairman stated that in the interest of economy, the Board has had a long-standing policy to not deal with trees or branches unless they are creating a hazard. Trustee Baker suggested that she believed some of the trees and branches posed a hazard and suggested that the Board become more proactive in looking for matters which could become hazards. The Clerk stating that the Engineer inspect the areas adjacent to the trails to identify situations which could become problems. Trustees Baker and Nichols suggested that the Board needs to be more proactive in identifying potential problems throughout the park area, but the Chairman reminded the Board that the creek belongs to the Corps of Engineers, suggesting that the District cannot spend money on property it does not own. Mr. Glismann stated that the creek is continuing to change because of erosion and is carrying more water than in the past. He suggested that the creek banks will continue to erode and suggested it would be extremely expensive to slope the sides of the creek and remove the vegetation therefrom. The Chairman observed that a flood map of the creek was developed many years ago but that because of continuing erosion, the bottom of the channel is continuing to drop to lower levels, allowing the channel to accommodate more water than in the past. The Clerk suggested that the situation in the park needs to be inspected professionally, and Mr. Glismann agreed that he would do so.

Trustee Baker inquired as to the feasibility of having green area maintenance work monitored by an intern from the Engineer's office. The Chairman stated he was concerned that Royal Lawns has performed trimming work which had not been authorized by the Board. The Clerk stated that she was opposed to spending significant money to monitor work by the mowing contractor but she stated that in view of the contractor's performance over the past several months, under no circumstances should the Board renew the Royal Lawns contract in the spring of 2016. Trustee Strong volunteered to check on work performed by Royal Lawns when he is on his walks throughout the District. The Chairman directed the Attorney to supply Trustee Strong with a copy of the current Royal Lawns contract. Trustee Baker reminded the Trustees that while many items in the green area maintenance contract are routine, many other items are only authorized on an as-needed basis. The Trustees observed that since mowing work for the current year is now completed, the scope of work

to be monitored between now and the end of the winter will be very limited. The Attorney suggested that over the coming weeks, the Board Members need to review the existing contract to identify areas where work can be more precisely defined and a motion to that effect by Trustee Nichols was approved by the Board. Mr. Nichols also stated that the District needs to get more bidders to submit proposals for the work to be done. Mr. Glismann stated that in addition to publishing a Notice to Bidders, his firm also reaches out to those parties with which his firm is familiar that perform this type of work. The Attorney stated that he would also contact mowing contractors who have performed work for other Districts with which he is affiliated. During the discussions that ensued, the Board determined that a detailed Notice to Bidders will need to be published in January in order to allow for opening of bids during February and awarding of a contract in March. Mr. Glismann stated that between now and the next meeting, he will address a revised mowing contract as well as the issue of creek erosion. Trustees Strong and Baker expressed concern about the extent of grass adjacent to fence lines which was destroyed by Royal Lawns during the course of performance of its work and suggested that work along fence lines needs to be specifically addressed in the next green area maintenance contract.

The Chairman stated the next item of business on the agenda was the Attorney's report. Larry Forman reported as follows:

A. BNSF Easement. Mr. Forman reported that in the wake of recent heavy rains in the area, he had received an email from Trustee Nichols expressing concern with the stability of the sheet piling wall constructed in the easement area by BNSF. In response to that email, he had submitted an email to engineer Bill Glismann and Traci Morgan, the District's contact person with BNSF, requesting that the Engineer and the railroad inspect the situation and take whatever action was required to insure the continued integrity of the piling wall. Mr. Glismann thereafter confirmed that the piling wall was secure and that the water flowing over the wall was doing so by design, with one section of the wall being designed to act as a spillway to allow water to escape from the retention area and proceed downstream in the creek.

B. Letters to Property Owners. Mr. Forman stated that at the last meeting, he had been instructed to submit letters to owners of three properties in the District including one with a large rock pile adjacent to its rear boundary, one with a chicken coop on ground adjacent to its boundary,

and one where failure to mow the grass for an extended period of time had created an eyesore for adjacent property owners. With regard to the mowing letter, Trustee Baker stated that she did not want to take any action beyond sending the letter and hoping that the letter would prompt the property owner to perform necessary mowing work. The Clerk observed that no letters should be sent if no follow-up steps are contemplated. The Chairman stated that in the past, Sarpy County Weed Control has taken action in response to complaints raised regarding weeds and lack of mowing. Trustee Strong volunteered to visit with residents regarding these issues rather than sending letters. Trustee Baker suggested the Board needs to revise the Temporary Use Permit form to address what steps need to be taken at the time of expiration of a permit or a change of property ownership concerning removal of improvements placed on property under the auspices of a permit. Concerning response to the letters, it was reported that the chicken coop has been removed and the grass has apparently been mowed but the rock pile is still in place. The Chairman stated that the Temporary Use Permit under which the rock pile had been installed has been expired for an extended period of time. Trustee Strong asked about the size of the tract covered by the TUP allowing placement of the rock pile and the Chairman stated that the permit was limited to a strip along the back of the lot. Further discussion ensued with regard to the rock pile, after which Trustee Strong stated that he would approach the property owner to suggest that if he wants the rock pile to remain, he needs to apply for a new TUP. The Clerk added that he will also need to have the District named as an additional insured under his homeowners policy.

The Chairman stated the next item of business on the agenda was Temporary Use Permits. Trustee Nichols distributed to the Trustees a memo with regard to this issue, a copy of which is attached to these Minutes, and discussion ensued with regard to the matters covered by that memo. The Chairman suggested that the TUP form needs to be updated to specify what happens at the conclusion of the term for a TUP, the requirement of the property owner giving notice to a new buyer concerning the terms of the TUP, and other matters. Trustee Baker suggested that the TUP form should require itemization of any improvements permitted under the TUP. Trustee Strong took issue with the TUP to the Chairman, stating that the Chairman had planted trees adjacent to his rear property line which were a significant distance removed from the property line, and stating that the Board should require those trees to be removed. The Chairman stated that his TUP permitted placement of the trees where they were currently located. Trustee Strong stated that if that was the

case, he wanted to obtain a TUP on a portion of the common area not adjacent to his lot, but the Trustees advised him that since his property does not border on park ground, he would not be eligible to obtain a TUP. Trustee Strong challenged the Board, stating that if he wanted to obtain a TUP for property 1,000' removed from his property, he should be allowed to do so. The Trustees explained that that was not the way the TUP process was designed to function. After further discussion, the Trustees directed the Attorney to forward copies of the existing form to them for review and revision prior to the next meeting of the Board.

The Chairman stated the next item of business on the agenda was budget tracking. The Trustees reviewed and approved the budget tracking documents compiled by Shirlee Vakoc and the County Treasurer's reports attached thereto, copies of which documents are attached to these Minutes.

The Chairman stated the next item of business on the agenda was payment of bills. The Trustees observed that as part of the bill-paying process, the $1,100.00 withheld from payment to Royal Lawns after the last meeting should be paid to Royal Lawns along with the other warrants being issued at this meeting. The Chairman recommended payment of the following bills from the District's general fund:

Royal Lawns - $1,100.00 for final payment of Inv #2300
Royal Lawns - $17,245.00 for payment of Inv #2476 & #2553
Spencer Management - $6,449.80 for final pay estimate on 2015 pavement repair
HGM Associates - $2,885.63 for engineering services
Hillman, Forman - $5,141.30 for legal fees and expenses

Upon motion duly made, seconded and roll call vote taken in open session convened, the votes being as follows:

Richard Hansen	-	Aye
Nancy Wackerhagen	-	Aye
James Nichols	-	Aye
Leah Baker	-	Aye
Clinton Strong	-	Abstain

the following resolution was adopted:

RESOLVED, by the Board of Trustees of Sanitary and Improvement District No. 162 of Sarpy County, Nebraska, that the Chairman and Clerk be and they hereby are authorized and directed to execute and deliver Warrants No. 5980 and 5984 through

#5992	Hillman, Forman Law Firm - Oct, 2015 attorney fees	$141.30

The Chairman stated the next item of business on the agenda was setting the time and place for the next meeting of the Board. Trustee Strong stated that he was not available for meetings beginning at the usual 2:30 p.m. time frame utilized by the Board for the past several years, and he stated that future meetings should be scheduled for 4:00 p.m. When the Chairman informed him that the NRD facility closed at 4:30 p.m., Trustee Strong suggested that meetings be scheduled for the evenings. The Chairman observed that quarterly meetings were already scheduled for evenings and he observed that judging from the fact that only one District resident was in attendance at this meeting, it did not appear there was any necessity for the Board to depart from the schedule it had followed for the past several years. It was also observed that since the Board's meeting schedule had been established for the past several years, Trustee Strong might have considered that fact before determining to run for a position on the Board. After further brief discussion, it was determined that the next meeting of the Board will be held on Tuesday, November 24, 2015 at 2:30 o'clock p.m. at the Chalco Hills Recreation Area Visitor's Center, 8901 South 154th Street, Omaha, Nebraska. Trustee Strong stated that since the other Trustees would not accommodate his demands, he would attempt to discredit the Board on Facebook. He also stated that henceforth, he will cause all Board meetings to be videotaped. Following a fairly heated exchange among Trustee Strong, the other Board Members, and the District resident in attendance, Trustee Strong departed the meeting.

Thereafter, there being no further business to come before the meeting, the same was adjourned.
