**INDEPENDENT ACCOUNTANTS' AUDIT REPORT**

Board of Trustees  
Sanitary and Improvement District No. 183  
of Sarpy County, Nebraska

We have audited the accompanying financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the index. These financial statements are the responsibility of the District's Trustees. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Trustees, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of June 30, 2010, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The District's management has elected to omit management's discussion and analysis from the basic financial statements. The management's discussion and analysis information is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 1, 2010, on our consideration of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Sanitary and Improvement District No. 183  
of Sarpy County, Nebraska  
Page 2

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Information Required by Section 31-740, Reissue Revised Statute of Nebraska, 1998 and District Trustees and Related Bonds are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2010, taken as a whole.

## NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2010

### 1. Summary of Significant Accounting Policies

---

The accounting policies of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the District's significant policies.

**Reporting Entity** Sanitary and Improvement District No. 183 of Sarpy County, Nebraska (the District), formed on October 31, 1996, is a governmental subdivision authorized under the statutes of the State of Nebraska. The District operates under an elected Board of Trustees which governs all activities related to streets, utility systems, and other public improvements within the jurisdiction of the District. The accompanying basic financial statements present the District's primary government unit and no component units because the District does not have any component units.

The District has implemented GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* (GASB Statement No. 34), GASB Statement 37, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments: Omnibus* which provides additional guidance for the implementation of GASB Statement 34, and GASB Statement No. 38, *Certain Financial Statement Disclosures* which changes note disclosure requirements for governmental entities.

The GASB determined that fund reporting has and will continue to be essential in helping governments to achieve fiscal accountability and should, therefore, be retained. The GASB determined that fund financial statements are needed to allow users of financial reports to assess a government's operational accountability. The new GASB model integrates fund-based financial reporting as complementary components of a single comprehensive financial reporting model.

**Combined Financial Statements** The Governmental Funds Balance Sheet/Statement of Net Assets and the Governmental Fund Revenues, Expenditures and Changes in Fund Balances/Statement of Activities are part of the combined financial statements. They report information on all of the District's activities with the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, special assessments and other intergovernmental revenues. The District has no business type activities that rely, to a significant extent, on fees and charges for support.

### 1. Summary of Significant Accounting Policies - Continued

---

#### **Combined Financial Statements -**

Continued

The combined financial statements provide reports on the financial condition and results of operations for the District. The District reports the two major governmental funds' financial condition and results of operations in separate columns.

#### **Use of Estimates**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires the District's Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### **Fund Accounting**

The District used funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The District only used governmental funds. The following governmental funds are used by the District.

**Governmental Funds.** Governmental funds are those through which most general governmental functions of the District are financed. These funds are accounted for using the current financial resources measurement focus. Under this measurement focus, only current assets and liabilities are included on the balance sheets, and the operating statements present sources and uses of available financial resources during a given period. The following major governmental funds are used by the District:

- **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs anticipated to be settled during the next fiscal year.

### 1. Summary of Significant Accounting Policies - Continued

---

**Basis of Accounting** Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within thirty-one days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

**Budgets and  
Budgetary  
Accounting**

The District is required to adopt an annual operating budget for all the funds over which the District controls. The budget is adopted using a cash basis of accounting which differs significantly from generally accepted accounting principles. Under the cash basis of accounting, revenues and expenditures are recorded when cash is received or paid, respectively. Payment is deemed to have been made when warrants are issued.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) In September of each year, the District submits a proposed operating budget for all funds to the real estate owners of the District.
- (2) Notice of place and time of public hearings must be published prior to the public hearings.
- (3) Public hearings are conducted to obtain taxpayer comment.
- (4) After publication and hearing, the budget is legally adopted by majority vote of the Board. The District is required to file a copy of the adopted budget with the County Clerk and the Nebraska Auditor of Public Accounts in accordance with the Nebraska Budget Act.
- (5) The budget is adopted on a per-fund basis and budgetary control is exercised at the fund level.
- (6) The Board of Trustees may authorize supplemental appropriations during the year. (No such appropriations were made during the fiscal year ended June 30, 2010.)

**Investments**

The District is allowed to invest funds as permitted by Nebraska Statute 77-2341, R.R.S., 1990, and allowable investments generally include U.S. government obligations, certificates of deposit, and time deposits. The District's investments during the year ended June 30, 2010, consisted of U.S. Treasury bills.

All investment activities are conducted through the County Treasurer. Treasury bills are bought and held in safekeeping by the County Treasurer in the District's name.

Investments are stated at fair value.

### 1. Summary of Significant Accounting Policies - Continued

---

**Property Taxes** Property tax revenues are recognized when a legal and enforceable claim is assessed against the property. Delinquent taxes are considered fully collectible; therefore, no allowance for uncollectible taxes is provided.

**Capital Assets** Capital assets are stated at cost in accordance with construction contracts and other costs applicable thereto. Interest accrued on warrants issued for the construction of improvements is capitalized during the period of construction. Capital assets are classified construction in progress until construction is complete or special assessments are levied. No depreciation expense is reported for capital assets classified as construction in progress. The costs of improvements disposed and the related accumulated depreciation are eliminated from the accounts in the year of disposal. Gains or losses from property disposals are recognized in the year of disposal. Depreciation is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Storm and Sanitary Sewer Systems	50
Street Improvements	20

**Deferred Revenue** The District reports unearned deferred revenue in the governmental fund balance sheet. Deferred and unearned revenue arises when potential revenue does not meet both the measurable and available criteria for recognition in the current period. In general, monies received within thirty-one days after year-end are considered to have been for prior year services.

**Costs of Utilities** These costs include the cost of systems for which the District does not obtain title such as electrical systems (OPPD), water distribution systems (MUD) and/or gas distribution systems (Black Hills Energy). These costs are expensed as incurred.

**Bond Issue Costs** Bond issue costs are amortized using the straight-line method over the life of the bond issue.

**Credit Risk** The District's credit risk relates to receivables for property taxes which are due from property owners within the boundaries of the District and cash on deposit with the Sarpy County Treasurer.

**Subsequent Events** Subsequent events are events or transactions that occur after the Governmental Funds Balance Sheet/Statement of Net Assets date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through December 1, 2010, noting no items requiring disclosure.

### 2. Property Taxes

Property taxes are levied in September and attached as an enforceable lien on the assessed property as of December 31. The first half payment becomes delinquent April 1 of the following year and the second half payment becomes delinquent August 1 of the following year. The Sarpy County Treasurer bills and collects all property taxes for the District.

For 2009-2010, the District levied taxes at the rate of \$0.47 (\$0.10 for the general fund and \$0.37 for the debt service fund) per \$100 based on a property valuation of \$46,395,511.

### 3. Capital Assets

Capital assets at June 30, 2010, consist of the following:

	<u>Costs at June 30, 2009</u>	<u>Additions</u>	<u>Deletions</u>	<u>Costs at June 30, 2010</u>

Less Accumulated Depreciation				<u>492,488</u>
Capital Assets, Net of Accumulated Depreciation				<u>\$1,481,637</u>

### 4. Warrants Payable

- Warrants registered with Sarpy County accrue interest from the date of registration to the date they are called for payment. The District's warrants were not registered as of June 30, 2010, therefore they do not accrue interest.

General fund warrants are due 3 years from the date of issuance. Debt service fund warrants are due 5 years from the date of issuance.

The following is a summary of warrant transactions during the year ended June 30, 2010:

	<u>General Fund</u>	<u>Debt Service Fund</u>

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Sanitary and Improvement District No. 183  
of Sarpy County, Nebraska

We have audited the accompanying financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of and for the year ended June 30, 2010, which collectively comprise Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's basic financial statements and have issued our report thereon dated December 1, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's ability to initiate, authorize, record, process, or report financial data reliability in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's financial statements that is more than inconsequential will not be prevented or detected by the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's, basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. Other than noted below, the results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain instances of noncompliance that are summarized below:

The District had a shortfall in budgeted fund and general fund revenues/receipts by approximately \$600 without amending the budget.

The District exceeded budgeted debt service fund expenditures/disbursements by approximately \$500 without amending the budget.

This report is intended solely for the information and use of the Board of Trustees, management, the Nebraska Auditor of Public Accounts and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties.
