INDEPENDENT AUDITORS' REPORT

Board of Trustees

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the index.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information included in Schedules 1 and 2 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

We were engaged to audit the financial statements taken as a whole. The accompanying other supplemental information included in Schedules 3 and 4 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management. The information has not been subjected to the auditing procedures applied in the audits of the financial statements. Accordingly, it is inappropriate to and we do not express an opinion on the other supplemental information referred to above.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2015, on our consideration of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

1. Summary of Significant Accounting Policies

The accounting policies of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of the District's significant policies.

Reporting Entity

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska (the District), formed on October 31, 1996, is a governmental subdivision authorized under the statutes of the State of Nebraska. The District operates under an elected Board of Trustees which governs all activities related to streets, utility systems, and other public improvements within the jurisdiction of the District. The accompanying basic financial statements present the District's primary government unit and no component units because the District does not have any component units.

Basic Financial Statements

The basic financial statements include the government-wide and fund financial statements and provide reports on the financial condition and results of operations for the District. The government-wide financial statements are based on the District as a whole, while the fund financial statements provide information about the District's individual funds.

The District's government-wide financial statements include a Statement of Net Position and a Statement of Activities and Changes in Net Position. The accompanying Statement of Net Position presents all of the assets and deferred inflows over liabilities and deferred outflows. The Statement of Activities presents changes in net position from governmental activities. Governmental activities include programs supported primarily by taxes, special assessments and other intergovernmental revenues. The District has no fiduciary activities or business type activities that rely, to a significant extent, on fees and charges for support.

The District's governmental fund financial statements include the Governmental Funds Balance Sheet and Governmental Fund Revenues, Expenditures and Changes in Fund Balances. The District reports the two major governmental funds' financial condition and results of operations in separate columns.

Fund Accounting

The District used funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The District only used governmental funds.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

Governmental Funds

Governmental funds are those through which most general governmental functions of the District are financed. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. Only current assets and liabilities are included on the balance sheets, and the operating statements present sources and uses of available financial resources during a given period. The following major governmental funds are used by the District:

- **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs anticipated to be settled during the next fiscal year.

Measurement Focus and Basis of Accounting

The government-wide financial statements are presented using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within thirty-one days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Net Position/Fund Balances

The net position of the District is classified as follows:

- **Invested in Capital Assets, Net of Related Debt**

This category consists of capital assets net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets as well as deferred outflows or inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

- **Restricted**

This category consists of noncapital assets that must be used for a particular purpose, as specified by creditors, grantors, contributors or laws and regulations external to the District. The District's restricted net position presents amounts restricted for the repayment of principal and interest on long-term debt and related costs.

- **Unrestricted**

This category consists of remaining net assets that do not meet the definitions of net position invested in capital assets, net of related debt or restricted net position as described above.

The governmental funds report up to five categories of fund balances as described below:

- **Nonspendable Fund Balance**

Nonspendable fund balances consist of amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. The District had no nonspendable fund balance as of June 30, 2015.

- **Restricted Fund Balance**

Restricted fund balances consist of amounts that are constrained by creditors, grantors, contributors or laws and regulations of other governments, or limitations that are imposed by law through constitutional provisions or enabling legislation.

- **Committed Fund Balance**

Committed fund balances consist of amounts that are only to be used for specific purposes pursuant to constraints imposed by the highest level of decision making, which is the Board of Trustees. These amounts cannot be used for any other purpose unless the government removes the restrictions through resolution. The District had no committed fund balance as of June 30, 2015.

- **Assigned Fund Balance**

Assigned fund balances consist of amounts that are constrained by the government intended to be used for a specific purpose but are neither restricted nor committed. The authority for making the assignment is not required to be the government's highest decision making authority and the nature of the actions necessary to remove or modify the assignment is not as prescriptive as it is with regards to committed fund balances. The District had no assigned fund balance as of June 30, 2015.

- **Unassigned Fund Balance**

Unassigned fund balances consist of the residual classification for the general fund.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

The District first applies restricted resources when an expense/expenditure is incurred for a purpose for which both restricted and unrestricted resources are available.

Budgets and Budgetary Accounting

The District is required to adopt an annual operating budget for all the funds over which the District controls. The budget is adopted using a cash basis of accounting which differs significantly from generally accepted accounting principles. Under the cash basis of accounting, revenues and expenditures are recorded when cash is received or paid, respectively. Payment is deemed to have been made when warrants are issued.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) In September of each year, the District submits a proposed operating budget for all funds to the real estate owners of the District.
- (2) Notice of place and time of public hearings must be published prior to the public hearings.
- (3) Public hearings are conducted to obtain taxpayer comment.
- (4) After publication and hearing, the budget is legally adopted by majority vote of the Board. The District is required to file a copy of the adopted budget with the County Clerk and the Nebraska Auditor of Public Accounts in accordance with the Nebraska Budget Act.
- (5) The budget is adopted on a per-fund basis and budgetary control is exercised at the fund level.
- (6) The Board of Trustees may authorize supplemental appropriations during the year. (No such appropriations were made during the fiscal year ended June 30, 2015.)

Investments

Excess funds may be invested by the District in accordance with the statutes of the State of Nebraska. Allowable investments generally include U.S. government obligations, certificates of deposit, and time deposits. The District does not have a formal investment policy but all investments have consisted of short-term U.S. Treasury bills.

All investment activities are conducted through the County Treasurer. Treasury bills are bought and held in safekeeping by the County Treasurer in the District's name. The District does not have a policy for custodial credit risk beyond compliance with state statutes.

Investments are stated at fair value.

GASB Statement No. 72 on Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

U.S. government obligations are liquid and have quoted market prices. Fair value of U.S. government obligations is based on live trading data. U.S. government obligations are categorized in Level 1 of the fair value hierarchy.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

Property Taxes

Property taxes receivables are recorded when a legal and enforceable claim is assessed against the property. Delinquent taxes are considered fully collectible; therefore, no allowance for uncollectible taxes is provided.

Capital Assets

Capital assets are stated at cost in accordance with construction contracts and other costs applicable thereto in the government-wide financial statements. Interest accrued on warrants issued for the construction of improvements is capitalized during the period of construction. Capital assets are classified as construction in progress until construction is complete or special assessments are levied. No depreciation expense is reported for capital assets classified as construction in progress. The costs of improvements disposed and the related accumulated depreciation are eliminated from the accounts in the year of disposal. Gains or losses from property disposals are recognized in the year of disposal. Depreciation is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Storm and Sanitary Sewer Systems	50
Street Improvements	20

Credit Risk

The District's credit risk relates to receivables for property taxes which are due from property owners within the boundaries of the District and cash on deposit with the Sarpy County Treasurer. The District's investments are also exposed to various risks, such as interest rate, market and credit risk.

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires the District's Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events are events or transactions that occur after the Governmental Funds Balance Sheet/Statement on Net Assets date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through December 15, 2015, noting no items requiring disclosure.

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

2. Property Taxes

Property taxes are levied in September and attached as an enforceable lien on the assessed property as of December 31. The first half payment becomes delinquent April 1 of the following year and the second half payment becomes delinquent August 1 of the following year. The Sarpy County Treasurer bills and collects all property taxes for the District.

For 2014-2015, the District levied taxes at the rate of \$0.42 (\$0.12 for the general fund and \$0.30 for the debt service fund) per \$100 based on a property valuation of \$46,033,092.

3. Capital Assets

Capital assets at June 30, 2015, consist of the following:

	Costs at June 30, 2014	Additions	Deletions	Costs at June 30, 2015
Storm Sewer Systems	\$ 461,092	\$ -	\$ -	\$ 461,092
Sanitary Sewer Systems	324,899	-	-	324,899
Street Improvements	1,088,833	-	-	1,088,833
Lots and Easements	99,301	-	-	99,301
	<u>\$ 1,974,125</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,974,125</u>
Less Accumulated Depreciation				<u>876,396</u>
Capital Assets, Net of Accumulated Depreciation				<u>\$ 1,097,729</u>

4. Warrants Payable

Warrants registered with Sarpy County accrue interest from the date of registration to the date they are called for payment. The District's warrants were not registered as of June 30, 2015, therefore they do not accrue interest.

General fund warrants are due 3 years from the date of issuance. Debt service fund warrants are due 5 years from the date of issuance.

The following is a summary of warrant transactions during the year ended June 30, 2015:

	General Fund	Debt Service Fund
Balance, June 30, 2014	\$ -	\$ -
Warrants Issued	57,873	14,325
Warrants Retired	(57,873)	(14,325)
Balance, June 30, 2015	<u>\$ -</u>	<u>\$ -</u>

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

5. Long-Term Debt

The District's long-term debt consists of general obligation bonds which are reflected in the debt service fund.

General obligation bonds totaling \$1,425,000 issued June 15, 2014, with a balance of \$1,375,000 at June 30, 2015, were due serially beginning June 15, 2015 through June 15, 2027. Interest is payable semi-annually on this issue at 1.3% to 3.65% per annum.

The following is a summary of bonds payable transactions of the District for the year ended June 30, 2015:

Bonds Outstanding, June 30, 2014	\$ 1,425,000
Bonds Retired	(50,000)
Bonds Outstanding, June 30, 2015	<u>\$ 1,375,000</u>

Aggregate maturities of long-term debt and interest due on long-term debt, for the next five fiscal years and thereafter are as follows:

<u>Year Ending June 30:</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 55,000	\$ 39,570	\$ 94,570
2017	70,000	38,856	108,856
2018	80,000	37,770	117,770
2019	90,000	36,290	126,290
2020	100,000	34,400	134,400
2021-2025	650,000	124,942	774,942
2026-2027	330,000	18,012	348,012
	<u>\$ 1,375,000</u>	<u>\$ 329,840</u>	<u>\$ 1,704,840</u>

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

Notes to Basic Financial Statements

June 30, 2015

6. Reconciliation of Net Position and Change in Net Position

Net Position

Total fund balance per balance sheet	\$ 310,024
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	1,097,729
Certain liabilities including bonds payable are not due and payable in the current period and therefore are not reported in the funds.	(1,375,000)
Property tax revenue not yet earned at year end is reported as deferred revenue.	(92,353)
Net position of governmental activities	<u>\$ (59,600)</u>

Changes in Net Position

Net change in fund balance	\$ 8,517
Current year property tax levy earned at year end.	2,602
Certain expenses do not require the use of current financial resources and therefore are not reported as expenditures in the funds.	(76,782)
Repayment of bond principal is an expenditure in the governmental funds, but repayment reduces long-term liabilities in the statement of net position.	50,000
Change in net position of governmental activities	<u>\$ (15,663)</u>

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees

Sanitary and Improvement District No. 183 of Sarpy County, Nebraska

We have audited the accompanying financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska, as of and for the year ended June 30, 2015, which collectively comprise Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's basic financial statements and have issued our report thereon dated December 15, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above. However, as summarized below, we identified a deficiency in internal control over financial reporting that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sanitary and Improvement District No. 183 of Sarpy County, Nebraska's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Findings and Responses

Significant Deficiency Identified:

Criteria

Internal controls should be in place that provide reasonable assurance of the District's ability to report financial information reliably in accordance with accounting principles generally accepted in the United States of America.

Condition

The Board of Trustees has engaged the outside audit firm to prepare the financial statements and related footnotes in conformity with accounting principles generally accepted in the United States of America.

Cause

The District has a limited number of administrative personnel available to prepare the financial statements and related footnotes in accordance with accounting principles generally accepted in the United States of America.

Effect

The District does not on its own comply with regulatory requirements to prepare annual financial statements in accordance with accounting principles generally accepted in the United States of America.

Recommendation

We recommend the District have a heightened awareness of the required oversight and monitoring of the transactions being reported.

Response

This is not an uncommon situation for a governmental entity of the District's size. The Board of Trustees has determined it would not be cost-beneficial to establish a system of internal controls that would allow the District to prepare its own financial statements. Accordingly, the District engaged the audit firm to assist in the preparation of the statements in accordance with accounting principles generally accepted in the United States of America. The Board of Trustees will oversee and monitor the transactions being reported and will accept responsibility for the financial statements prepared by the audit firm.

We did not audit and, accordingly, we express no opinion on the District's responses to the findings identified above.

This report is intended solely for the information and use of the Board of Trustees, management, the Nebraska Auditor of Public Accounts and other audit agencies and is not intended to be and should not be used by anyone other than these specified parties.
