Subject: Water Study

Hi Dean,
We had a chance to review the water study. However we think it would be great if you could attend our next board meeting to go over the results. This will allow us to all be on the same page.

We did have a couple of comments as follows
1. Tiburon View apartments were not marked on the charts with a flow value.
2. The report infers but doesn't come out and say that the apartments are in compliance or under which cases that would be true.
3. We don't have wood shingles in SID 192, so what is the flow requirement for asphalt shingles and how does that affect the results??
4. The charts don't have a legend which would make them easier to follow and interpret.

That's it for now,
Hope you can make our next meeting, If you can attend I will get the time, date and location to you. Please reply.
