Re: Water Estimate for Ballena (Tiburon South)

Dear Mr. Jaeger,

It was a pleasure to talk with you concerning the water request to serve the Ballena subdivision. As discussed, we have estimated the cost to provide District water service to this subdivision. The estimated cost includes pioneering main contributions, main extensions, water meters, and capital facility charges (CFC). A detail schedule of costs is attached.

This estimate is an opinion of probable cost, and based on a 2013 installation. Ballena will be required to pay the estimated project costs prior to the District releasing the main extensions to the contractor. Upon completion of the project, the estimated costs will be adjusted to actual pricing.

We understand that Ballena has 118 residential services with each home served by a Watts PRV and a 5/8" Neptune meter with 3/4" spuds. The apartment complex is served by five - 2" Badger meters. The PRVs and Badger meters meet our minimum specifications. However the Neptune meter's radio frequency system is not compatible with our existing electronic receiver transmitter (ERT). Therefore the District will require the replacement of all Neptune meters. The minimum meter size is normally 3/4", but to minimize impact on existing plumbing, the District will install 5/8" meter with compatible ERT. Capital facilities charges will be based on the normal installation of a 3/4" meter.

The District requires stop box access to operate all distribution valves and homeowner service valves. The service stop box is owned by homeowner, and is located below grade. To meet District policy the homeowner's plumber must locate and raise all service stop boxes to grade elevation. The District will verify stop box location at the time the meter is installed.

The District is not interested in owning the water well and abandonment costs are excluded from this estimate. We have initiated our best effort for estimating the number of meters, type of materials and system flow design and condition. Additional costs may be incurred if we subsequently discover new information. My direct phone number is (402) 504-7209.

Best Regards,

Dave DeBoer

* Totals include service charge based on 5/8-inch residential meter. M.U.D.'s total also includes a $4 infrastructure replacement charge and the 2 percent in-lieu-of-tax payment to municipalities.

M.U.D. water meters measure use in ccfs and are shown as billing units on the statement. One ccf = 100 cubic feet of water or 748 gallons.

What you pay for water provides adequate system maintenance, offsets the rising costs of power and chemicals, and assures a safe drinking water supply.

Re: Connection of SID 278 Sewer System to SID 240
Our File: 488-003

Gentlemen,

I have contacted each of you regarding the need to enter into an amendment to the Interlocal Agreement between your three SIDs dated June 2, 2005 (copy enclosed). The purpose of the amendment is to allow a portion of SID 278 (106 single family lots and 3.3 acres of commercial/ office lots in the new Tiburon Ridge subdivision) to connect its outfall sanitary sewer to the sanitary sewer system of SID 240. This amendment is necessary because the June 2, 2005 Interlocal Agreement requires your approval of such a connection. We are assured by our engineers, Lamp Rynearson, that there is adequate capacity in your sewer systems to accommodate this connection.

Would you please review the enclosed "Amendment to Interlocal Cooperation Agreement" which I have drafted to accomplish the required approval of your SIDs for this connection. I would appreciate any comments you may have at your earliest convenience so we can proceed to have the SID Boards' approvals in the next 4-6 weeks if possible.

Please contact me after reviewing the proposed Amendment. Thanks very much for your attention to this.

Very truly yours,

Robert J. Huck

RJH/srs
Enclosure
cc: Lamp Rynearson, Attn: Terry Atkins

P.S. – The percentages of maintenance costs were determined by Lamp Rynearson which divided SID 240's original 57.1% share between SID 240 (34.8%) and SID 278 (22.3%).

AMENDMENT TO
INTERLOCAL COOPERATION AGREEMENT

This Amendment is made and entered into this _____ day of _____, 2013, by and between SANITARY AND IMPROVEMENT DISTRICT NO. 176 OF SARPY COUNTY, NEBRASKA ("SID 176"), SANITARY AND IMPROVEMENT DISTRICT NO. 192 OF SARPY COUNTY, NEBRASKA ("SID 192"), SANITARY AND IMPROVEMENT DISTRICT NO. 240 OF SARPY COUNTY, NEBRASKA ("SID 240"), and SANITARY AND IMPROVEMENT DISTRICT NO. 278 OF SARPY COUNTY, NEBRASKA ("SID 278").

PRELIMINARY STATEMENT

WHEREAS, pursuant to an Interlocal Cooperation Agreement between SID 192, SID 176, and SID 240 dated June 2, 2005, SID 240 was granted the right to connect to a sanitary sewer force main constructed by SID 176; and

WHEREAS, SID 278, which constitutes the subdivision of Tiburon Ridge, desires to connect into a lift station and sewer system owned by SID 240; and

WHEREAS, said Interlocal Agreement provides that SID 192 and SID 176 must approve the connection of any area outside the boundaries of SID 240 to connect into the sewer system of SID 240.

NOW, THEREFORE, in consideration of the covenants herein set forth, SID 176, SID 192, SID 240, and SID 278 do hereby agree and contract with each other as follows:

1. Authority. The authority for the parties entering into this Agreement is that authority granted by law, including the general powers of the parties and the Interlocal Cooperation Act of the State of Nebraska.

2. Purpose. The purpose of this Agreement is to permit SID 278 to connect into the sanitary sewer of SID 240 which will in turn discharge sewage from the Tiburon Ridge Area within SID 240 boundaries through the Force Main.

3. No Administrative Entity. There shall be no separate legal or administrative entity created to administer this Agreement and, therefore, no separate budget established for such an entity.

4. Connection. SID 176 and SID 192, hereby grant to SID 278 the license and right to connect its sanitary sewer system to the sewer system of SID 240, and to transmit such sanitary sewage from and within the Tiburon Ridge Area which is within the boundaries of SID 278 through an outfall sewer to the point where it connects into the sewer of SID 240. SID 176 warrants and represents that, with the consent of SID 192, it has the good right and lawful authority to grant such license and the right to SID 278 to connect into the SID 240 sewer system and discharge its sewage from the Tiburon Ridge Area through a Force Main, subject to SID 278 obtaining connection and sewage transmission and treatment rights from other applicable Districts, the City of Gretna and City of Omaha. SID 278 hereby acknowledges that this

Agreement only gives it the right to discharge sewage from the 106 single family lots and 3.3 acres of commercial/offices lots within the Tiburon Ridge Area through the SID 240 sewer system, and that SID 278 is responsible to obtain the consent of the City of Omaha for treatment of its sewage, the City of Gretna for transmission of its sewage through its sewer system and from other Districts to the north to transmit sewage to the City of Omaha's treatment facility. SID 278 agrees that it will obtain at its sole cost and expense sewer connection and treatment rights from such other applicable Districts, the City of Gretna, and the City of Omaha before making the physical connection to SID 240 sewer system.

SID 278 covenants and agrees that it will not permit any area outside of the boundaries of SID 278 to connect into its sewer system without first obtaining the prior written approval of SID 192, SID 240 and SID 176. SID 278 further agrees that it will not increase the number of lots within its boundaries above 106 single family lots and 3.3 acres of commercial/office lots which utilize its outfall sewage line which connects with the SID 240 sewer system without first obtaining the written approval of SID 176, SID 192 and SID 240.

5. Maintenance, Repair and Reconstruction. SID 176 shall remain solely responsible for the maintenance, reconstruction and repair of the Force Main. In the event it is necessary to maintain, repair or reconstruct the Force Main then the total cost of such maintenance, repair and reconstruction shall be shared among the four (4) parties with SID 176 to pay 13.9% of such cost, SID 192 to pay 29.0% of such cost, SID 240 to pay 34.8% of such cost and SID 278 to pay 22.3% of such cost. In the event the proportionate share of the use among the parties change, then such percentages shall also change based upon the new proportionate uses of the Force Main and the changed percentages shall then be utilized effective as of the date of the change in the proportionate uses of the parties. All payments are to be made to SID 176, in order for SID 176 to make such payments, or to the contractor, within thirty (30) days after SID 176 submits the statement for such reimbursement or payment to SID 192, SID 240 and SID 278. In the event that SID 278 disconnects its connection with SID 240, it shall thereafter not be liable for any such costs occurring after such disconnection.

6. Enforceable Agreement. This is an agreement between the named parties hereto, enforceable only by them. No third party beneficiaries created are allowed to enforce this Agreement or claim damages for its breach.

7. Duration. The duration of this Agreement shall continue as long as necessary to carry out the intent of the parties.

8. Term of Agreement. This Agreement shall be effective upon approval of the respective governing bodies of the parties and shall continue in full force and effect until the purposes hereof have been accomplished.

9. Binding Effect. This Agreement shall be binding upon the parties, their respective successors and assigns.

10. Enforcement. This is an agreement between the named parties hereto, enforceable only by them. No third party beneficiaries are created or allowed to enforce this Agreement or claim damages for its breach.

11. Entire Agreement. This instrument contains the entire agreement of the parties and shall be binding upon the successors and assigns of the respective parties. No amendments, deletions, or additions shall be made to the Agreement except in writing signed by all parties.

IN WITNESS WHEREOF, we, the executing parties, by our respective duly authorizations hereby enter into this Agreement, effective on the day and year first above written.

INTERLOCAL COOPERATION AGREEMENT

This Agreement is made and entered into this 2nd day of June, 2005, by and between SANITARY AND IMPROVEMENT DISTRICT NO. 176 OF SARPY COUNTY, NEBRASKA ("SID 176"), SANITARY AND IMPROVEMENT DISTRICT NO. 192 OF SARPY COUNTY, NEBRASKA ("SID 192") and SANITARY AND IMPROVEMENT DISTRICT NO. 240 OF SARPY COUNTY, NEBRASKA ("SID 240").

PRELIMINARY STATEMENT

WHEREAS, SID 176 has constructed a sanitary sewer force main (the "Force Main") which is shown on Exhibit "A" attached hereto, and

WHEREAS, pursuant to an agreement between SID 192 and SID 176, based upon usage, it has been determined that SID 176's proportionate share of the Force Main is 32.359% and SID 192's proportionate share of the Force Main is 67.641%, and

WHEREAS, SID 192 has paid or has agreed to pay SID 176 its 67.641% of its proportionate share of the costs of the Force Main, and

WHEREAS, SID 240, which constitutes the subdivision of Pebblebrooke, desires to connect into the Force Main and transmit sewage from the lots within SID 240 described in Exhibit "B" attached hereto (the "Pebblebrooke Area"), and pay its connection fee pursuant to the terms of this Agreement, and

NOW, THEREFORE, in consideration of the covenants herein set forth, SID 176, SID 192 and SID 240 do hereby agree and contract with each other as follows:

1. Authority. The authority for the parties entering into this Agreement is that authority granted by law, including the general powers of the parties and the Interlocal Cooperation Act of the State of Nebraska.

2. Purpose. The purpose of this Agreement is to permit SID 240 to connect into the Force Main and to discharge sewage from the Pebblebrooke Area within SID 240 boundaries through the Force Main.

3. No Administrative Entity. There shall be no separate legal or administrative entity created to administer this Agreement and, therefore, no separate budget established for such an entity.

4. Construction and Management. SID 176 has designed and constructed the Force Main and manages and owns the Force Main.

5. Connection. SID 176, with the consent of SID 192, hereby grants to SID 240 the license and right to connect the SID 240 sanitary sewer system to the Force Main at the point of connection shown on Exhibit "A" attached hereto, and to transmit sanitary sewage from and within the Pebblebrooke Area which is within the boundaries of SID 240 through the Force Main to the point where it connects into the sewer of SID 240. SID 176 warrants and represents that, with the consent of SID 192, it has the good right and lawful authority to grant such license and the right to SID 240 to connect into the Force Main and discharge its sewage from the Pebblebrooke Area through the Force Main, subject to SID 240 obtaining connection and sewage transmission and treatment rights from other applicable Districts, the City of Gretna and City of Omaha. SID 240 hereby acknowledges that this Agreement only gives it the

right to discharge sewage from the Pebblebrooke Area through the Force Main and that SID 240 is responsible to obtain the consent of the City of Omaha for treatment of its sewage, the City of Gretna for transmission of its sewage through its sewer system and from other Districts to the north to transmit sewage to the City of Omaha's treatment facility. SID 240 agrees that it will obtain at its sole cost and expense sewer connection and treatment rights from such other applicable Districts, the City of Gretna, and the City of Omaha before making the physical connection to the Force Main.

SID 240 covenants and agrees that it will not permit any area outside of the boundaries of SID 240 to connect into the Force Main without first obtaining the prior written approval of SID 192 and SID 176 and paying the then agreed upon sewer connection fee for the same. SID 240 further agrees that it will not replat or in any way increase the number of units within the Pebblebrooke Area which increases the sewage flowing from SID 240 through the Force Main by more than 5% without first obtaining the prior written approval of SID 176 and SID 192 and paying any additional fee, if any.

6. Maintenance, Repair and Reconstruction. SID 176 shall be solely responsible for the construction, maintenance, reconstruction and repair of the Force Main. In the event it is necessary to maintain, repair or reconstruct the Force Main then the total cost of such maintenance, repair and reconstruction shall be shared among the three (3) parties with SID 176 to pay 13.9% of such cost, SID 192 to pay 29.0% of such cost and SID 240 to pay 57.1% of such cost. In the event the proportionate share of the use among the parties change, then such percentages shall also change based upon the new proportionate uses of the Force Main and the changed percentages shall then be utilized effective as of the date of the change in the proportionate uses of the parties. All payments are to be made to SID 176, in order for SID 176 to make such payments, or to the contractor, within thirty (30) days after SID 176 submits the statement for such reimbursement or payment to SID 192 and SID 240.

7. Sewer Connection and Metering Device Payment. As a connection fee to defray its share of the capital cost of the Force Main, SID 240 agrees to pay SID 176 and SID 192 the sum of $130,000.00 which sum shall be shared between SID 176 and SID 192 based upon their proportionate percentages, that being, 67.641% to SID 192 and 32.359% to SID 176, so that SID 192 shall be paid $87,933.30 and SID 176 shall be paid $42,066.70. In the event such percentages change in the future based upon a change in the proportionate share of the use, then the changed percentages shall be utilized. The payment of $130,000.00 shall be made to SID 192 and SID 176 within forty-five (45) days from the date of this Agreement. In the event the City of Omaha requires the installation of a metering device to meter the flow of sewage from SID 192, then the metering device shall be installed by SID 240 and the cost of the installation of the metering device shall be the responsibility of SID 192 and paid to SID 240 from SID 192 by SID 240 reducing the amount it pays to SID 192 under this paragraph in the amount of the cost of the installation of the metering device.

8. Enforceable Agreement. This is an agreement between the named parties hereto, enforceable only by them. No third party beneficiaries created are allowed to enforce this Agreement or claim damages for its breach.

9. Duration. The duration of this Agreement shall continue as long as necessary to carry out the intent of the parties.

10. Term of Agreement. This Agreement shall be effective upon approval of the respective governing bodies of the parties and shall continue in full force and effect until the purposes hereof have been accomplished.

11. Binding Effect. This Agreement shall be binding upon the parties, their respective successors and assigns.

12. Enforcement. This is an agreement between the named parties hereto, enforceable only by them. No third party beneficiaries are created or allowed to enforce this Agreement or claim damages for its breach.

13. Entire Agreement. This instrument contains the entire agreement of the parties and shall be binding upon the successors and assigns of the respective parties. No amendments, deletions, or additions shall be made to the Agreement except in writing signed by all parties.

IN WITNESS WHEREOF, we, the executing parties, by our respective duly authorizations hereby enter into this Agreement, effective on the day and year first above written.
