INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Sanitary and Improvement District No. 210
of Sarpy County, Nebraska

We have audited the accompanying financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 210 of Sarpy County, Nebraska (a political subdivision) as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Sanitary and Improvement District No. 210 of Sarpy County, Nebraska as of June 30, 2011, and the respective changes in financial position thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 16, 2011 on our consideration of Sanitary and Improvement District No. 210 of Sarpy County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

INDEPENDENT AUDITORS' REPORT- continued

The Budgetary Comparison Information – General Fund and the Budgetary Comparison Information – Debt Service Fund on pages 18 through 21 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information on pages 22 through 27 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The District has not presented Management's Discussion and Analysis, that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be a part of, the basic financial statements.

**SANITARY AND IMPROVEMENT DISTRICT NO. 210
OF SARPY COUNTY, NEBRASKA
Reconciliation of the Statement of Revenues,
Expenditures and Changes in Fund Balances of Governmental
Funds to the Statement of Activities
For the year ended June 30, 2011**

Net Change in Fund Balances - Total Governmental Funds **\$ (331,652)**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays, net of refunds, as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays, net of refunds, in the current year. (130,346)

Proceeds from bonds issued are reported as an other financing source in the governmental funds, but as an increase in noncurrent liabilities in the statement of net assets. The related bond issue costs are reported as an expenditure in the governmental funds but as an increase in assets in the statement of net assets.

Proceeds from bonds issued	(1,225,000)
Bond issue costs	109,890

Repayment of principal on noncurrent liabilities is reported as an expenditure in the governmental funds. In the statement of net assets, the repayment reduces long-term liabilities.

Warrant principal payments	1,468,411
Bond principal payments	85,000

Certain expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These expenses consist of:

Amortization of bond issue costs	(16,981)
Change in accrued interest	22,747

Warrants issued are reported as an other financing source in the governmental funds, but as an increase in noncurrent liabilities on the government-wide statements. This is the amount reported as issuance of warrants in the governmental funds in the current year. (90,906)

Collections on special assessments and interest thereon have been reported as revenues in the governmental funds but are reported as decreases in receivables in the statement of net assets. This is the amount of collections on special assessments and the change in accrued interest thereon. 54,169

Change in Net Assets of Governmental Activities **\$ (54,668)**

See accompanying notes to basic financial statements.

**SANITARY AND IMPROVEMENT DISTRICT NO. 210
OF SARPY COUNTY, NEBRASKA**

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Sanitary and Improvement District No. 210 of Sarpy County, Nebraska comply with the rules and regulations of the State of Nebraska, and conform in all material respects to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the significant policies.

DEFINITION OF DISTRICT – The District is a governmental subdivision created with the filing of the Petition and Articles of Association with the Secretary of State, State of Nebraska. The District was formed for the purpose of installing sewers, water, and public road systems within the District and contracting for water, fire protection, and lighting for roads. The District is located in western Sarpy County and is commonly known as Eagle View.

REPORTING ENTITY – The Board of Trustees has governance responsibilities over all activities related to streets, utility systems and other public improvements within the jurisdiction of the District. The accompanying financial statements present the District's primary government unit and do not include any component units because the District does not exercise financial accountability over any separate units. Financial accountability is based primarily on operational or financial relationships with the District including budget adoption, taxing authority, funding, and appointment of the respective governing board.

The Sarpy County Treasurer is the ex-officio treasurer of the District. All cash transactions and funds are required to be administered and recorded by the County Treasurer.

BASIS OF PRESENTATION – The basic financial statements of the District include the government-wide and the fund financial statements.

Government-Wide Financial Statements – The government-wide financial statements include the statement of net assets and the statement of activities, which report financial information for all nonfiduciary activities of the District. Individual funds are not displayed and internal activity between or within funds are eliminated. Governmental activities include programs supported primarily by taxes and other intergovernmental revenue. The District has no business type activities that rely, to a significant extent, on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**SANITARY AND IMPROVEMENT DISTRICT NO. 210
OF SARPY COUNTY, NEBRASKA**

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fund Financial Statements – Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements. The following is a description of the District's two governmental funds:

General Fund - The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund - The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term principal, interest and related costs.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported on the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

In the government-wide financial statements, the activities are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows.

In the governmental fund financial statements, the funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when they become both measurable and available. Measurable means that the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred except for debt service expenditures and other long-term liabilities, which are recorded only when due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds from long-term debt are reported as an other financing source in governmental funds.

The District reports deferred revenue on its governmental funds balance sheet. Deferred revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both revenue criteria are met, the liability for deferred revenue is removed from the governmental funds balance sheet and revenue is recognized.

**SANITARY AND IMPROVEMENT DISTRICT NO. 210
OF SARPY COUNTY, NEBRASKA**

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

INVESTMENTS – Investments are stated at amortized cost, which approximates market. Premiums or discounts on investments are amortized on the straight-line method from date of purchase to date of maturity.

CAPITAL ASSETS – Within the government-wide financial statements, capital assets, including primarily infrastructure, are recorded at historical cost. The District defines capital assets as assets with an individual cost of more than \$500 and an estimated useful life in excess of one year. Capital assets are depreciated using the straight-line method over their estimated useful lives in the government-wide statements.

The estimated useful lives are as follows:

Storm Sewer and Paving	30 years
Sanitary Sewer	25 years
Water	25 years
Underground Power	25 years
Silt Basin Removal and Sanitary Sewer	25 years
Sanitary Sewer, Storm Sewer and Paving	30 years
Legal, Financing and Engineering Fees	25 years

RISK MANAGEMENT – The District is exposed to various risks of loss, including those related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has purchased a commercial general liability insurance policy and bonds on its chairman and clerk to minimize the adverse effects of certain types of losses. There have been no significant reductions in insurance coverage and no significant claims or settlements for the current year or the three prior years. The District has retained the risk of loss for property damage to its public improvements.

CREDIT RISK – Receivables for property taxes and special assessments are due from property owners within the boundaries of the District located in Sarpy County, Nebraska.

AMORTIZATION – Bond issue costs are amortized over the term of the bonds (20 years) using the straight-line method in the government-wide financial statements. The amount of bond issue costs presented in the government-wide financial statements is net of accumulated amortization of \$63,842 at June 30, 2011. Bond issue costs are recorded as expenditures in the governmental funds.

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

**SANITARY AND IMPROVEMENT DISTRICT NO. 210
OF SARPY COUNTY, NEBRASKA**

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

SUBSEQUENT EVENTS – The District has evaluated subsequent events through December 16, 2011, the date which the financial statements were available to be issued.

NOTE B – INVESTMENTS

The District is allowed to invest funds as permitted by Nebraska Statutes and allowable investments generally include U.S. government obligations, certificates of deposit and time deposits. During the year ended June 30, 2011, the District invested only in U.S. Treasury Bills. The District does not have a formal investment policy in place.

All investment activities are conducted through the County Treasurer and investments are held in the County's name.

At June 30, 2011, the District's investments in U.S. Treasury Bills had maturities of less than one year and the original purchase costs and amortized costs are as follows:

	Debt Service Fund
Original Purchase Costs	\$ 324,934
Amortized Costs	\$ 324,953

Investment risks that the District may be subject to consist of:

Interest Rate Risk - Since the District's investments are short-term, this risk is minimized at June 30, 2011.

Custodial Credit Risk - Since investments are held in the County's name, the District is exposed to this risk at June 30, 2011.

NOTE C – SPECIAL ASSESSMENTS

SPECIAL ASSESSMENT LEVY OF NOVEMBER 15, 2000 – Special assessments in the amount of \$643,394 were levied against certain properties within the District in connection with the construction of improvements. Special assessments are due in ten annual installments through November, 2010 and bear interest at 8% per annum until delinquent and 10% per annum thereafter until paid. The balance due on this levy at June 30, 2011 amounted to \$111,389. All amounts due were delinquent.

SPECIAL ASSESSMENT LEVY OF MARCH 26, 2003 – Special assessments in the amount of \$640,933 were levied against certain properties within the District in connection with the construction of improvements. Special assessments are due in ten annual installments through March, 2013 and bear interest at 7% per annum until delinquent and 9% per annum thereafter until paid. The balance due on this levy at June 30, 2011 amounted to \$113,208.

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE E – NONCURRENT LIABILITIES – Continued

BONDS PAYABLE

BOND ISSUE OF JUNE 1, 2005 – The \$1,355,000 “General Obligation Bonds, Series 2005” bond issue is scheduled to mature in annual increments of \$55,000 - \$110,000 through June 1, 2025. At June 30, 2011, the outstanding balance was \$1,080,000. Bonds bear interest payable semi-annually each December 1 and June 1, until maturity at a rate of 4.05% graduating to 5.05% depending on maturity date.

Bonds maturing on or after June 1, 2011 are subject to redemption in whole or in part anytime after June 1, 2010 at par plus accrued interest to the date set for redemption, with no redemption premium.

BOND ISSUE OF JANUARY 15, 2008 – The \$1,375,000 “General Obligation Bonds, Series 2008” bond issue is scheduled to mature in annual increments of \$35,000 - \$215,000 through January 15, 2028. At June 30, 2011, the outstanding balance was \$1,280,000. Bonds bear interest payable semi-annually each July 15 and January 15, until maturity at a rate of 3.75% graduating to 5.20% depending on maturity date.

Bonds maturing on or after January 15, 2014 are subject to redemption in whole or in part anytime after January 15, 2013 at par plus accrued interest to the date set for redemption, with no redemption premium.

BOND ISSUE OF SEPTEMBER 1, 2010 – The \$1,225,000 “General Obligation Bonds, Series 2010” bond issue is scheduled to mature in annual increments of \$10,000 - \$300,000 through September 1, 2030. At June 30, 2011, the outstanding balance was \$1,225,000. Bonds bear interest payable semiannually each September 1 and March 1 at a rate of 1.50% graduating to 5.05% depending on maturity date.

Bonds maturing on or after September 1, 2016 are subject to redemption in whole or in part anytime after September 1, 2015 at par plus accrued interest to the date set for redemption, with no redemption premium.

The purpose of the bond issue was to provide funds to redeem a portion of the outstanding debt service fund warrants of the District and to pay for the costs and expenses of issuance and sale.

June 30, 2027-2031	<u>1,260,000</u>	<u>165,954</u>	<u>1,425,954</u>
	\$ <u>3,585,000</u>	\$ <u>2,085,555</u>	\$ <u>5,670,555</u>

NOTE G – PROPERTY TAXES

Property taxes are levied in September and attach as an enforceable lien on the assessed property as of December 31. The first half payment becomes delinquent April 1 of the following year and the second half payment becomes delinquent August 1 of the following year. The Sarpy County Treasurer bills and collects all property taxes for the District.

The District has levied taxes for the year ended June 30, 2011 as follows:

GENERAL FUND	DEBT SERVICE FUND	ASSESSED VALUATION	TAXES LEVIED
<u>(Cents per \$100 Valuation)</u>			
30.00	60.00	\$ 32,444,892	\$ 292,004

OF SARPY COUNTY, NEBRASKA**

NOTES TO BASIC FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE H – FUND BALANCES - GOVERNMENTAL FUNDS

Fund balances of the governmental funds are classified as follows:

Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed - amounts that can be used only for specific purposes determined by a formal action of the Board of Trustees. The Board of Trustees is the highest level of decision making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of Trustees.

Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Only the Board of Trustees may assign amounts for specific purposes.

Unassigned - all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

NOTES TO SCHEDULES OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES – BUDGET AND ACTUAL**

FOR THE YEAR ENDED JUNE 30, 2011

BUDGETS AND BUDGETARY ACCOUNTING

The District is required to adopt an annual operating budget for all the funds over which the District controls. Budgets are adopted by the District for the general and debt service funds. The budget is adopted using a cash basis of accounting which differs significantly from generally accepted accounting principles (GAAP). Under the cash basis of accounting, revenues and expenditures are recorded when cash is received or paid. Payment is deemed to have been made when warrants are issued. Accordingly, adjustments are necessary to convert the revenues and expenditures as reported on the governmental fund statements to the budgetary basis for comparison with budgetary data in the accompanying schedules of revenues, expenditures and changes in fund balances - budget and actual. Fund balance on the budgetary basis consists of cash on deposit with the County Treasurer and the original purchase cost of investments. Encumbrance accounting is not used by the District.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) In September of each year the District submits a proposed operating budget for all funds to the real estate owners of the District.
- 2) Notice of place and time of public hearings must be published prior to the public hearings.
- 3) Public hearings are conducted to obtain taxpayer comment.
- 4) After publication and hearing, the budget is legally adopted by majority vote of the Board. The District is required to file a copy of the adopted budget with the County Clerk and the Nebraska Auditor of Public Accounts in accordance with the Nebraska Budget Act.
- 5) The budget is adopted on a per-fund basis and budgetary control is exercised at the fund level.
- 6) Appropriations lapse at year-end, however, the Board of Trustees may authorize supplemental appropriations during the year. No such appropriations were made during the fiscal year ended June 30, 2011.

In fiscal 2011, the District incurred debt service fund expenditures of approximately \$34,000 in excess of those budgeted for this fund. Total expenditures for the general and debt service funds exceeded those budgeted by approximately \$4,000. The budget was not amended to include these additional expenditures.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Sanitary and Improvement District No. 210
of Sarpy County, Nebraska

We have audited the financial statements of the governmental activities and each major fund of Sanitary and Improvement District No. 210 of Sarpy County, Nebraska, as of and for the year ended June 30, 2011, which collectively comprise Sanitary and Improvement District No. 210 of Sarpy County's basic financial statements and have issued our report thereon dated December 16, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Sanitary and Improvement District No. 210 of Sarpy County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sanitary and Improvement District No. 210 of Sarpy County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Sanitary and Improvement District No. 210 of Sarpy County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider to be a significant deficiency in internal control over financial reporting. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS - *Continued***

Preparation of Financial Statements

The District does not have an internal control system designed to provide for the preparation of the financial statements being audited. As auditors, we were requested to draft the financial statements and accompanying notes to the financial statements.

Sanitary and Improvement District No. 210 of Sarpy County's response to this finding is that the aforementioned circumstance is not unusual in a governmental entity of their size and that the costs of correcting this deficiency would exceed the benefits to be derived therefrom. The District's management has also informed us that they are willing to accept the degree of risk associated with this condition.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sanitary and Improvement District No. 210 of Sarpy County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described below.

Budget Violation

The District exceeded budgeted general fund and debt service fund expenditures by approximately \$4,000 without amending the budget.

Sanitary and Improvement District No. 210 of Douglas County's response to this finding is that management of the District believes that this instance of noncompliance resulted from unanticipated events that occurred subsequent to the adoption of the budget and that future expenditures will be more closely monitored to prevent the reoccurrence of this budget violation.

Sanitary and Improvement District No. 210 of Douglas County's responses to the findings identified in our audit are described above. We did not audit Sanitary and Improvement District No. 210 of Douglas County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of the Board of Trustees and the State of Nebraska Auditor of Public Accounts and is not intended to be and should not be used by anyone other than these specified parties.
