Said Resolution is as follows:

RESOLUTION OF NECESSITY

BE IT RESOLVED the Chairman and Board of Trustees of Sanitary and Improvement District No. 288 of Sarpy County, Nebraska find and determine that it is necessary and advisable for the District to contract with the Omaha Public Power District for the installation and operation of an electrical distribution system in the District as follows:

UNDERGROUND SERVICE AGREEMENT (ACREAGE)

Agreement made this ___ day of _____, 200__, between the OMAHA PUBLIC POWER DISTRICT, hereinafter referred to as "OPPD" and SANITARY IMPROVEMENT DISTRICT NO. 288 of Sarpy, hereinafter referred to as ("SID").

RECITALS

1. OPPD is a public power district organized and existing under the laws of the State of Nebraska and is engaged in supplying electric service to portions of the State of Nebraska.

2. The SID is the owner of certain land in Sarpy County, Nebraska and more particularly described in Exhibit "A" attached hereto and hereby incorporated into this Agreement, which property is hereinafter referred to as "the Development".

3. The SID proposes that OPPD install and maintain 200 amp, 3-phase, 13.8kv mainline underground electric cable (hereinafter "Facilities") in dedicated right of way or easements within the Development.

THEREFORE, in consideration of the mutual promises and covenants contained herein, the parties agree as follows:

I.

INSTALLATION OF FACILITIES & COMPENSATION

Subject to the terms and conditions of this Agreement, OPPD shall install and maintain the Facilities. The SID shall pay to OPPD, in advance of any work hereunder, the sum of (10.107 acres x $3,150) $31,837.05 for the Facilities. OPPD's work hereunder shall be commenced within a reasonable time of notice from SID that SID has completed the requirements of paragraphs I, III, V, VI, and VIII of this Agreement. If SID or an individual lot owner within SID constructs a qualifying all-electric

home, then, on a case-by-case basis, OPPD will reimburse the per lot installation fee once it verifies installation of qualifying all-electric appliances. For purposes of this paragraph, "all-electric home" shall mean a home that is constructed with an electric-powered furnace, water heater, stove/oven and clothes dryer.

II.

INDIVIDUAL ELECTRIC SERVICE

Following installation of the Facilities, upon request, OPPD shall install equipment to supply electric service from the Facilities to individual customers in the Development using padmounted switches and transformers as required. The cost of installing the electric service referred to in this paragraph shall be governed by OPPD's then-current Line Extension Manual, a copy of which will be provided to SID or individual customers on request.

III.

EASEMENT RIGHTS AND RESTRICTIONS

The SID shall provide by dedication all land and easements for OPPD's Facilities located within the Development. The use of any such easements shall be permanently restricted as follows:

(a) No permanent buildings, structures, rock walls or retaining walls shall be constructed within any easement area, and no trees shall be planted within any easement area.

(b) At the option of the SID, their heirs, successors or assigns, an easement area may be used for gardens, shrubs and other landscaping and driveways that do not interfere with or damage the Facilities or interfere with OPPD's use of and access to any such easement. The restrictions and uses outlined in this paragraph shall be incorporated, in writing, into any easement that is executed in connection with this Agreement, and all such easements (whether by dedication on a plat or by individual document) shall be duly filed and recorded with the Register of Deeds, Sarpy County, Nebraska.

IV.

CONSTRUCTION WORK

All work done under the terms of this Agreement shall be performed in accordance with and subject to relevant codes and standards and written plans and specifications that will be issued by OPPD. The SID agrees that:

(a) OPPD shall not be required to construct its Facilities in sections that are smaller than may be economically installed; and

(b) OPPD shall not be required to extend its Facilities beyond a point or points reasonably required to supply electric service to buildings already constructed or in the process of being constructed in the Development.

(c) Upon written request, OPPD will provide SID with any readily available drawing that depicts the installed Facilities.

V.
PREPARATION OF AREA

The SID shall remove, at its sole expense, any trees, vegetation and other surface or subsurface obstructions that interfere with or impede the construction of OPPD's Facilities, or which may, in the opinion of OPPD, constitute a hazard to the maintenance of said Facilities. OPPD will coordinate construction of the Facilities so as to avoid disruption of existing underground utilities.

VI.
GRADING BY SID

The SID shall complete the final grading of all areas wherein OPPD's Facilities are to be located prior to the installation of such Facilities, and shall identify all individual lots in the Development with readily visible stakes or pins. The SID shall reimburse OPPD for any and all costs that OPPD

may incur in relocating OPPD's installed Facilities as a result of any change in plat or grade by the SIDs. OPPD will use reasonable efforts to coordinate its construction work with the work of SID's contractors at the Development.

VII.

ACCESS FOR DISTRICT EQUIPMENT

The SID shall maintain unimpeded working access for OPPD's equipment in connection with the construction and maintenance of the Facilities referred to in this Agreement.

VIII.

INSTALLATION OF CONDUITS

SID agrees to provide and install two (2) non-metallic conduits, where needed, at proper depth to permit installation of cable under paving and curbs provided such installation is made before paving is completed. In the event that paving is completed before installation of crossings, it is agreed that the SID will install such non-metallic conduit where needed. OPPD will then determine the number of conduits at each location. OPPD will provide the SID material specifications, installation specifications and an exhibit indicating locations of crossings.

IX.

RESPONSIBILITY FOR DELAY

OPPD shall not be responsible for any cost overruns or other damages that result from the delay in completion of work provided for in this Agreement, where such delay is caused by casualty, labor dispute, material shortage, inclement weather or other causes that are beyond the reasonable control of OPPD.

X.

ENTIRE AGREEMENT

This instrument constitutes the entire Agreement between the parties hereto with respect to the Development, and sets forth the rights, duties, and obligations of each to the other as of its effective date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this contract are of no force or effect.

XI.

BINDING AGREEMENT

This Agreement shall binding upon the parties hereto, their heirs, successors and assigns.

IN WITNESS WHEREOF the parties have executed this Agreement at _____ Nebraska the day and year first above written.

That the plans and specifications for such construction have been prepared by E&A Consulting Group, Inc., consulting engineers employed by the District for such purpose, and on December 11, 2008, were filed with the Board of Trustees of the District. Said engineers have also made and on December 11, 2008, did file an estimate of the total costs of the proposed improvements, which costs as estimated by said engineers are as follows:

Estimated total project cost	$41,337.05

To pay the costs of said improvements, the Board of Trustees, after such improvements have been completed and accepted shall have the power to issue negotiable bonds to be called "Sanitary and Improvement Bonds", payable and bearing interest as provided by the statutes of the State of Nebraska.

The facilities proposed by this Resolution are designed to serve members of the general public on an equal basis; ownership and operation of said facilities shall be with the District or another political subdivision; the development of the land in the district for sale and occupation by the general public shall proceed with reasonable speed.

The Board shall have the power to assess, to the extent of special benefit, the cost of such portions of such improvements as are local improvements upon property found specially benefitted thereby. All special assessments which may be levied on property specially benefitted by such improvements shall, when collected, be set aside and constitute a sinking fund for the payment of the interest and principal of said bonds. The District shall cause to be levied annually a tax upon the assessed value of all taxable property in said District, except intangible property, which together with such sinking fund derived from special assessments, shall be sufficient for the payment of interest and principal of said bonds as the same become due.

If a petition opposing this Resolution, signed by property owners representing a majority of the front footage which may become subject to assessment for the cost of the improvements as set forth herein, is filed with the Clerk of the District within three (3) days before the date of the hearing on this Resolution, this Resolution shall not be passed.
