After reviewing the single axle chassis bids for the Highway Department, I would recommend that we purchase the low bid from Omaha Truck Center Inc. for the 2010 Freightliner M2 106V single axle chassis with the trade-in option for the total price of \$57,979.00.

Of the four submitted bids, all were acceptable each with a few minor exceptions. The Omaha Truck Center 2010 chassis bid has added value with a two year warranty, the other vendors all offered a one year warranty.
