## MEMO

To: Sarpy County Board  
From: Lisa A. Haire  
RE: 2010 Emergency Management Performance Grant (EMPG)

On May 11, 2010 the County Board will be asked to give Lynn Marshall permission to submit the application for the 2010/2011 Emergency Management Performance Grant (EMPG).

EMPG grant funds are Federal funds that support the Emergency Management programs at the state and local levels. The Grant is awarded to those counties and regions that comply with program requirements set forth by Nebraska Emergency Management Agency and adhere to the Nebraska Emergency Management Act.

The Nebraska Emergency Management Agency allocates the EMPG funds to the county and/or regional Emergency Management Agencies for local emergency management programs based on current Emergency Management Program budget requests. The Grant requirements allow for a 50% reimbursement for eligible costs to support local budgeted funds to carry out emergency program functions such as planning, exercise, training, response & recovery efforts deemed necessary to help mitigate disasters and support of the Emergency Management Program in Sarpy County.

This grant requests \$159,021.00 in funds for three (3) full-time, permanent staff. The grant will also request \$11,915.00 for operating costs and \$17,730 for equipment. Nebraska Emergency Management Agency will reimburse Sarpy County for allowable costs up to 50% of the total budgeted amount. The 2010 Emergency Management Performance Grant Application must be submitted on or before June 4<sup>th</sup> 2010.

Please do not hesitate to contact me or Lynn Marshall (593-5785) if you have questions.

9. Goals and Objectives: Give an overview description of the goals and objectives of your county/regional program for the FY 2010 EMPG Program and relate the accomplishments the program hopes to achieve by receiving fiscal support.			
Goal A: Sarpy County Emergency Management will continue to provide for and perform duties necessary to support all aspects of the Emergency Management Program;			

Objective A.I: Focus on the four phases of Emergency Management of Preparedness, Response, Recovery & Mitigation practices along with the "day-to-day" Emergency Management and EOC Operational tasks. Continual interfaces with Bellevue Emergency Management, Offutt Air Force Base Emergency Management, the Gretna, LaVista, Papillion and Springfield Emergency Management Liaisons for each of the cities within Sarpy County; and the Tri-County Regional Emergency Management Group, Sarpy/Cass Department of Health And Wellness, Papio-Missouri River Natural Resource District, Omaha Public Power, Omaha/Council Bluffs Sub-Area Contingency, NEMA, NDOR, NSP, OMMRS, etc.

Objective A.II: Provide public information dissemination; increase public awareness and preparedness (i.e. Severe Weather Awareness) for both public and private partnerships in and around Sarpy County. Actively pursue citizen awareness venues by supporting the NAEM and by bringing program information to the schools through Poster Contests, Severe Weather Awareness Week, encourage home emergency planning, identify and work directly with "Special Needs Populations".

Objective A.III: Pursue available grants such as the Citizen Corps, Emergency Management Program and State Homeland Security Grants which are constant and consistent with the Nebraska Homeland Security Strategy. Continue to provide oversight, management and necessary reporting to meet grant requirements set forth by NEMA accepted by Sarpy County along with those received within the Tri-County Region.

Objective A.IIIII: Maintain planning standards for the Sarpy County LEOP, RERP and Homeland Security Strategy through reviews, updates and revisions.

Goal B: Focus on and strive towards conformance with the National Response Framework (NRF) in support of the National Incident Management System (NIMS);

Objective B. I: Continue to apply guidelines, coordinate structures, processes and protocols as needed.

Objective B. II: Identify gaps in conformance measures and request additional assistance from NEMA to help meet or fill identified gaps.

Goal C: Enhance the capabilities of the Sarpy County EOC through identification and utilization of existing resources;

Objective C.I: Identify key personnel, provide training for EOC Executive Group, test EOC capabilities, plan & participate, where applicable, in local, regional and state exercises ensuring an effective ICS/EOC interface through utilization of "best practices and lessons learned".

Objective C.II: Support the Sarpy County Citizen Corps Program in conjunction with the tri county region; work to identify volunteer groups to build on community strengths to carry out local strategies via a collaborative partnership through planning, training and exercise efforts to enhance Sarpy County's resources and disaster preparedness capacities utilizing volunteer groups such as: Amateur Radio, Citizen Corps programs, Medical Reserve Corps, RACES, etc.

Objective C.III: Continue to maintain and manage the Planning, Exercising & Training (PET) program interfaces with public safety response groups in Sarpy County and collaboratively within the Tri-County PET Region.

The Goals and Objectives are reflective of the current state of the Emergency Program for Sarpy County. Goals have a basic stable value to Emergency Management Program sustainment with ongoing objectives relative to all program functions and operations;

EMPG funding will be used in part for program assessment to identify what immediate program need(s) are of a first priority. EMPG funding, coupled with Homeland Security Grants, will be utilized for local Group Planning Sessions to

map out those Exercise and Training needs identified through planning process for not only planned but perhaps those unplanned events.

HSEEP Standards will be adhered to with "After Action Reviews" being completed to provide vital information for identifying, enhancing and supporting the PET in Sarpy County and the Tri-County PET Region. EMPG funding provides the capability to extend our Planning, Exercising and Training Program outside of the agency to help achieve Emergency Preparedness locally, regionally within the State of Nebraska and across to the State of Iowa...
