Re: S.I.D. No. 92, Sarpy County, Nebraska  
(Rock Creek)  
2010 Street Reconstruction  
OPCE Project No. 10023

Dear Bill:

On behalf of Sanitary and Improvement District No. 92 of Sarpy County, we are submitting one (1) set of plans and specifications for the 2010 Street Reconstruction project.

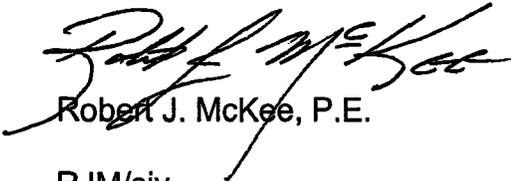

The reconstruction work will involve the removal of broken and deteriorated concrete street sections, the reconstruction of the street subgrade, the reconstruction of the street surfacing with new 9-inch PCC concrete pavement, and reconstruction of broken park sidewalk. Approximately 1690 square yards of street reconstruction, 110 linear feet of curb and gutter reconstruction, and 1255 square feet of sidewalk reconstruction will take place at an estimated construction cost of \$99,386.60.

As this project is scheduled to bid on December 9, 2010, S.I.D. No. 92 would appreciate your review and approval of the project at your earliest convenience.

Please let me know if you have any questions or desire any additional information.

Sincerely,

OLMSTED & PERRY CONSULTING ENGINEERS INC.
