Bulletproof Vest Partnership PROGRAM FACT SHEET

History

The Bulletproof Vest Partnership (BVP), created by the Bulletproof-Vest Partnership Grant Act of 1998 (Public Law 105-181) and reauthorized by the BVP Act of 2000 (Public Law 106-517), is a unique U.S. Department of Justice initiative designed to provide a critical resource to state and local law enforcement.

Since 1999, over 11,500 jurisdictions have participated in the BVP Program, with \$118 million in federal funds committed to support the purchase of an estimated 450,000 vests. The Office of Justice Programs' Bureau of Justice Assistance (BJA) administers the BVP Program.

Eligibility

Eligible jurisdictions include general purpose units of local government such as cities, counties, parishes, and municipalities; federally recognized Indian Tribes; the 50 states; the District of Columbia; American Samoa; Guam; the Northern Mariana Islands; Puerto Rico; and the U.S. Virgin Islands.

Eligible law enforcement officers for BVP Program purposes include police officers; sheriff deputies; correctional officers; parole and probation agents; prosecutors; and judicial officials.

Funding

BVP funds up to 50 percent of the cost of each vest purchased or replaced by law enforcement applicants. Only vest models that comply with the requirements of the Office of Justice Programs' National Institute of Justice (NIJ) may be purchased with BVP Program funds.

The BVP Act of 1998 requires that at least half of all appropriated funds support applications from jurisdictions with populations under 100,000 people. When the BVP Program was reauthorized for an additional three years (FY 2002 – 2004), a new allocation principle required funding the full 50 percent of requested vest needs for applications from jurisdictions under 100,000, with any remaining funds available for applications from jurisdictions over 100,000 people.

Vest Selection

In November 2003, Attorney General John Ashcroft announced a Body Armor Safety Initiative in response to the failure of a bullet-resistant vest worn by a police officer in Pennsylvania. NIJ was directed to initiate an examination of Zylon[®]-based bullet-resistant vests (both new and used) and to review the existing program by which bullet-resistant vests are tested to determine if the program needs modification.

Having completed its latest phase of ballistic and mechanical properties testing, NIJ has determined that used Zylon[®]-containing vests may not provide the intended level of ballistic resistance. In response to this determination, NIJ has issued a body armor standard advisory notice concerning Zylon[®], and has issued new interim requirements for its body armor compliance testing program that will become effective on September 26, 2005. Until the effective date of the interim requirements, jurisdictions that participate in the

BVP program will be ineligible to receive payment for new orders placed for any body armor vest that contains Zylon[®].

A list of vest models that comply with the NIJ interim requirements will be maintained at:
<http://www.justnet.org>.

Additional Funds for FY 2005

Pursuant to the FY 2005 Department of Justice Appropriations Act, \$23.6 million was made available for the purchase of vests through the annual BVP Program application process. Further to the Body Armor Safety Initiative, to better meet the vest replacement needs of America's law enforcement agencies this year, Attorney General Alberto Gonzales will make an additional \$10 million available immediately. This additional funding will be available through a special BVP solicitation that will open on August 24, 2005 and close on September 22, 2005.

How to Apply

The entire BVP application and payment process occurs online at <https://vests.ojp.gov>.

NEW! UPDATED Mandatory Wear FAQs

Following two years of declining law enforcement officer line-of-duty deaths, the country realized a dramatic 37 percent increase in officer deaths in 2010. Fifty-nine of the 160 officers killed in 2010 were shot during violent encounters; a 20 percent increase over 2009 numbers. The U.S. Department of Justice is committed to improving officer safety and has undertaken research to review and analyze violent encounters and law enforcement officer deaths and injuries. Due to the increase in the number of law enforcement officer deaths, coupled with our renewed

Body Armor Safety Initiative - An Initiative of U.S. Department of Justice. In response to concerns from the law enforcement community, the Department of Justice (DOJ) announced an initiative to

address the reliability of body armor used by law enforcement personnel and to examine the future of bullet-resistant technology and testing. As part of this initiative, the National Institute of Justice (NIJ) has examined Zylon®-based bullet-resistant vests (both new and used) and is reviewing the process by which bullet-resistant vests are certified.

efforts to improve officer safety, beginning with FY 2011, in order to receive BVP funds, jurisdictions must certify, during the application process, that all law enforcement agencies benefitting from the BVP Program have a written "mandatory wear" policy in effect. This policy must be in place for at least all uniformed officers before any FY 2011 funding can be used by the agency. There are no requirements regarding the nature of the policy other than it being a mandatory wear policy for all uniformed officers while on duty. BJA strongly encourages agencies to consult the International Association of Chiefs of Police's Model Policy on Body Armor and to strongly consider all recommendations within that policy. This policy change was announced in October 2010 by Attorney General Holder after consulting with and receiving input from the law enforcement community.

The IACP has very generously provided both its Body Armor Model Policy and position paper to the BVP program. In order to obtain a copy of the Model Policy and position paper, jurisdictions must be registered with the BVP program. To obtain a copy of the Model Policy, contact the BVP Customer Support Center at 1-877-758-3787 or email vests@usdoj.gov.

BVP 50% Match Waiver: Jurisdictions with 2009 and 2010 BVP award funds may request a financial hardship waiver during the payment request process and receive up to 100% of the cost of each vest submitted for reimbursement. Previously, a jurisdiction was only able to request up to 50% the cost of a vest with their available BVP funds. Jurisdictions requesting a waiver of the 50% match requirement may not use BVP funds toward the purchase of any vest with a total unit cost greater than \$1,200; excluding taxes, shipping and handling fees (if any) to maximize funding for all eligible jurisdictions. All standard BVP vest requirements apply to the eligible vest types.

Additionally, jurisdictions requesting a waiver have to meet criteria of financial or natural disaster hardship. The jurisdictions have to cite the source of their financial hardship during the waiver request process. Jurisdictions will be expected to keep documentation substantiating the financial hardship for four years and realize the waiver requests are open to Bureau of Justice Assistance and Office of the Inspector General audits.

Finally, all applicant jurisdictions, requesting a waiver of the 50% match, are required to certify that the jurisdiction's Chief Executive Officer formally accepts the request for the waiver and confirms the waiver justification provided. The certification must list the highest elected official from the requesting jurisdiction in order to be approved.

Notice - Check Prior Year BVP Funds: Prior to completing an application for FY 2011 BVP funds, it is strongly recommended that prior year participants log into the BVP system and check for prior year BVP fund balances and the "de-obligation date"/use expiration date for each year's funds. In some instances the use of prior year funds had been extended. All "Requests for Payments" must be submitted to the BVP system on or before the "de-obligation date" or the funds will be considered expired and will no longer be available.

RE: Bulletproof Vest Partnership (BVP) Grant

On June 28, 2011, the County Board will be asked to approve the attached resolution authorizing the Sarpy County Sheriff's Office to apply for a Bulletproof Vest Partnership (BVP) Grant. The Sheriff's Office has received this grant several times in the past. The cost is split 50/50 between Sarpy County and the Federal Government.

Each year, the Sheriff's Office budgets funds to purchase bulletproof vests for new employees and to replace worn out vests for existing employees. The federal funds from this grant help to offset the costs for these vests. The grant will request funding for 65 total vests, 58 male vests at \$650 per vest and 7 female vests at \$750 per vest for a total cost of \$42,950. If awarded, the total Sarpy cost will be \$21,475 and the Federal request will be \$21,475.

Please do not hesitate to contact myself or Lt. Chris Culler with any questions.
