NEBRASKA STORM WATER MANAGEMENT PLAN PROGRAM GRANT APPLICATION

From the Sarpy County (Sponsor)
Regarding Implementation of the
Storm Water Management Plan for Permit NER210007

Submittal of this application constitutes a request for grant funding from the Storm Water Management Plan Program. Requirements of this grant are as follows:

- The Sponsor must provide at least a 20%-cash match for any funds received
- This cash match and the grant award must be kept together in an account separate from any other funds
- These funds must be used only for implementation of the NPDES Municipal Separate Storm Sewer permit #NER210007
- These funds may not be used for normal operations and maintenance or flood control
- The project duration must not go beyond June 30, 2013
- The Sponsor must provide an annual report at the end of each state fiscal year

To request these forms electronically, call or e-mail Mary Schroer at 402-471-6988 or mary.schroer@nebraska.gov

RE: 2011 Storm Water Management Plan Grant Program – Application and Changes

Dear Lisa:

The Nebraska Legislature passed LB1226 in 2006, which established the Storm Water Management Plan Program. This grant program has provided five years of funding to cities and counties with Storm Water permits to implement their local Storm Water Management Plans (SWMPs). A sixth year of grant funding is now available for distribution to these same cities and counties. **There have been a few changes to the program this year. The funds available to cities and counties has been reduced by \$500,000 from last year's amount with the total available this year at \$1,824,996. The award amounts this year will reflect the population changes in the 2010 Census. Finally, the Department is no longer requiring the use of a workplan that is separate from the Storm Water Management Plan. Instead, cities and counties will work directly from their approved NPDES MS4 Stormwater Management Plan when making decisions on how to spend the grant and matching funds.**

Sarpy County, permit #NER210007, is entitled to at least **\$113,169** and no more than **\$1,459,997** of these funds. Applicants located within urbanized areas will receive their share of funding from 80% of the total amount available and, those in non-urbanized areas will receive their share from 20% of the total. Funding within each category will be distributed amongst the applicants based on their population. If every eligible applicant in your category requests funding, you will receive the minimum amount – if fewer apply, you will receive a larger share.

If interested in obtaining funding, a signed copy of the enclosed application must be mailed (or emailed) to me by Friday, September 16th. Please let me know if you'd like an electronic copy of the application.

Enclosed are a 2011 Storm Water Management Plan Program timeline and the one page grant application. **Please be aware that 2011 grant funds will be disbursed only after the 2009 Storm Water Management Program Plan Grant (fourth LB1226 grant) has been closed-out and all stormwater grant reporting requirements have been met.**

If you have any additional questions, please contact me by e-mail at mary.schroer@nebraska.gov or by phone at 402-471-6988.

Sincerely,
