

BOARD OF COUNTY COMMISSIONERS
SARPY COUNTY, NEBRASKA

RESOLUTION FINAL PLAT –SCHOMAKER’S ADDITION

WHEREAS, pursuant to Neb. Rev. Stat. § 23-104 (Reissue 2007), the County has the power to do all acts in relation to the concerns of the County necessary to the exercise of its corporate powers; and,

WHEREAS, pursuant to Neb. Rev. Stat. § 23-103 (Reissue 2007), the powers of the County as a body are exercised by the County Board of Commissioners (County Board); and,

WHEREAS, the County Board has the authority to adopt Subdivision Regulations, which shall have the force and effect of law pursuant to Neb. Rev. Stat. § 23-374 (Reissue 2007); and,

WHEREAS, said Subdivision Regulations require the County Board to approve applications for a final plat; and

WHEREAS, the applicant, Michael D & Andrea L. Schomaker have applied for approval of a final plat of a subdivision to be known as Schomaker’s Addition on the following described property, to wit:

NE ¼ of Section 5, T12N, R11E of the 6th P.M., Sarpy County, Nebraska.

WHEREAS, Scott Bovick, Deputy County Administrator has reviewed the application for a final plat of a subdivision to be known as Schomaker’s Addition for compliance with the Subdivision Regulation; and

WHEREAS, the Deputy County Administrator has made a recommendation of approval as noted in Exhibit A, attached hereto and incorporated by reference, which Exhibit A includes the County Board Report, the aerial map of the subject property and a copy of the final plat of the subdivision to be known as Schomaker’s Addition; and

NOW, THEREFORE, BE IT RESOLVED BY THE SARPY COUNTY BOARD OF COMMISSIONERS THAT this County Board makes the following findings of fact:

- I. A public hearing regarding the approval of the final plat was held on May 18, 2011 before the Sarpy County Planning Commission. The Planning Commission provided their recommendation to the County Board.
- II. A public hearing regarding the approval of the final plat was held by this County Board.

- III. Notice of each of the public hearings described above was published at least once in the ten (10) day period immediately prior to each respective public hearing.
- IV. Scott Bovick, Deputy County Administrator has recommended approval of the final plat.
- V. The proposed final plat of a subdivision to be known as Schomaker's Addition is in conformity with the Zoning Regulations, the Subdivision Regulations and the Sarpy County Comprehensive Plan;

BE IT FURTHER RESOLVED THAT the final plat of a subdivision to be known as Schomaker's Addition, as described in the attached Exhibit A is hereby approved.

Dated this 9th day of August 2011.

Moved by Jim Warren seconded by Rusty Hike, that the above Resolution be adopted. Carried.

Sarpy County Board of Commissioners Report
 Staff Report Prepared: July 26, 2011
 County Board Meeting Date: August 9, 2011

Subject	Type	By
Change of Zone (CZ) from Agricultural (AG) to Residential Estates II (REII), and Preliminary and Final Plat of a subdivision to create two lots in the NE ¼ of Section 5, T12N, R11E of the 6 th P.M. in Sarpy County, NE (1/4 mile west of 180 th Street on Buffalo Road)	Resolution	Scott Bovick, Deputy County Administrator

○ Request

- This is a request from the Schomaker family to subdivide two lots, creating a 2.88 acre lot (contains existing residence and accessory buildings) and a 20.04 acre lot.
- A Change of Zone from AG to REII, a preliminary plat, and a final plat are required.

○ Comprehensive Development Plan

- The County Future Land Use Plan designates this area as Long Term Residential Growth.

○ Change of Zone

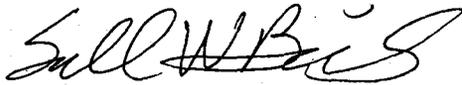

- The area is designated as the Buffalo South development district which projects large-lot, estate and acreage development, and allows individual water and wastewater systems.
- Area is unlikely to have urban services in the foreseeable future, but long-term trends could eventually require completion of municipal wastewater system in the distant future (beyond 50 years). Development designs should encourage future fit to urban services. However, service extensions will probably coincide with a major change in land use patterns, with transition from rural to urban residential densities.
- The Transportation Plan indicates 180th Street as a collector and Buffalo Road as a minor arterial. (Figure 6.3)
- Large lot residential developments exist to the west, east and north but most of the surrounding area is undeveloped agricultural property.
- The Change of Zone to REII is in conformance with the land use designation of Long Term Residential Growth

○ Preliminary Plat and Final Plat

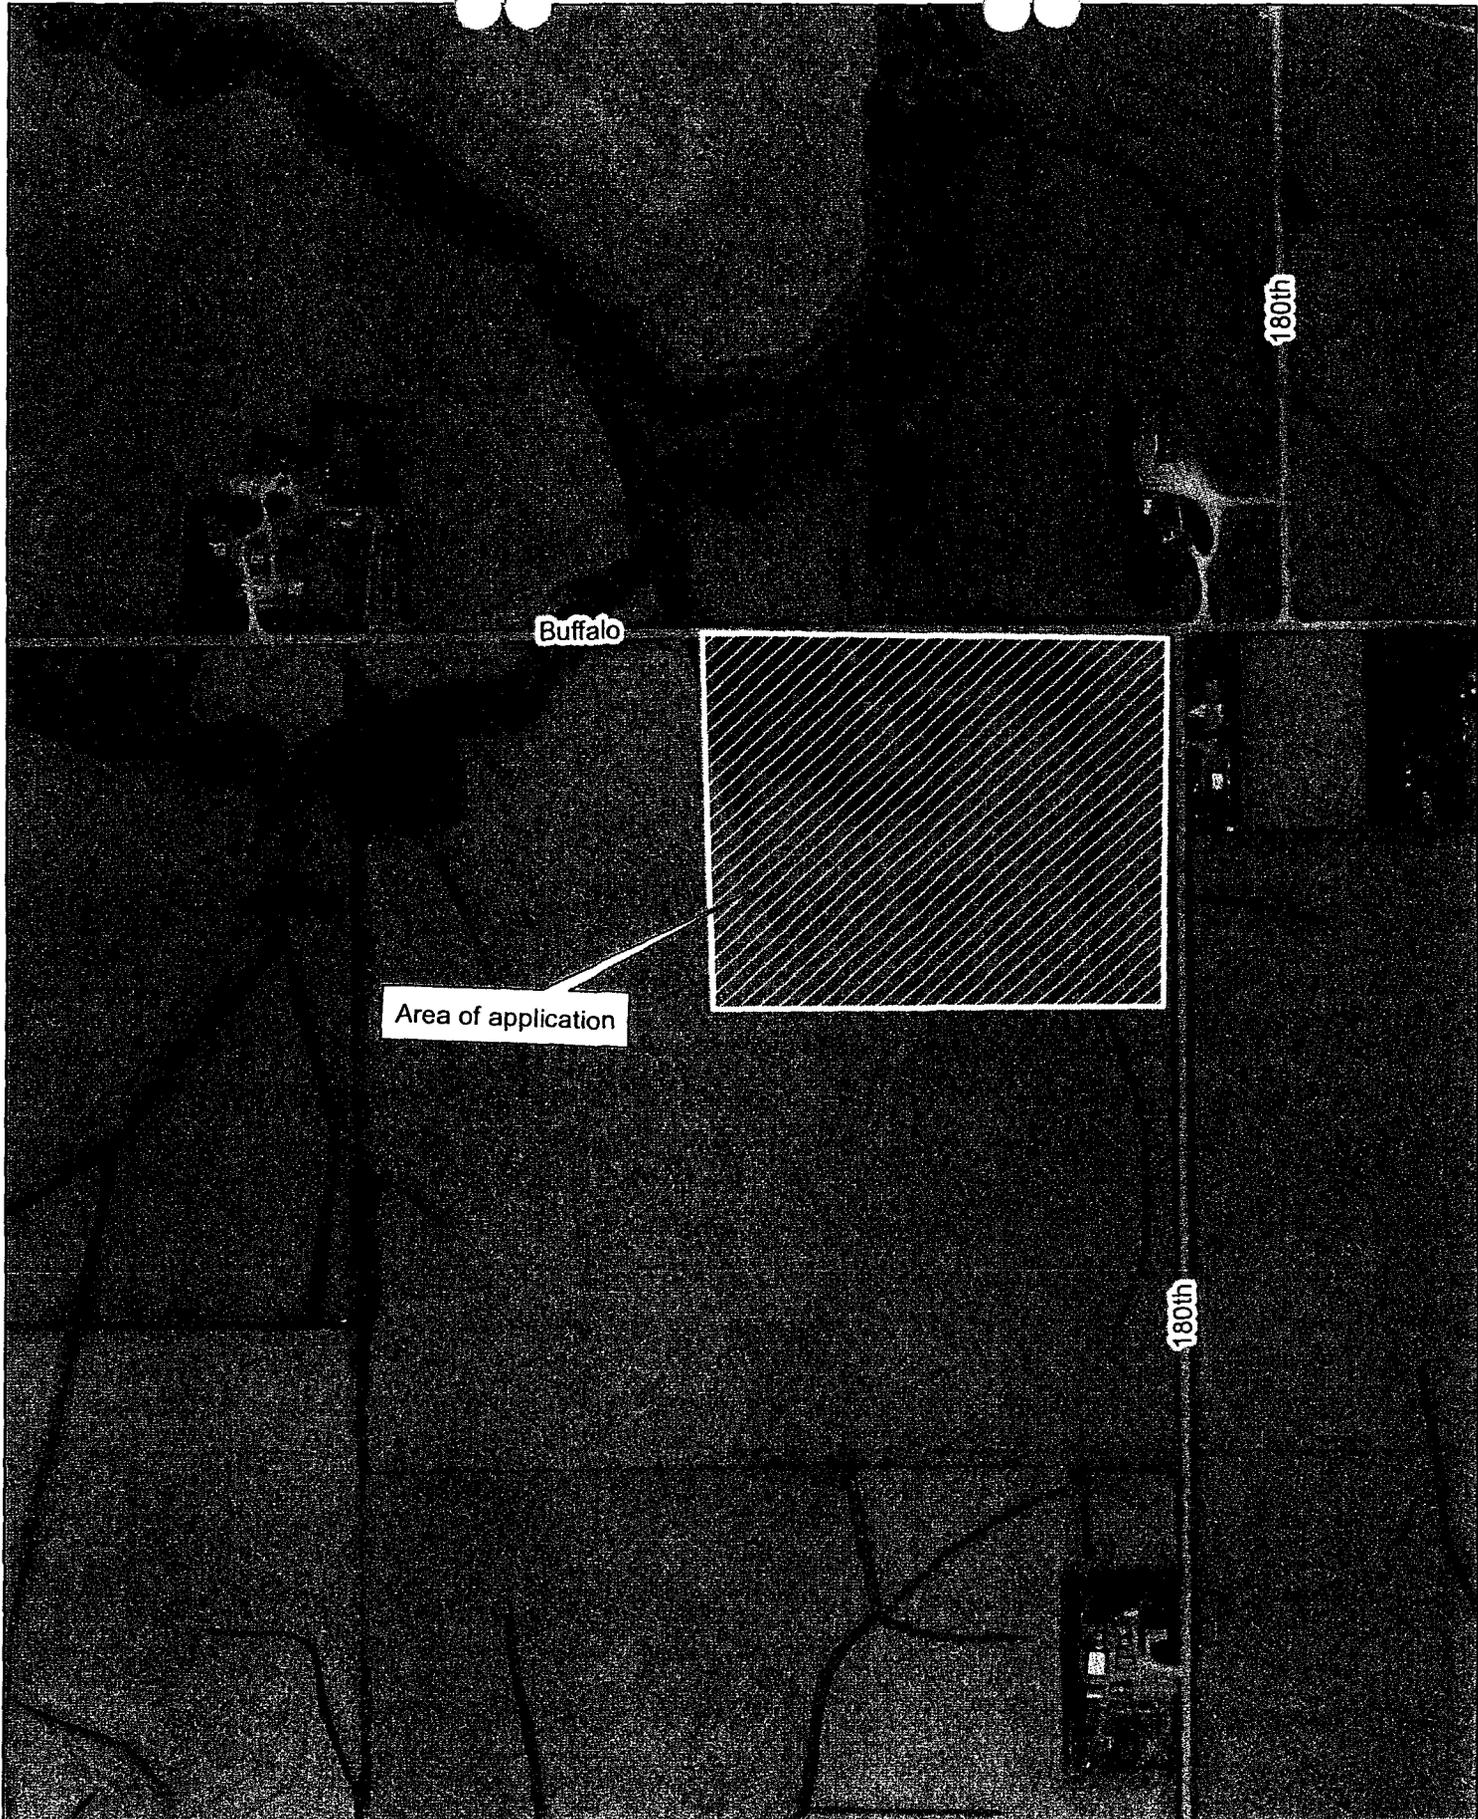

- The applicant has complied with all the requests from the Planning Commission, Planning staff and the County Engineer
- The applicant has provided a 33' right-of-way and 17' right-of-way dedication along Buffalo Road on the plats.
- Access to both lots will be on Buffalo Road and additional access points will have to be approved by the County Engineer.
- The plat indicates the property will be served by a private water well and individual septic system, which are allowed in the Buffalo South Policy Tier (Figure 4.5).
- Any construction on the property must comply with the County's stormwater regulations (i.e. Post Construction Stormwater Plan) at the time of building permit application and the owner has specified this on the plat.

- Planning Commission May 18, 2011
 - **Planning Commission voted 8-0 to recommend approval to the Change of Zone.** Whitfield moved, seconded by Torczon to recommend approval of the Change of Zone from AG to RE 2 as it is in conformance with the Comprehensive Plan. Ballot: Ayes – Fenster, Lichter, Mohr, Stuart, Torczon, Wear, Vanek and Whitfield. Nays – none. Abstain – none. Absent – Bliss, Labart and Thompson. Motion carried.
 - **Planning Commission voted 8-0 to recommend approval of the Preliminary Plat.** Whitfield moved, seconded by Torczon to recommend approval of the Preliminary Plat as it is in conformance with the Comprehensive Plan, Zoning and Subdivision Regulations with the stipulation that revisions to the preliminary and final plats are completed, a Post Construction Storm Water Management Plan is approved and to dedicate an additional 17 feet of right-of-way before scheduling to the County Board. Ballot: Ayes – Fenster, Lichter, Mohr, Stuart, Torczon, Wear, Vanek and Whitfield. Nays – none. Abstain – none. Absent – Bliss, Labart and Thompson. Motion carried.
 - **Planning Commission voted 8-0 to recommend approval of the Final Plat.** Whitfield moved, seconded by Torczon to recommend approval of the Final Plat as it is in conformance with the Comprehensive Plan, Zoning and Subdivision Regulations with the stipulation that revisions to the preliminary and final plats are completed, a Post Construction Storm Water Management Plan is approved and to dedicate an additional 17 feet of right-of-way before scheduling to the County Board. Ballot: Ayes – Fenster, Lichter, Mohr, Stuart, Torczon, Wear, Vanek and Whitfield. Nays – none. Abstain – none. Absent – Bliss, Labart and Thompson. Motion carried.
- Recommendation
 - **Approval to the Change of Zone from AG – Agricultural to REII – Residential Estates II** as the proposed zoning conforms to the Sarpy County Comprehensive Plan
 - **Approval of a Preliminary Plat of Schomaker's Addition** as it conforms to the Sarpy County Comprehensive Plan, Zoning Regulations and Subdivision Regulations.
 - **Approval of a Final Plat of Schomaker's Addition** as it conforms to the Sarpy County Comprehensive Plan, Zoning Regulations and Subdivision Regulations.

Respectfully submitted by:

Scott Bovick
Deputy County Administrator

These plans are specifically designed by Hill-Farell Associates, Inc. for the project and are not to be used for any other project. Any use of these plans for any other project without the written consent of Hill-Farell Associates, Inc. is prohibited.

Post-Construction Storm Water Management Plan (PCSWMP)

1. Rain gardens or similar Low Impact Development (LID) Best Management Practices (BMP) shall be installed adjacent new single family residential building and out building. These LID BMP shall be designed and sized to adequately provide water quality control of the first one-half inch of runoff from the new rooftops and pavement adjacent to the buildings.
2. New driveways/access roads installed to serve new buildings shall be designed to incorporate grassed swales, vegetated bio-swales or similar LID BMP. These LID BMP shall be designed and sized to adequately provide water quality control of the first one-half inch of runoff from the new driveways/access roads and adjacent disturbed areas.

3. Future Overall site development shall be designed with low impact development in mind and provide for detouring the minimum grass required for installation of the new improvement. Existing vegetative buffers shall be left in place whenever possible.

4. Structural post-construction BMP shall be inspected and maintained as required to keep the facility in working condition. Maintenance agreements binding the owner(s) of the properties, and all subsequent owner(s), will be recorded with the Register of Deeds. Such agreements shall provide for maintenance of the BMP and for access to the BMP for inspection by Sappy County to ensure that the facility is maintained in proper working condition to meet design standards.

5. The maintenance agreements shall also provide that after notice by Sappy County for owner(s) to provide maintenance of the BMP, satisfactory correction are not made by the owner(s) within a reasonable amount of time (30 days maximum), Sappy County may perform all necessary maintenance work and the owner(s) shall be assessed 1

FINAL PLAT

I. GENERAL INFORMATION

A. APPLICANTS:

Michael and Andrea Schomaker
860 TOH N HAH Trail
Wichita, KS 67212

Engineer:
Hill Farrell Associates
1502 J.F. Kennedy Drive
Bellevue, NE 68005

B. PROPERTY OWNER: Same as Applicant

C. LOCATION: 180th and Buffalo Road

D. LEGAL DESCRIPTION: NE ¼ of Section 5, T12N, R11E of the 6th Prime Meridian in Sarpy County Nebraska.

E. REQUESTED ACTION:

- Change the Zone from AG, Agricultural to REII, Residential Estates II.
- Preliminary Plat two lots.
- Final Plat two lots.

F. EXISTING ZONING AND LAND USE:

- The property is zoned AG, Agricultural and is used for a farm and residence.
- Buffalo Road is improved as a two-lane rural road with roadside ditches.

G. SIZE OF SITE: Approximately 23 acres, more or less.

II. BACKGROUND INFORMATION Sarpy County Planning Department met with the applicant to discuss their request and Sarpy County regulations.

A. COMPREHENSIVE PLAN SPECIFICATIONS:

- The site is located in Policy Tier 8 which indicates areas are unlikely to have urban services. Individual or community water and wastewater systems are permissible. In environmentally constrained areas, development regulations should provide major density incentive for conservation development. (Figure 4.5, Comprehensive Plan). Proposed end stage development is large lot to acreage development (page 54)
- The area is located in Development District G which indicates the area is Buffalo South. (page 59)
- Table 4.10 Planned Density Ranges indicates the area to have 2 acres/unit requiring community systems. 1 acre lot size permitted in conservation developments. Preferred development types are either large lot developments on community systems that are

convertible to municipal systems, or very low density residential. Estate and acreage lots may be developed with build-through. (page 70)

- The Development Structure Plan indicates this area as Long Term Residential Growth. (Figure 5.1)
- The Federal Functional Classification indicates Buffalo Road as a Major Collector. (Figure 6.1)
- The Transportation Plan indicates Buffalo Road as a Minor Arterial and 180th Street as a Collector. (Figure 6.3)

B. EXISTING CONDITION OF SITE: The site is developed with a single family residence.

C. GENERAL VICINITY AND LAND USE:

North AG, Agricultural Farm
South AG, Agricultural Farm
East AG, Agricultural Farm
West AG, Agricultural Farm

D. RELEVANT CASE HISTORY: The applicant attended a pre-application meeting with Planning Department staff in fall 2010.

E. APPLICABLE REGULATIONS: Zoning Regulations, Comprehensive Plan and Subdivision Regulations.

III. ANALYSIS AND DEVELOPMENT ALTERNATIVES

A. REQUEST:

1. The applicant proposes to change the zoning on a portion of the property and to subdivide an existing 23 acre parcel to create a total of two lots, a 3 acres lot and a 20 acre lot. The attached plat shows the proposed layout of the zoning and subdivision.
2. There is an existing access to Buffalo Road. Both proposed lots have access and frontage to Buffalo Road, which is a public street. Additional access points must be approved by the County Engineer.
3. Additional right of way may need to be dedicated along Buffalo Road. The County Engineer should confirm right of way needs.
4. Revisions to the preliminary plat drawing:
 - a. Remove references to "AGR" zoning since the requested zoning is "REII".
 - b. Show additional right of way dedication as necessary.
5. Revisions to the final plat drawing:
 - a. Remove references to "AGR" zoning since the requested zoning is "REII".
 - b. Show additional right of way dedication as necessary.
 - c. Add approval block for the Planning Director.
 - d. Revise "County Surveyor" to indicate "County Engineer".
 - e. Add a note indicating a post construction stormwater management plan will be provided at the time of building permit.

6. Comments were not yet received by the Natural Resources District.
7. A Post Construction Storm water Management Plan is required. A PCSMP must be approved prior issuance of a building permit. The plat should note this requirement.
8. REII, Residential Estates provides for low density, residential development, minimum lot area of two acres. The REII district is in conformance with the Comprehensive Plan as stated above.
9. Subdivision Regulations
 - a. Lot 1 is shown to meet minimum area requirements of the REII District. Lot 2 is shown to meet minimum area requirements of the AG District.
 - b. Lots are shown with access to a public street.
 - c. An existing septic system will serve the lot, additional systems must be approved by NDEQ and Sarpy County.
 - d. Water is provided by an existing well. Additional systems must be approved by NDEQ.

B. LAND USE/COMPREHENSIVE PLAN: The requested use is in conformance with the Comprehensive Plan.

C. STAFF COMMENTS:

- a. The request to rezone to REII, Residential Estates district for Lot 1 is in conformance with the Comprehensive Plan.
- b. With revisions requested above, the preliminary and final plats address the minimum Subdivision Regulations and is then in conformance with the minimum standards of the Zoning Regulations.

IV. RECOMMENDATION:

Recommend Approval to the request to **Change the Zoning** from AG, Agricultural to REII, Residential Estates due to a finding of conformance with the Comprehensive Plan.

Recommend Approval to the **Preliminary Plat** provided staff comments are resolved due to a finding of conformance with the Comprehensive Plan, Zoning and Subdivision Regulations.

Recommend approval to the **Final Plat** provided staff comments are resolved due to a finding of conformance with the Comprehensive Plan, Zoning and Subdivision Regulations.

PROJECT DESCRIPTION: (Describe the project in detail, including physical features of the site, proposed improvements, proposed uses or business, operating hours, number of employees, anticipated customers, etc. – Attach additional sheets if necessary.) **PLEASE NOTE:** A detailed project description is essential to the reviewing process of this request.

Owner/Applicant is applying for a change of zone and a platting of a three acre parcel to allow the sale of the existing homestead. A twenty acre parcel is also being created to comply with State Statutes and County Regulations. The three acre parcel will include the existing dwelling, barn and several out buildings. The dwelling is currently served by an existing well and septic system in good condition. No additional public improvements or construction is contemplated.

PROJECT SITE INFORMATION: Complete each section in its entirety. If a question is not applicable to your project, please indicate this to show that each question has been carefully considered.

ASSESSOR'S PARCEL NUMBER: 010421513

CURRENT ZONING: AG **REQUESTED ZONING:** AGR PC 2

ADDITIONAL INFORMATION: Please use this space to provide any other information you feel is appropriate for the County to consider during review of your application. Attach extra sheets if necessary.

PLEASE NOTE THE FOLLOWING PROCEDURES:

1. The Planning Commission will hold a public hearing and make a recommendation to the County Board.
2. County Board will hold a public hearing and make a final decision on the Change of Zone Permit
3. All necessary agreements will be recorded with the Sarpy County Register of Deeds, the cost of which will be borne by the Special Use Permit applicant or the property owner.

I, the undersigned, understand a sign will be posted on my property and will remain until the public hearing process at the Planning Commission and County Board is complete. I further understand the Special Use Permit process as stated above and I authorize County Staff to enter the property for inspection related to the specific request during this process.
