

RESOLUTION OF ADOPTION OF THE  
PAPIO-MISSOURI RIVER NATURAL RESOURCES DISTRICT  
MULTIHAZARD MITIGATION PLAN

Whereas, a Multi-Hazard Mitigation Plan identifies the vulnerability of public bodies to natural hazards and the projects that can be implemented to reduce or eliminate vulnerability exposure; and

Whereas, the Federal Emergency Management Agency (FEMA) now requires that a public entity must have a current Multi-Hazard Mitigation Plan in order for the entity to be eligible for Federal funding from FEMA under several of its hazard mitigation grant programs and in order to receive post-disaster public assistance grants from FEMA; and

Whereas, the Papio-Missouri River Natural Resources District coordinated and developed its first All-Hazards Mitigation Plan in 2006; and

Whereas, the Papio-Missouri River Natural Resource District served as the coordinating agency for the development of a multi-jurisdictional Multi-Hazard Mitigation Plan to serve as the update to the 2006 All-Hazards Mitigation Plan for a six-county area including all of Sarpy, Douglas, Washington, and Dakota Counties as well as parts of Burt and Thurston Counties and all associated local governmental entities; and

Whereas, the planning process afforded the local units of government and its citizens the opportunity to comment and provide input in the plan and actions recommended in the plan; and

Whereas, FEMA regulations require documentation that the plan has been formally adopted by the governing body of the Papio-Missouri River Natural Resources District in the form of this resolution and further requesting approval of the plan at the Federal Level;

NOW, THEREFORE, BE IT RESOLVED that Sarpy County hereby approves and adopts the Papio-Missouri River Natural Resources District Multi-Hazard Mitigation Plan in its entirety, in the form as proposed and presented to this meeting and reflected in the permanent files of the District, hereby resolves to execute the plan as proposed and hereby requests approval of the plan by the Federal Emergency Management Agency.

IN WITNESS WHEREOF, this resolution was approved by a vote of the Sarpy County Board of Commissioners at a public meeting duly held in accordance with applicable law, this 27<sup>th</sup> day of September, 2011.

Tom Richard

Sarpy County Board Chairman

MEMO

To: Sarpy County Board

From: Lynn Marshall, Emergency Manager

RE: 2011 PAPIO-MISSOURI MULTHAZARD MITIGATION PLAN

On September 27, 2011, the County Board will be asked to approve by resolution to adopt the 2011 PAPIO-MISSOURI MULTHAZARD MITIGATION PLAN.

The MULTHAZARD MITIGATION PLAN identifies vulnerabilities of public bodies to natural hazards. The Plan also proposes projects that can be implemented to reduce or eliminate vulnerability exposures. The Federal Emergency Management Agency (FEMA) requires that a public entity must have a current MULTHAZARD MITIGATION PLAN in place before they are eligible for Federal funding.

Sarpy County's previous plan is from 2006 and has been reviewed and updated with this current version of the Plan with assistance from the Papio-Missouri NRD in consultation with Olsson Associates. The resolution to proceed with updating of the plan was signed at the May 18, 2010 County Board meeting. Sarpy County must adopt the plan by order of resolution. The Plan can viewed online in its entirety at the following URL... [http://oaprojects.com/papionrd\\_hazard/plan\\_info/index.htm](http://oaprojects.com/papionrd_hazard/plan_info/index.htm)

Please don't hesitate to contact Lynn Marshall (402-593-5785) if you have any questions.
