RE: Planning Review for Zapata Lots 1 and 2 Rezone, Preliminary and Final Plat

Sarpy County Public Works has reviewed the November 14, 2012 submittal by SWN Investments, LLC in regards to the above mentioned Re-Zone, Preliminary and Final Plats. After review, Public Works has the following comment:

Right-of-Way Dedication

A 50.0 wide dedication should be applied along the entire west line of the section line or commonly known as 156th Street, the plat shows a jog in the dedication at the change of tax lots between 4A1A1 and 4A2.

If you have any questions, please feel free to contact me.

RE: Zapata – Preliminary Plat, Final Plat, and Change of Zone Applications

Dear Mr. Fountain:

The District has reviewed the preliminary plat, final plat and change of zone applications for Zapata, northwest of 156th Street and Sapp Bros. Drive in Sarpy County and offers the following comments:

- A post construction stormwater management plan demonstrating on-site control of the first one-half inch of stormwater runoff and no-net increase in peak runoff from a 2-year storm event must be submitted for this project. An application and all supporting documentation must be submitted to the Omaha Permix website at <http://www.omahapermix.com/pcsmp/applicant/login.php>.
- A development agreement was not provided for review; however, as stated in the Papillion Creek Watershed Partnership Interlocal Agreement adopted by the County in 2009, Watershed Management Fees are to be collected for all new development or significant redevelopment.

If you have any questions or concerns, I can be contacted at (402) 444-6222 or at llaster@papionrd.org.

Sincerely,

Lori Ann Laster, CFM
Stormwater Management Engineer
