

BOARD OF COMMISSIONERS
SARPY COUNTY, NEBRASKA

RESOLUTION AWARDING BID FOR MULTI-FUNCTION PRINTERS FOR VARIOUS COUNTY OFFICES

WHEREAS, pursuant to Neb. Rev. Stat. §23-104(6)(Reissue 2007), the County has the power to do all acts in relation to the concerns of the County necessary to the exercise of its corporate powers; and,

WHEREAS, pursuant to Neb. Rev. Stat. §23-103 (Reissue 2007), the powers of the County as a body are exercised by the County Board; and,

WHEREAS, bids for multi-function printers have been solicited, made, opened and reviewed pursuant to applicable Nebraska State Statutes; and,

WHEREAS, based on those proceedings, and after a public hearing, this Board has duly deliberated and considered the bids received; and,

WHEREAS, this Board desires to proceed forthwith in order to expedite and facilitate service to the citizens of Sarpy County.

NOW, THEREFORE, BE IT RESOLVED BY THIS BOARD OF COUNTY COMMISSIONERS THAT:

- (1) The lowest responsive bid for the lease and maintenance of multi-function printers for various County offices of JQ Office Equipment for speeds of 25-35 ppm, 40-50 ppm and Color 30-40 ppm in the amounts listed on the attached bid as submitted by JQ Office Equipment is accepted, ratified and confirmed.
- (2) The lowest responsive bid for the lease and maintenance of multi-function printers for various County offices of Progressive Business Technologies, Inc. For speeds of 55-65 ppm and 70-80 ppm in the amounts listed on the attached bid as submitted by Progressive Business Technologies, Inc. is accepted, ratified and confirmed.
- (3) The lowest responsive bid for the cash purchase and maintenance of multi-function printers for various County offices of Simplified Office Solutions for all speeds and color in the amounts listed on the attached bid as submitted by Simplified Office Solutions is accepted, ratified and confirmed.
- (4) This Board's Chairman, Clerk, and Attorney are hereby authorized and directed to execute such ancillary documents as may be required to evidence the contract and take any and all steps necessary or required in order to carry out the terms of such contract after said documents have been reviewed by the Attorney, Fiscal Administrator, and County Administrator.

The above Resolution was approved by a vote of the Sarpy County Board of Commissioners at a public meeting duly held in accordance with applicable law on the 20th day of November, 2012.

Re: Award Bid - Multi-Function Printers (MFP)

On September 20, 2012, the Purchasing Department opened bids from six vendors for the lease and/or purchase of various speeds and functions of digital multi-function printers (MFP).

Vendors were requested to bid a base price for individual MFP's along with several options priced separately. In order to analyze the bids, the Purchasing Department configured units based on actual County purchases over the last three years. Maintenance Agreement pricing is also included in the analysis with the actual average copies per month used for each MFP. This analysis gave a more accurate overall cost using the options that the County is currently using.

Based on this analysis the Purchasing Department recommends that for LEASED MFP's the bid be awarded to JQ Office Equipment for speeds of 25-35 ppm, 40-50 ppm and the Color 30-40 ppm and to Progressive Business Technologies, Inc. for the speeds of 55-65 ppm and 70-80 ppm.

The Purchasing Department also recommends that for the CASH PURCHASED MFP'S the bid be awarded to Simplified Office Solutions for all speeds and color. These bids confirm what we have known for some time and that is we can achieve considerable savings by doing a cash purchase rather than a lease purchase. In the current fiscal year we did not budget for cash purchases of new MFP's in addition to our lease payments on existing machines. In the next few years, we hope to moderately increase the budget to accommodate cash purchases.

These bid awards will somewhat standardize our MFP's to two brands (Sharp and Kyocera), which aids the Information Systems Department and the training of employees.

There were two vendors, Solution One and Capital Business, in which some of their MFP's did not include the single pass duplexing automatic feeder option. This option has been included on almost all of our recent purchases and it also saves down-time

due to fewer moving parts. Therefore, it was determined that these MFP's would not fit the County's needs. The RFP required that all pricing be firm for the entire initial length of the contract (2 years) and OCE's pricing did not comply with this requirement.

I have placed this recommendation on the November 20, 2012 Board agenda for your consideration. Please feel free to contact me with any questions.

Sarpy County, Nebraska
MFP - Summarized Bid Analysis

For analysis purposes the Purchasing Department configured units based on actual County purchases over the last three years, including associated options. It also includes maintenance agreement costs with associated actual average copies per month used for each MFP. Actual bid award does not guarantee quantities used in this analysis.

Pricing not firm for length

Single pass duplexing

Single pass duplexing

The Purchasing Department has determined that the single pass duplexing automatic feeder saves significant down-time on MFP's due to fewer moving parts and is becoming the industry standard. The majority of the new machines being purchased by Sarpy County currently have this option.

RE: Multi-Function Printers Agreement

Action by the Sarpy County Board of Commissioners, at the meeting of November 20, 2012, is as follows:

Public Hearing and Resolution 2012-368: Award bids for multi-function printers for various county offices.
Brian Hanson, Fiscal Administrator

MOTION: After a public hearing, Nekuda resolved, seconded by Warren, to approve the resolution which accepts the lowest responsive bids for the lease and maintenance of multi-function printers of JQ Office Equipment for speeds of 25-35 ppm, 40-50 ppm and color 30-40 ppm, Progressive Business Technologies, Inc. for speeds of 55-65 ppm and 70-80 ppm and also accept the lowest responsive bid for the cash purchase and maintenance of multi-function printers of Simplified Office Solutions for all speeds and color in the amounts listed on the bids attached to the resolution. Ayes: Hike, Thompson, Richards, Nekuda & Warren. Nays: None.

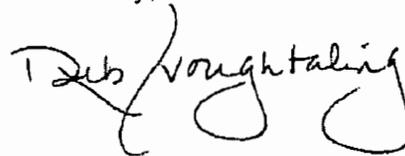

Please find enclosed two (2) originals of the Agreement which has been approved and signed by the Chairman of the Board. Upon completion please provide **one original** for Sarpy County records.

PLEASE NOTE: If required by specifications, please provide any bonds, insurance certificates or other referenced documentation along with the fully executed agreement prior to beginning work under this agreement.

Mail or return to:

Sarpy County Clerk
Attn: Chris Vance
1210 Golden Gate Drive

AGREEMENT

This Agreement is entered into by and between the County of Sarpy, in the State of Nebraska, a body politic and corporate, and hereinafter "County", and JQ Office Equipment, hereinafter "Vendor".

WHEREAS, County is desirous of contracting for Digital Multi-Function Printers for the various County Departments,

WHEREAS, the Vendor has been awarded this Agreement as a result of the bid made by Vendor in response to the Specifications and Request for Proposals prepared by County;

NOW, THEREFORE, for and in consideration of the declarations and mutual promises and covenants contained herein, the County and Vendor agree as follows:

I. DUTIES OF VENDOR:

- A. Services to be rendered by Vendor under this Agreement shall be all those services necessary and proper for the installation and materials for digital multi-function printers in conformity with each and every term, condition, specification, and requirement of the Bid Specifications and the Bid submitted by the Vendor.
- B. All provisions of each document and item referred to in Paragraph A above shall be strictly complied with the same as if rewritten herein, and in the event of conflict among the provisions of said documents, the provisions most favorable to the County shall govern.
- C. Prior to the commencement of any work, Vendor will place on file with the Sarpy County Clerk, the required certificates of insurance, if applicable.
- D. The Vendor agrees to comply with the residency verification requirements of Neb. Rev. Stat. §4-108 through §4-114. The Vendor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of a newly hired employee.

If the Vendor is an individual or sole proprietorship, the following applies:

- 1. The Vendor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at www.das.state.ne.us.

2. If the Vendor indicates on such attestation form that he or she is a qualified alien, the Vendor agrees to provide the U.S. Citizenship and Immigration Services documentation required to verify the Vendor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.
 3. The Vendor understands and agrees that lawful presence in the United States is required and the Vendor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. Sect. 4-108.
- E. Vendor will submit an invoice(s) as specified to County for work completed based on the amounts specified in Vendor's bid. Such invoices shall be submitted to:

Lois Spethman
Sarpy County Purchasing Department
1210 Golden Gate Drive
Papillion, NE 68046

- F. The County and Vendor hereto specifically acknowledge, stipulate and agree that each and every term of the Bid Specifications and the Vendor's bid constitutes an essential term of this Agreement, and that, therefore, any violation of any term, condition, provision, or requirement constitutes a material breach hereunder, for which County shall have every right under the law to terminate this Agreement, and obtain any and all relief necessary.

II. DUTIES OF COUNTY:

In return for full, faithful and diligent rendering of services set forth above, County agrees to pay to Vendor the amount specified in Vendor's bid upon submission of the required invoice and satisfactory completion of all required work.

III. BREACH:

Should Vendor breach, violate, or abrogate any term, condition, clause or provision of this agreement, the County shall notify Vendor in writing that such an action has occurred. If satisfactory provision does not occur within ten (10) days from such written notice, the County may, at its option, terminate this agreement and obtain an alternate provider to provide all required materials. This provision shall not preclude the pursuit of other remedies for breach of contract as allowed by law.

IV. SAVINGS CLAUSE:

This Agreement shall be interpreted, construed and enforced under the laws of the State of Nebraska. It is understood and agreed by the County and Vendor hereto that if any

part, term, condition, or provision of this Agreement is held to be illegal or in conflict with any law of the State of Nebraska or of the United States, the validity of the remaining parts, terms, conditions, or provisions shall not be affected, and the rights and obligations of the County and Vendor shall be construed and enforced as if the Agreement did not contain the particular part, term, condition, or provision held to be invalid.

V. SCOPE OF AGREEMENT

This Agreement, along with the Bid Specifications, and Bid by Vendor contains the entire Agreement between the County and Vendor, and there are no other written or oral promises, contracts or warrants which may affect it. This Agreement cannot be amended except by written agreement of both the County and Vendor. Notice to the County and Vendor shall be given in writing to the agents for each party named below:

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

"Most Secure MFP Range"
2009 Award
6th Consecutive Year

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

Authority Groups and Access Control

Advanced account management enables administrators to set authority groups for access to features of the new Frontier workgroup laser printers. Administrators can control which department, for instance, has full printing access. Walk up users enter a code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group. Users can also login utilizing a USB enabled card reader for magnetic stripe cards or proximity cards.*

Data Erase and Encryption*

To help protect your data, Sharp MFPs offer an optional data security kit that encrypts document data using **AES (Advanced Encryption Standard) encryption**. The data security kit erases the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance. Additionally, the data security kits for these models comply to the new IEEE 2600TM-2008 security standard for hardcopy devices. This new standard specifies security requirements and provides a new international reference to assess contemporary MFP security.

Control Device Access Over the Network

To help restrict access to the device over the network, Sharp MFPs offer IPsec, SMB and extended support for **SSL Encryption** (Secure Sockets Layer), **IP/MAC address filtering**, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

Documents Remain Confidential

To help protect your printed documents from unauthorized viewing, Sharp MFPs offer encrypted PDF files for printing, as well as **Confidential Printing** that requires users to authenticate to the device in order to print a queued document. So compliance with security standards and industry regulations is easier.

Tracking and Auditing Information

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access, and track usage of each device on the network.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm Leach Bliley Act (GLB).

For additional information visit: www.sharppusa.com/security.

Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

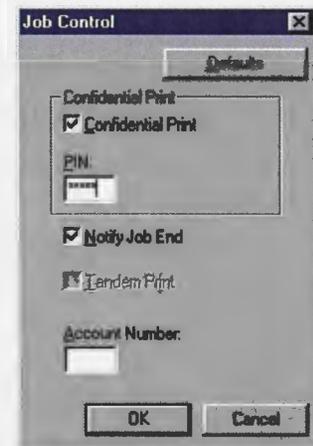

*Some features may require optional equipment.

Document Security Applications

Confidential Print

- Designed for the End User
- Confidential Print prohibits printing of designated documents until a Personal ID number is entered in both the print window and in the Copier/Printer's LCD panel
- Allows End User to control when a specific document will be printed after the Print Job is sent to the printer
- The procedure is as follows:
 - Create a Print Job
 - Enter a P.I.N. (Personal Identification Number) into the Printer Driver
 - Send Print Job to Printer
 - Select Print Job from Copier/Printer's LCD Control Panel
 - Enter the P.I.N.
 - Begin Printing
- The following functions are available on the MX-M350N / MX-M450N; MX-M350U/ MX-M450U (with AR-P20 or AR-P21)
 - Hold After Print & Hold Before Print - Job is held in memory so it can be reprinted directly from the machine's control panel. (with or without PIN)
 - Proof Print - Prints one job set for review and enables user to print the rest or delete the job as desired after reviewing it. (with or without PIN)

Note: Confidential Print is disabled when the Data Security Kit (Hard Disk Erase) is in Automatic Mode

Document Security Applications

The Sharp Data Security Kit: the cornerstone of optimum security

Secure the Image Data: *Be sure you leave nothing behind.*

Designed to protect your confidential information, Sharp's Data Security Kit works as a "digital shredder," offering several layers of advanced security. With both encryption and overwrite features, Sharp's Data Security Kit helps protect your confidential information from even the most sophisticated threats. Your greatest asset is information. Team up with Sharp to protect your assets.

Sharp is a recognized leader in MFP security. This is proven with the Common Criteria Validation for its Data Security Kit.

Data Encryption:

With 128-bit encryption, Sharp's Data Security Kit encrypts image data in the MFP before it's written to Hard Drive, RAM or ROM for print, copy, scan, or fax functions. This first layer of security provides peace of mind even while your documents are still active.

Automatic and Manual Memory Clear:

You can choose to have the Data Security Kit automatically overwrite all memory when the MFP is powered up, and/or after each print/copy/scan/fax job. Or, at any time, you can also choose to manually clear all memory for added versatility and control.

Data Overwrite:

Random numbers overwrite the information written to memory when a document is printed, copied, scanned or faxed. For the highest levels of security, Sharp's Data Security Kit can be set to perform up to seven overwrites—more than any other competitor to date.

- Hard disk overwrite for print, copy and scan functions
- RAM overwrite for print, copy and scan functions
- Flash ROM overwrite for fax function

Sharp products are not only capable of meeting the stringent security guidelines of the government, but also the security-conscious companies of the private sector. This includes companies that are required to comply with HIPPA and Gramm-Leach-Bliley Acts.

Sharp. Leading the industry with the first Common Criteria Validated application for document and information security.

SHARP.

SHARP'S AWARD WINNING MULTI-FUNCTIONAL PRODUCTS

Sharp is committed to innovation

For years, Sharp document products and solutions have been earning high praise and prestigious awards from leading MFP testing organizations. For Sharp, this represents more than just an accumulation of accolades. It means that trusted industry experts as well as customers recognize that the remarkable innovation, user-friendly design, outstanding reliability, unsurpassed security, and boundless expandability of Sharp digital MFPs and copier/printers truly exemplify the company's unwavering commitment to quality and excellence.

As a leading independent office equipment testing lab, BLI has been providing comprehensive, unbiased, and dependable product test reports since 1961. BLI's rigorous, in-house product testing takes months to complete and includes an extensive durability test

BLI-Buyers Laboratory Inc.-As a leading independent office equipment testing lab, BLI has been providing comprehensive, unbiased, and dependable product test reports since 1961. BLI's rigorous, in-house product testing takes months to complete and includes an extensive durability test.

BERTL

BERTL-known for examining a product's feature set, functionality, performance, and overall business process value from the end users' perspective—provides impartial research, product evaluation reports, product specifications, and comparative analysis on office imaging devices, software, and systems.

Better Buys for Business

Better Buys for Business - The analysts and experts at Better Buys for Business produce objective, in-depth product reviews based on real-world performance testing and years of experience in office equipment research and analysis. They use consumer feedback, off-the-record talks with dealers and manufacturers, and visits to trade shows and manufacturing facilities around the world to stay abreast of industry developments and provide expert purchasing advice.

Scan² Technology / My Sharp

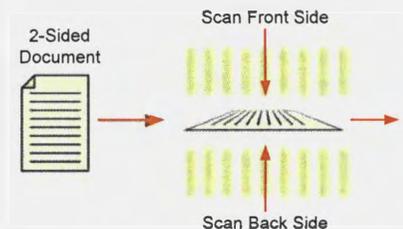

Scan²

The best way to stay ahead is to double your productivity. Improve your efficiency with Sharp's Scan² technology! Sharp's Digital copier / printers with Scan² technology are designed to scan two-sided documents in a single pass, enabling them to be scanned, copied, e-mailed and digitally distributed quicker than ever before.

Benefits

- Integrity of the original is maintained because it does not have to travel through the rollers of the machine 2 times
- Increased efficiency and productivity - Sharp's digital copier / printers with Scan² technology are designed to scan two-sided documents in a single pass.

Scan² Technology scans both sides of a document simultaneously.

My Sharp

For use with all Sharp Copier / Printer products and Fax Machines

Sharp's most innovative on-line support tool, My Sharp, is your personal companion website for product orientation and demonstrations. It offers high-level support in an easy-to-use format. My Sharp features helpful demonstrations on how to use the scan, copy, print and fax capabilities of your Sharp office products, related software applications and the replacement of supplies for those products. Tailored just for you, we customize each My Sharp website to reflect the Sharp products in your office and to suit your organization's current needs--and when your organization's needs evolve, My Sharp provides the flexibility to grow.

Benefits

- User friendly demonstrations on how to use your equipment and technology. You will automatically receive demonstration updates on new functions as they are released.
- Access My Sharp online anytime, anywhere
- Train new employees on office products quickly and effectively
- Product features are grouped by category such as as Printing, Copying, Faxing, Scanning, Software and Supplies

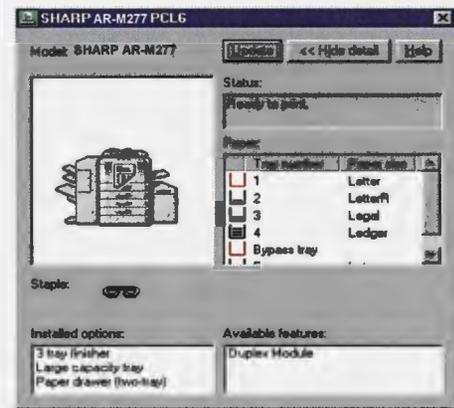

Sharp Electronics is not responsible for typographical errors. Designs and specifications are subject to change without notice.

Software Applications

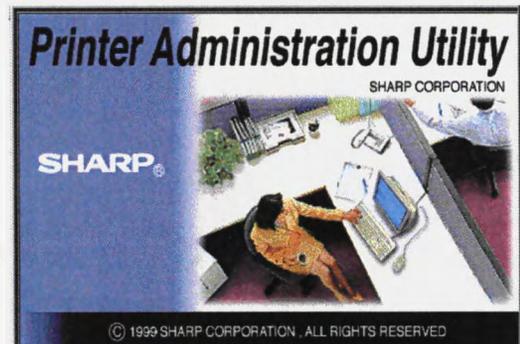

Sharp Printer Status Monitor

- Designed for the End User
- Allows End User to check real time status of copier
 - Job complete notification
 - Paper out notification
 - Toner out notification
 - Paper jam notification
 - Device unavailable notification

Sharp Printer Administration Utility

- Variety of tools that help manage the Sharp MFP from installation to daily usage and even troubleshooting
- Designed for the Network Administrator who can manage all Sharp Digital Copiers/Printers remotely from a single console
- Allows N.A. to monitor all devices on a network
 - Monitor Sharp & non-Sharp Standard Network Management Protocol (SNMP) compliant printers over IP Networks
 - View default settings
 - View clicks
 - "Pop up" alert messages
 - LAN & WAN Support
- Allows distribution of printer drivers and configuration of printers over the network which minimizes installation and support costs

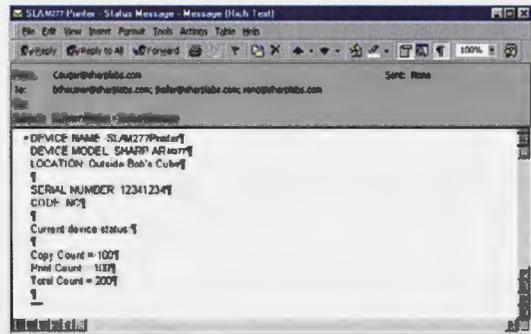

* Requires Network Interface Card (AR-NC5J)

Sharp Electronics is not responsible for typographical errors. Designs and specifications are subject to change without notice.

Software Applications

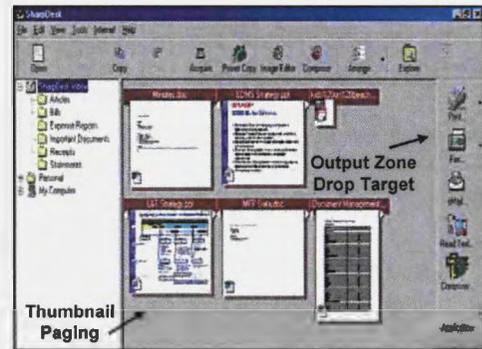

Remote Email Diagnostics (R.E.D.)

- Designed for the Sharp Authorized Dealer and/or Office Manager
- Generates E-mail messages detailing the machine's condition (scheduled or event driven)
- Benefits of R.E.D.
 - Machines get Key Operator support immediately (Add Toner, Add Paper, Clear Misfeed, etc.)
 - Service technicians can be automatically dispatched when the machine detects a problem
 - Usage information can be collected automatically for accounting purposes. R.E.D. works with Sharp Device Manager to help with the meter read collection process.

Sharpdesk

- Designed for the End User to scan, view, combine, convert, edit and organize documents
- Enables End User to distribute documents through the output zone
 - Scan to Print
 - Scan to Email
 - Scan to OCR
 - Scan to any application
 - NetScan Tools allows End User to define process when image arrives at desktop

ImageSEND

With one touch access, you can send a scanned document to e-mail, FTP, Internet Fax, Desktop, Fax and Group, as well as USB on the MX Series. Scanned documents that are sent to a desktop can automatically open in a desktop application such as Word or Excel. With the award winning Sharp ImageSEND technology, Sharp digital IMAGERSTM connect people and ideas by streamlining business communications – optimizing document workflow efficiency and increasing productivity.

Open Systems Architecture

OSA-enabled MFPs

Sharp's newest innovation, Sharp Open Systems Architecture (Sharp OSA), redefines the concept of an MFP with a suite of tools to truly customize workflow. This flexible development platform leverages industry-standard protocols such as XML and SOAP to allow Sharp MFPs to communicate with business-critical programs such as document management systems and workflow software, as well as perform expanded tasks on the network. These open standards simplify and streamline the application development process and help you leverage your IT infrastructure through an interface on the MFP.

With the ability to access integrated applications directly from the LCD panel, Sharp OSA-enabled MFPs become a gateway into your network, providing fast, flexible access to documents no matter where you are in the office. Further, Sharp OSA-enabled MFPs allow you to control access and track usage more effectively by offering tighter integration capabilities for network security and cost accounting applications. With such comprehensive control, you'll be able to manage your document workflow easily, efficiently, and more securely.

Sharp Open Systems Architecture opens the door to a broad array of value added functionality and flexibility. In essence, Sharp OSA is designed to deliver the power of customization so you can work smarter.

YES/NO

Vendor: JQ Office Equipment

Technical Specifications:

Indicate acceptance or exception by marking YES/NO for each specification listed. Any marked NO line shall be noted as "exception to the specification". Any unmarked response will be assumed as an exception to the RFP. **This section must be completed and attached to Vendor's Bid Form.**

YES/NO

1. Machine Requirements - MFP specifications are for four (4) ranges of speed (25-35 ppm, 40-50 ppm, 55-65 ppm & 70-80 ppm) and one (1) color range speed (30-40 ppm). All MFPs, unless specifically stated, shall meet the following requirements. Optional features are to be priced separately on the bid form:

- Y/ a. Newly manufactured with no used or refurbished parts
- Y/ b. Acceptable originals: Minimum 5-1/2" X 7-1/8" to maximum 11" X 17"
- Y/ c. Duplexing: Standard automatic duplex copying and printing
- Y/ d. Capability of printing paper stock ranging from 13 lb to 110 lb bond
- / e. [REDACTED]
- Y/ f. Bypass tray
- Y/ g. Capable of enlarging/reducing documents in preset increments or manually
- Y/ h. Magnification capabilities from 25% to 400% in 1% increments (25% to 200% from feeder)
- Y/ i. Three (3) adjustable paper trays for various sizes of paper up to ledger size with a minimum capacity of 500 sheets each
- Y/ j. Scanning to desktop without Client software being loaded on the desktop
- / k. [REDACTED]
- Y/ l. Installed Automatic Disk and Data Security Encryption and Deletion product
- Y/ m. Each networked MFP shall allow printing from any desktop PC and laptop within the County network
- Y/ n. Adequate surge protection device, at no cost to the County, for each MFP installed
- Y/ o. Fax - **Optional feature**
- Y/ p. Full offset stacking and finishing capabilities - **Optional feature**
- Y/ q. Single-pass duplexing automated document feeder, with a minimum capacity of 50 sheets of 20 lb bond paper - **Optional feature**
- Y/ r. Color scanning - **Optional feature**
- Y/ s. Three (3) hole punch - **Optional feature**
- Y/ t. Large capacity paper tray (2,000 sheet) - **Optional feature**
- Y/ u. Have the ability for PIN code and/or mailbox secured access for users - **Optional feature** (Identify technical requirements necessary to operate this feature on Exception page.)
- Y/ v. Programmable cost center/accounting meters - **Optional feature** (Identify technical requirements necessary to operate this feature on Exception page.)

YES/NO

Vendor: JQ Office Equipment

2. Network Technical Requirements

- Y/ a. The Vendor shall be responsible for providing technical support during the network connection phase with no cost to the County.
- Y/ b. Vendor to provide an interface and software drivers that will work on an Ethernet 10/100/1,000 switched TCP/IP network in a Microsoft environment (Windows server and Windows desktops). Software drivers should contain the ability to control all options on the MFP, such as stapler, collator, duplex printer, etc.
- Y/ c. Memory and hard-drive space needs to be adequate to work at the highest/fastest rate the MFP is rated at. The size of memory and hard drive space must be listed on the bid form.
- Y/ e. Vendor will provide technical training, at no charge, for County (IS) employees, relative to the connection of end-users for networked printers.

3. Installation:

- Y/ a. MFPs will be installed at no cost to the County. This excludes any hardwiring of units. The County will contract with a separate entity to install the hardwiring for both electrical and data. The Vendor shall specify any special electrical/data requirements, including the necessity for special electrical receptacles, dedicated lines, etc. Each device shall meet the OEM's recommendations for electrical surge protection. (*Identify special requirements necessary on Exception page.*)
- Y/ b. Vendor will give Purchasing Department 48-hour notice of delivery to coordinate installation with Information Systems (I.S.).
- Y/ c. Vendor is responsible for all clean up and removal of debris during installation.
- Y/ d. Vendor is responsible for all damage to County property during installation.
- Y/ e. Initial training of County personnel shall be conducted upon equipment installation and at no additional cost to the County with the number of sessions, schedules, participants and number of participants per session identified by the County. Network connectivity, print driver installation and other technical support training shall be coordinated with the County's Information Systems (IS) Department at no additional cost to the County. Subsequent training will be at no cost to the County and shall be on an ongoing basis during the contract term for the purposes of training new personnel, providing refresher sessions, increasing user productivity through effective use of networked features, providing assistance with new procedures or equipment, etc.

Addendum #1

**Digital Multi-Function Printers
for
Sarpy County Purchasing**

Question 1: For Machine Requirements you listed under 1. e - "Automated stapling system" as a mandatory minimum requirement (which means it needs a finisher) and then under 1.p - you have "Full offset stacking and finishing" as an option. Can you please let me know if the finishers are an option or a minimum requirement.

Response: Page 15 - Delete 1. e. - Staple finisher will not be a requirement, but an Option as indicated on Bid Form.

Question 2: Can you please clarify under Machine Requirements: 1 - k , "Scanning feature where the PDF is "OCR'd" without Client software". What file format do you want the document OCR'd to? . (Do you want to scan a document and have it converted to word, excel ?)

Response: Page 15 - 1. j. - Requirement
Page 15 - 1. k. - Delete. Sarpy County Information Systems does not want to install this program on any of the County's computers.

**All other terms and conditions remain the same.
Addendum must be acknowledged on the Bid Form.**

Why JQ Office Equipment

1. JQ Office Equipment has a **20**-year working relationship with Sarpy County
2. JQ Office Equipment is **locally owned** and has been doing business in Omaha since 1965
3. JQ has 27 full time employees & does annual sales of over \$1,000,000 (\$3,000,000 for 3 years)
4. JQ has a metro wide customer base consisting of thousands of metro businesses ranging from single proprietors to Fortune 500 companies.
5. JQ currently supports 16 MFP's copy/print/scan/fax devices for Sarpy County.
6. JQ has a unique working relationship with our manufactures. Representatives from Sharp & Savin Corporations make monthly visits to the Omaha area and would be more than willing to work with Sarpy County in any special project or endeavor.
7. JQ has increased our focus on customer needs such as document capture & distribution, storage & management as well as output solutions.
8. JQ has addressed concerns regarding print/copy security by offering data overwrite security, removable hard drives and several authentication package

JQ Office Equipment Reference Accounts

- **Production equipment**

We are proud of the growing number of businesses whom we have helped over the years to achieve their business goals. For your reference, the following is a list of just some of our clients who are moving ideas forward faster with digital systems.

Lozier Corporation:

Recently JQ Office Equipment did a complete print assessment for Lozier Corporation. Their objective was to reduce the number of network and local printers plus increase volume to networked MFP's and production printers.

We did a walk through and used print tracking software identify the devices and get feedback from the end users to see exactly what their document imaging needs were and where improvements could be made.

This electronic capture allowed us to analyze their current document workflow needs and recommended an enterprise solution that would save over 20% in reduced printing costs.

We are currently in the process of updating their print fleet to a more efficient

- Linda Buckley
 - Office Services Manager
 - Lozier Corporation
 - (402) 457-8288
- Linda.Buckley@lozier.biz

NE Methodist Health System

NE Methodist Health System just renewed a 60 month contract with JQ Office Equipment.

We replaced 315 devices with new Savin Multifunctional systems. Over 80 percent of the equipment is now connected to copy/print/scan(fax) with the remaining units getting connected soon. We determined that the health system will save an additional 15% by moving current print volume to the new MFP's.

MAINTENANCE/SERVICE/SUPPORT

- Service.
 - When a phone call is placed to J.Q. Office, the call first goes to our service dispatch department. The philosophy behind this is to get our customers service needs taken care of as quickly as possible.
 - JQ Office Equipment employees 10 factory trained technicians with an average length of service of over 10 years.
 - Our average service response time is 2-4 hours in Omaha metro area.

- J.Q. Office has less than a 1% total failure rate on any of its equipment sold. We service all the products that we sell. If for any reason we are unable to fix a problem, we first provide a loaner piece of equipment to the customer while their equipment is being repaired. If for some reason we cannot fix the equipment and it is due to defective parts or a defective machine we will replace the machine at no charge

- JQ Office Equipment will assign Barry Strawder as Sarpy County's account representative. Barry is major account sales manager at JQ Office Equipment. He has been in the copier industry since 1986 and has been with JQ since 1987. Barry has had the privilege of working with Sarpy and all it's departments since 1992. He has extensive experience in the county's departmental needs and has developed lasting relationships with many personnel. Barry will manage all communication between Sarpy and JQ or any affiliated 3rd parties.

J Q OFFICE EQUIPMENT
LEASE AGREEMENT

DATE:

NO:

J Q OFFICE EQUIPMENT
4503 SOUTH 90TH STREET
OMAHA, NE 68127

LESSEE: SARPY COUNTY
1210 GOLDEN GATE DRIVE
ADDRESS: PAPILLION SARPY CO NE 68046

1. Lessor hereby leases to lessee the following described equipment (hereinafter called the "Equipment")

QUANTITY	DESCRIPTION: MODEL AND SERIAL NUMBER
1	SAMPLE

Equipment Location:

For a period of ____ months, at the lease amount of \$ ____ per month, payable monthly on the first day of each month.

- Lessee shall return the Equipment to Lessor in Douglas County or Sarpy County, Nebraska upon expiration or cancellation of this agreement in as good condition as at the commencement hereof, normal wear and tear only accepted. Lessee shall pay for all maintenance and repairs. No Equipment will be removed from Lessee's vehicles or premises at the above address, without the written consent of Lessor. If Lessor supplies lessee with labels stating that the Equipment is owned by Lessor, lessee shall affix and keep the same upon a prominent place on the equipment. Lessee shall not permit any lien or encumbrance to attach to or remain in favor of any party as concerns the leased equipment.
- The Equipment shall remain the property of Lessor, Lessee shall in no way encumber the Equipment, or otherwise transfer or dispose of it to a third person. Lessee shall pay sales tax and personal property taxes on the Equipment. At all times during business hours, Lessor shall have the right to inspect the equipment or observe its use.
- This Agreement shall continue in full force and effect irrespective of any damage to or loss or destruction of the Equipment. In the event of any such occurrence, there shall be no reduction in the rent payable hereunder, and Lessee, at Lessee's cost, shall repair or replace the Equipment involved, so that its value is not decreased, and any such repairs or replaced Equipment shall belong to the Lessor.
- Lessee agrees at Lessee's cost to provide fire, theft and extended coverage insurance on the equipment for the duration of this agreement, in form and amount satisfactory to Lessor but no greater than fair market value of equipment, insuring the interests of Lessor and Lessee, as they may appear, in default of which Lessor may obtain such insurance, and Lessee agrees to reimburse Lessor for any premium paid by Lessor upon demand.
- Time is of the essence in the agreement, and if Lessee shall violate or fail to perform promptly any of Lessee's other obligations hereunder, or if a proceeding in bankruptcy receivership or insolvency shall be instituted by or against Lessee, Lessor without notice and without recourse to legal proceedings re-let the equipment to any third person, for the account of Lessee, at any rental obtainable, in which case Lessee shall be and remain liable monthly to Lessor for an excess of the monthly rental herein provided for, less the rental paid periodically to Lessor by such third person. Lessee shall also pay to Lessor all costs and expenses incurred by Lessor in connection with or incidental to any such repossession, repair and lease, if any, to a third person, of the equipment, including a reasonable attorney's fee. Lessor may abandon or remove equipment without restoring vehicle or premises to original condition.
- Lessee shall not assign this Agreement without written consent of Lessor, but this Agreement may be freely assigned by Lessor. The Guarantee Agreement on the reverse side hereof, if executed shall be a part of this Agreement.
- Lessee having observed and performed all the terms and conditions herein, shall have the right at the expiration of the term specified in paragraph (1) herein, to obtain a new month to month rental of ____ per month. This option may be exercised by written notice to that effect to Lessor, and notice shall be accompanied by payment of the monthly rental above described, and which shall be delivered to Lessor, not less than 30 days before the expiration of the term hereof. Said new month to month term, and any succeeding month to month term, shall carry on identical option hereto, and except for the amount of rental, each new lease shall be subject to provisions identical option with those of this lease. The rental payable for each new lease shall be that specified in this paragraph (8) as payable for the first new lease. Notwithstanding anything provided in this paragraph, in no event shall the Lessee have the power or the option to obtain more than n/a successive new leases hereunder. At end of lease, equipment may be purchased at FMV (fair market value) of _____ purchase price or lessee may return equipment at no cost to lessee.
- This Agreement is executed in the State of Nebraska and subject to Nebraska laws; and shall be binding on Lessor and Lessee, their successors, person representatives and assigns.

Executed at Omaha, Nebraska in triplicate as of the date first above written.

J Q OFFICE EQUIPMENT (LESSOR)

SARPY COUNTY (LESSOR)

After execution by Lessee, return to Omaha, Nebraska office of Lessor for execution.

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's new MX Monochrome Series workgroup document systems takes you to the next level in MFP performance and productivity. A large, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to simplify data entry are just two of the many advance features offered by these new models. The powerful 800 MHz true multi-tasking controller enables MX Monochrome Series users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs.

Features at a glance

- ◆ 28 / 36 / 45 / 50 PPM Digital MFP - **Networked**
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 5,600 sheets
 - Standard 2 X 500 sheet paper cassette and 100 sheet bypass tray
 - Optional 500 sheet paper drawer or (2) 500 sheet paper drawers and a 3,500 large capacity tray
- ◆ Large high resolution touch-screen color display
- ◆ Standard 80GB Hard Drive
- ◆ Standard 100-sheet reversing single pass feeder (MX-M283N)
- ◆ Standard 100-sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability (MX-M363N/453N/503N)
- ◆ 800 MHz true multi-tasking controller
- ◆ On-screen Image Preview and Image Check features
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ 3rd generation Sharp OSA[®] development platform with trial mode
- ◆ Supports Intelligent Device Management (IDVM[™])
- ◆ Standard PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 25-1/2"(w) X 27-1/2"(d) X 38"(h)

MX-M363N shown with optional accessories

Delivery and installation within a 60 mile radius is included in the hardware pricing. Delivery, installation, relocation and maintenance in any area beyond the 60-mile radius will be quoted as an open-market item. Regardless of the distance from any authorized sales and service location, if rigging is required, the charges quoted will be on an open-market basis.

Supply Footnotes

(1) One skid contains (40) cartons; prices are per carton. Skid pricing for individual cartons is not available on a Blanket Pricing Agreement. Skid pricing is available solely when 40 cartons are ordered on one purchase order for a single shipment to one address; maybe a mixture of reorder numbers

Program Notes

- (1) FM and Rental requested in an area beyond a 60-mile radius of a Ricoh authorized Service Location will be quoted as an open market item
- (2) Rental Rates include maintenance and repair services.
- (3) Pricing is for hardware; if networking/connecting/rigging involved, open market rates will apply.

Configuration Footnotes

- 1) Mainframes are designed for a max monthly volume of 20K pages (Letter paper, 20lb. Bond, 30% color ratio, 5/20% toner fill (BW/FC), volume evenly spread over the month, PMs performed regularly)
- 2) Mainframes include 50-Sheet ARDF, Duplex, 2 x 550-Sheet Paper Trays, 100-Sheet Bypass Tray, Scan/Print Kit, USB Host Interface, uncertified DOSS, HDD Encryption, Java VM Card, Scan to/Print From USB/SD Card, 1.5GB RAM, & 250GB HDD
- 3) One of following: (PB3120 1x550 Paper Bank, PB3130 2x550 Paper Bank, PB3140 2x1000 LCIT, or FAC52 Cabinet) must be ordered
- 4) 1 x 550 Tray Paper Bank BP 3120 requires Caster Table Type D (415811). This table provides lower total machine height making it easy for all users to access
- 5) RT3020 Side LCIT cannot be installed with PB3120 1-Tray Paper Bank nor FAC52 Cabinet Stand
- 6) Only one of these options can be installed on the device: SH3060 Internal Shift Sort Tray; Side Tray Type C5502; SR3090 1,000-Sheet Finisher; SR3070 500-Sheet Finisher; SR3100 1000-Sheet Booklet Finisher.
- 7) Must Order BU3060 Bridge Unit with any Finisher
- 8) Hole Punch Kit PU3000NA (for SR3100) is for SR3100 Booklet Finisher Only.
- 9) Inner 1-Bin Tray BN3100 provides additional output tray above Internal Tray/Bridge Unit (Holds 125 Sheets)
- 10) Data Overwrite Security Unit Type H overwrites latent image data on MFP HDD. DOSS option Type H is scheduled for ISO 15408 Common Criteria Certification in Feb 2012. Std DOSS is not certified
- 11) Envelope Feeder EF3020 installs in place of Trays 2, 3 or 4. Allows for feeding of envelopes (C5 and Com10), Letter-size paper, Statement-size paper
- 12) Key Counter Bracket Type H used to mount external key counter to MFP
- 13) Optional Counter Interface Unit Type A is a 20-Pin Interface used to attach external key counter or key card device
- 14) Platen Cover Type 3352 can be installed in place of ARDF where document feeder is not needed/wanted. (NOTE: ARDF comes std regardless)
- 15) Card Reader Bracket Type 3352 is a table shaped option used to seat a card reader or counter device.
- 16) ADF Handle Type C allows seated users to easily close the ARDF
- 17) Fax Option Type C5502 allows faxes to be sent and received from MFP

- 18) G3 Interface Unit Type C5502 support up to 2 add'l lines can be installed (for total of 3)
- 19) G3 Interface Unit Type C5502 requires Fax Option Type C5502
- 20) 32MB Memory SAF Memory Unit Type B increases fax memory to 2,240 pages and fax resolution to 400 x 400 dpi
- 21) Only one of these additional connectivity options can be installed in system at a time: IEEE802.11a/b/g Wireless Type J; IEEE1284 Parallel Interface Board Type A; Gigabit Ethernet Type B; Camera Direct Print Card Type J (PictBridge).
- 22) Camera Direct Print Card Type J (PictBridge) allows users to connect a PictBridge-compatible digital camera directly to the MFP, enabling the printing of photos without a computer
- 23) PostScript3 Unit Type C5502 required for printing from Mac OS. Recommended for printing more complex color and PDF files. Includes PDF Direct Print
- 24) Fiery Print Controller E-3300 (launching April 2012) provides advanced color matching and Workflow. Does not require PS3 Option (415998) Target launch is April 2012
- 25) File Format Converter Type E needed for downloading files stored on Document Server via Copy or Print Functions
- 26) Ricoh recommends the use of a power protection product to minimize potential electrical interference with Ricoh products
- 27) Copy Data Security Unit Type G prevents unauthorized copying of confidential documents that were created on other printers that have this option installed
- 28) Fax Connection Unit Type B enables users to send and receive faxes on a sub MFP via a main MFP. This option is required on both the Main MFP that has the Fax Option (415991) installed AND on the Sub MFP(s) needing remote fax. (Not compatible with previous models) Target availability is May 2012.
- 29) For information on SeeQuence, Hot Folders, Spot On and Auto Trapping, see Website: <http://w3.efi.com/Fiery/Products>
- 30) Bluetooth (USB) uses a USB port.
- 31) PostScript3 Unit Type C5502 and Fax Option Type C5502 required for Mail-to-Print
- 32) The following are not Compatible with the Fiery E-3300: IEEE802.11a/b/g Wireless Type J; IEEE1284 Parallel Interface Board Type A; Gigabit Ethernet Type B; Camera Direct Print Card Type J (PictBridge); PostScript3 Unit Type C5502, SD Card for NetWare Printing Option type H; IPDS Unit Type 5502; Key counter Bracket Type H; Optional Counter Interface Unit Type A.
- 33) Browser Unit Type F used for Browser Features like ICE and Hotspot. Not compatible with all Web Sites
- 34) EFI Color Profiler Suite V.3 (UV) includes ES100 spectrophotometer and Color Profiler v3.0 Software
- 35) Color Profiler Suite V.2 to V.3 (Upgrade) is for customers that have the Color Profiler V2.0 and want to upgrade to Color Profiler V3.0
- 36) ES-1000 Color Spectrophotometer is compatible with many Fiery Controllers
- 37) i1iO Table for ES-1000 for use with the ES-1000
- 38) Cannot install floor standing Finishers (SR3090, SR3100) with the PB3120 Paper Bank.
- 39) Intelligent Printer Data Stream (IPDS) is InfoPrint Solution Company's Systems Application Architecture host-to-printer data stream Target, availability is July 2012.
- 40) SD Card for NetWare Printing Option Type H for Printing in a Novell environment. Target availability is July 2012
- 41) ACK3400-U Keyboard is an external keyboard for inputting data with either SDK applications OR embedded applications

Energy Star Copier

Ricoh Corporation has determined that the MPC3002G Digital Copier meets the Energy Star® guidelines for energy efficiency.
