Re: Memo of Understanding

I wish to thank you and the Sherwood Foundation on behalf of Sarpy County for awarding \$134,364 for the implementation of the Sarpy County Juvenile Justice Center Truancy Initiative. By expanding the current Truancy Program, Sarpy County will be able to reduce the number of juveniles being placed in detention and serve youth at the front end of the system, helping to divert them from Juvenile Court. Through this funding, Sarpy County will begin a Day Reporting Center, add a teacher, and add a Truancy Officer.

As mentioned in my email dated October 11, 2013, as well as my telephone conversation with you yesterday, Sarpy County is working with State Legislature and other Justice Representatives to make sure adequate funding is appropriated for alternative programs. Sarpy County has been in discussions with several key individuals with regard to future funding for the Truancy Initiative through LB561. This will more than likely be a one to two year process of obtaining the needed funding.

Sarpy County is also actively involved with the Juvenile Detention Alternatives Initiative (JDAI). The goal of JDAI is to reduce the number of juveniles in detention. As Sarpy County continues to work on this process, staff will be reassigned to assist with alternative programming. The total number of juveniles served will not necessarily be reduced. As a direct result of Sarpy County's alternative programs, more youth will likely be served but in the least restrictive environment as is appropriate which will result in fewer youth in detention facilities.

Thank you very much for your support.

Respectfully submitted,

Richard Shea, Director
