The County Clerk's office alerted me to an issue with the legal descriptions related to Resolutions 2014-169 and 2014-170. I've reviewed all of the information.

Both the publication documents and the agenda show the legal descriptions with the township as "T14N" while each resolution has the township within the legal description as "T10N". Additionally, the Planning Department report for the agenda items also use "T10N". I spoke with the Planning Department, the correct legal description for the township is "T14N", thus the legal description used for the newspaper and the agenda were correct. The use of "T10N" within the Resolution 2014-169 and 2014-170 amounts to a clerical error. I've provided amended resolutions which correct the error. Because the publication and the agenda were correct and the error within the resolutions were clerical, the chair may sign the amended resolutions without placing the matter onto county board agenda. There is no need for the Planning Department to provide an amended report because this email should be kept with each resolution.

Please contact me with any additional questions.
