A. COMPREHENSIVE PLAN:

- The Comprehensive Plan designates the area as Business Park. The proposed zoning and use are consistent with that designation.

B. TRAFFIC AND ACCESS:

- Access to the proposed lots will be from Sapp Brothers Drive.

C. GENERAL COMMENTS:

▪ **Preliminary/Final Plat**

- The proposed subdivision is in compliance with the Sarpy County Subdivision Regulations.
- A Post Construction Stormwater Management Plan must be submitted to the County and approved prior to the issuance any grading or construction permits.
- Sanitary Sewer connection fees must be paid prior to recording the plat with the County Recorder of Deeds Office.
- The Papillion Creek watershed management fees must be paid at the time of issuance of a building permit.

▪ **Change of Zone**

- The proposed rezoning of the northern-most lot of the plat to BGH (Heavy Business Service) will provide a good transition of uses from the IL (Light Industrial) uses to the north and the more retail/service oriented commercial business development allowed by the BHS (Highway Service Business) district to the south.
- The Highway Corridor Overlay District designation will remain in place which will require higher quality building materials, landscaping and screening of any new development.

IV. OTHER AGENCY REVIEW/COMMENTS: The applications were sent to various jurisdictional agencies and departments within Sarpy County that may have an interest. The only comments received were from the Papio-Missouri River NRD regarding post construction stormwater management plans and the payment of watershed management fees (see attached letter from Lori Laster) No other comments regarding any of the applications were received.

V. PLANNING DEPARTMENT RECOMMENDATIONS:

- Staff recommends **APPROVAL** of the proposed preliminary plat of a commercial subdivision to be known as Murray Sapp Lots 1 & 2. Staff makes this recommendation as the Preliminary Plat, meets requirements of the Sarpy County Comprehensive Development Plan, Zoning Regulations, and Subdivision Regulations.
- Staff recommends **APPROVAL** of the proposed final plat of a commercial subdivision to be known as Murray Sapp Lots 1 & 2. Staff makes this recommendation as the Final Plat, meets requirements of the Sarpy County Comprehensive Development Plan, Zoning Regulations, and Subdivision Regulations.
- Staff recommends **APPROVAL** of the Change of Zone for the new Lot 2 of the Murray Sapp subdivision from BHS (Highway Service Business) to BGH (Heavy General Business) as it is in conformance with the Sarpy County Comprehensive Development Plan and the Sarpy County Zoning Regulations, and will provide a logical transition to the IL (Light Industrial) zoning to the north.

Mr. Bruce Fountain, Director
Sarpy County Planning Department

Papillion, Nebraska 68046

RE: Murray Sapp – Preliminary Plat and Final Plat Applications

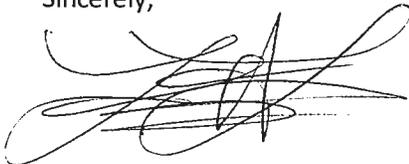

Dear Mr. Fountain:

The District has reviewed the preliminary plat and final plat applications for Murray Sapp, northeast of Highway 370 and Sapp Brothers Drive in Sarpy County. The District offers the following comments:

- A post construction stormwater management plan demonstrating on-site control of the first one-half inch of stormwater runoff and no-net increase in peak runoff from a 2-year storm event must be submitted for this project. An application and all supporting documentation must be submitted to the Omaha Permix website at <http://www.omahapermix.com/pcsmmp/applicant/login.php>.
- A subdivision agreement was not provided for review; however, as stated in the Papillion Creek Watershed Partnership Interlocal Agreement adopted by the County in 2009, Watershed Management Fees are to be collected for all new development or significant redevelopment.

If you have any questions or concerns, I can be contacted at (402) 444-6222 or at llaster@papionrd.org.

Sincerely,

Lori Ann Laster, CFM
Stormwater Management Engineer
