Water Main Improvements – 2013 - Plan Review

Mr. Jaeger,

Sarpy County Public Works has reviewed the plans for the above referenced water main improvements for SID 158 of Sarpy County (Tiburon). Our review indicates that the plans, if followed, will meet the minimum standard requirements as specified in the various City of Omaha and "Ten State Standards" specified in the project, which is acceptable to the Sarpy County Public Works Department. Public Works will recommend approval of the project plans to the Sarpy County Board of Commissioners.

If in the future, you find it necessary to revise the proposed designs, please submit the proposed changes for our further consideration.

Sincerely,

Dennis L. Wilson, PE, PhD
Sarpy County Engineer
