II. Our Internal Review

A written grievance concerning any matter can be sent to the Quality Control address listed above. You or your representative may submit written comments, documents, or other information in support of an appeal. We will provide a written decision within 15 working days of receipt of the grievance and all information necessary for our review. The person or persons reviewing the grievance will not be the same person or persons who made the initial benefit determination or who handled the matter that is the subject of the grievance. Additionally, we will provide the name, phone number and address of the person who will be coordinating the appeal.

If a decision cannot be made within 15 working days due to circumstances beyond our control, we may

take up to an additional 15 working days. We will provide written notice to the Covered Person of the extension and the reasons for the delay on or before the fifteenth working day after receiving a grievance.

If a Covered Person has a grievance about a pre-treatment estimate decision, and the matter is considered urgent by the treating provider, an Expedited Review will be provided. We will respond within 72 hours. In the rare event a grievance review of a pre-treatment benefit estimate is requested for an emergency situation, we will respond to a telephone request within 30 minutes.

- Notice of the covered person's right to contact the Nebraska Department of Insurance.

COORDINATION OF BENEFITS

IMPORTANT NOTICE

This is a summary of only a few of the provisions of your health plan to help you understand coordination of benefits, which can be very complicated. This is not a complete description of all of the coordination rules and procedures, and does not change or replace the language contained in your insurance contract, which determines your benefits.

Double Coverage

It is common for family members to be covered by more than one health care plan. This happens, for example, when both spouses work and choose to have family coverage through both employers.

When you are covered by more than one health plan, state law permits your insurers to follow a procedure called "coordination of benefits" to determine how much each should pay when you have a claim. The goal is to make sure that the combined payments of all plans do not add up to more than your covered health care expenses.

Coordination of benefits (COB) is complicated, and covers a wide variety of circumstances. This is only an outline of some of the most common ones. If your situation is not described, read your evidence of coverage or contact your state insurance department.

Primary or Secondary?

You will be asked to identify all the plans that cover members of your family. We need this information to determine whether we are the "primary" or "secondary" benefit payer. The primary plan always pays first when you have a claim.

Any plan that does not contain your state's COB rules will always be primary.

When This Plan is Primary

If you or a family member are covered under another plan in addition to this one, we will be primary when:

Your Own Expenses

The claim is for your own health care expenses, unless you are covered by Medicare and both you and your spouse are retired.

Your Spouse's Expenses

The claim is for your spouse, who is covered by Medicare, and you are not both retired.

Your Child's Expenses

The claim is for the health care expenses of your child who is covered by this plan; and

You are married and your birthday is earlier in the year than your spouse's or you are living with another individual, regardless of whether or not you have ever been married to that individual, and your birthday is earlier than that other individual's birthday. This is known as the "birthday rule"; or

You are separated or divorced and you have informed us of a court decree that makes you responsible for the child's health care expenses; or

There is no court decree, but you have custody of the child.

Other Situations

We will be primary when any other provisions of state or federal law require us to be.

How We Pay Claims When We Are Primary

When we are the primary plan, we will pay the benefits in accordance with the terms of your contract, just as if you had no other health care coverage under any other plan.

When this Plan is Secondary

We will be secondary whenever the rules do not require us to be primary.

How We Pay Claims When We Are Secondary

When we are the secondary plan, we do not pay until after the primary plan has paid its benefits. We will then pay part or all of the allowable expenses left unpaid, as explained below. An "allowable expense" is a health care expense covered by one of the plans, including copayments, coinsurance and deductibles.

If there is a difference between the amount the plans allow, we will base our payment on the higher amount. However, if the primary plan has a contract with the provider, our combined payments will not be more than the amount called for in our contract or the amount called for in the contract of the primary plan, whichever is higher. Health maintenance organizations (HMOs) and preferred provider organizations (PPOs) usually have contracts with their providers.

We will determine our payment by subtracting the amount the primary plan paid from the amount we would have paid if we had been primary. We may reduce our payment by any amount so that, when combined with the amount paid by the primary plan, the total benefits paid do not exceed the total allowable expense for your claim. We will credit any amount we would have paid in the absence of your other health care coverage toward our own plan deductible.

If the primary plan covers similar kinds of health care expenses, but allows expenses that we do not cover, we may pay for those expenses.

We will not pay an amount the primary plan did not cover because you did not follow its rules and procedures. For example, if your plan has reduced its benefit because you did not obtain pre-certification, as required by that plan, we will not pay the amount of the reduction, because it is not an allowable expense.

Whether your plan provides for a participating provider option (“PPO”) or not, you have the freedom of choice to seek services from any provider and benefits will be paid for all services which are considered covered expenses as defined within your certificate.

For any PPO network benefit provided under your coverage, please be assured that the network has established a Quality Management Program to state specific policies and procedures to ensure that minimum standards are met and that proper evaluations are conducted in order to provide insureds with quality care.

- ü **Utilization Review Program.** Generally, utilization review involves a set of criteria designed to monitor the use of, or evaluate the medical necessity and appropriateness of health care services. We have established a utilization review program to ensure that any criteria used to evaluate the medical necessity of a health care service are clearly documented and include procedures for applying such criteria based on the needs of the individual patients. This criteria was developed with involvement of dental consultants who are all licensed dentists. The program is reviewed on an annual basis to ensure that the guidelines are current with dental technology, evidence-based research and any dental trends.

All claims will be processed within at most 30 calendar days of obtaining all the necessary information. Our standard turn-around times are generally below 10 working days for claim review. For all claims submissions, you and your provider will receive an explanation of benefits which details how each submitted procedure was reimbursed and/or the reason for denial.

When a claim has been denied or partially denied based on medical necessity, this is considered an adverse determination. These decisions are reviewed by qualified and appropriately licensed health

professionals and only after receiving and reviewing any relevant clinical information necessary to make the decision.

For any questions you have regarding how a claim was paid, please feel free to contact us at the following:

CONDITIONS FOR INSURANCE COVERAGE

ELIGIBILITY

ELIGIBLE CLASS FOR MEMBERS. The members of the eligible class(es) are shown on the Schedule of Benefits. Each member of the eligible class (referred to as "Member") will qualify for such insurance on the day he or she completes the required eligibility period, if any. Members choosing to elect coverage will hereinafter be referred to as "Insured."

If employment is the basis for membership, a member of the Eligible Class for Insurance is any full time active employee working at least 30 hours per week. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

If both spouses are Members and if either of them insures their dependent children, then the spouse, whoever elects, will be considered the dependent of the other. As a dependent, the person will not be considered a Member of the Eligible Class, but will be eligible for insurance as a dependent.

ELIGIBLE CLASS FOR DEPENDENT INSURANCE. Each Member of the eligible class(es) for dependent coverage is eligible for the Dependent Insurance under the policy and will qualify for this Dependent Insurance on the first of the month falling on or first following the latest of:

1. the day he or she qualifies for coverage as a Member;
2. the day he or she first becomes a Member; or
3. the day he or she first has a dependent. For dependent children, a newborn child will be considered an eligible dependent upon reaching their 2nd birthday. The child may be added at birth or within 31 days of the 2nd birthday.

A Member must be an Insured to also insure his or her dependents.

If employment is the basis for membership, a member of the Eligible Class for Dependent Insurance is any full time active employee working at least 30 hours per week and has eligible dependents. If membership is by reason other than employment, then a member of the Eligible Class for Insurance is as defined by the Policyholder.

Any spouse who elects to be a dependent rather than a member of the Eligible Class for Personal Insurance, as explained above, is not a member of the Eligible Class for Dependent Insurance.

When a member of the Eligible Class for Dependent Insurance dies and, if at the date of death, has dependents insured, the Policyholder has the option of offering the dependents of the deceased employee continued coverage. If elected by the Policyholder and the affected dependents, the name of such deceased member will continue to be listed as a member of the Eligible Class for Dependent Insurance.

CONTRIBUTION REQUIREMENTS. Member Insurance: An Insured is required to contribute to the payment of his or her insurance premiums.

Dependent Insurance: An Insured is required to contribute to the payment of insurance premiums for his or her dependents.

ELIGIBILITY PERIOD. For Members on the Plan Effective Date of the policy, coverage is effective immediately.

For persons who become Members after the Plan Effective Date of the policy, qualification will occur on the first of the month falling on or first following the eligibility period of 6 month(s) of continuous active employment.

If employment is the basis for membership in the Eligible Class for Members, an Insured whose eligibility terminates and is established again, may or may not have to complete a new eligibility period before he or she can again qualify for insurance.

ELIMINATION PERIOD. Certain covered expenses may be subject to an elimination period, please refer to the TABLE OF DENTAL PROCEDURES, DENTAL EXPENSE BENEFITS, and if applicable, the ORTHODONTIC EXPENSE BENEFITS pages for details.

EFFECTIVE DATE. Each Member has the option of being insured and insuring his or her Dependents. To elect coverage, he or she must agree in writing to contribute to the payment of the insurance premiums. The Effective Date for each Member and his or her Dependents, will be the first of the month falling on or first following:

1. the date on which the Member qualifies for insurance, if the Member agrees to contribute on or before that date.
2. the date on which the Member agrees to contribute, if that date is within 31 days after the date he or she qualifies for insurance.
3. the date we accept the Member and/or Dependent for insurance when the Member and/or Dependent is a Late Entrant. The Member and/or Dependent will be subject to any limitation concerning Late Entrants.

EXCEPTIONS. If employment is the basis for membership, a Member must be in active service on the date the insurance, or any increase in insurance, is to take effect. If not, the insurance will not take effect until the day he or she returns to active service. Active service refers to the performance in the customary manner by an employee of all the regular duties of his or her employment with his or her employer on a full time basis at one of the employer's business establishments or at some location to which the employer's business requires the employee to travel.

A Member will be in active service on any regular non-working day if he or she is not totally disabled on that day and if he or she was in active service on the regular working day before that day.

If membership is by reason other than employment, a Member must not be totally disabled on the date the insurance, or any increase in insurance, is to take effect. The insurance will not take effect until the day after he or she ceases to be totally disabled.

TERMINATION DATES

INSUREDS. The insurance for any Insured, will automatically terminate on the end of the month falling on or next following the **earliest of:**

1. the date the Insured ceases to be a Member;
2. the last day of the period for which the Insured has contributed, if required, to the payment of insurance premiums; or
3. the date the policy is terminated.

DEPENDENTS. The insurance for all of an Insured's dependents will automatically terminate on the end of the month falling on or next following the **earliest of:**

1. the date on which the Insured's coverage terminates;
2. the date on which the Insured ceases to be a Member;
3. the last day of the period for which the Insured has contributed, if required, to the payment of insurance premiums; or

4. the date all Dependent Insurance under the policy is terminated.

The insurance for any Dependent will automatically terminate on the end of the month falling on or next following the day before the date on which the dependent no longer meets the definition of a dependent. See "Definitions."

CONTINUATION OF COVERAGE. If coverage ceases according to TERMINATION DATE, some or all of the insurance coverages may be continued. Contact your plan administrator for details.

DENTAL EXPENSE BENEFITS

We will determine dental expense benefits according to the terms of the group policy for dental expenses incurred by an Insured. An Insured person has the freedom of choice to receive treatment from any Provider.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Coinsurance Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

BENEFIT PERIOD. Benefit Period refers to the period shown in the Table of Dental Procedures.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured.

COVERED EXPENSES. Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Participating Provider.
3. the Maximum Allowable Charge ("MAC") as covered under your plan.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider's fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Participating Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

SPECIALTY CARE refers to a specific area of dentistry practiced by a licensed provider who has education, training or qualifications in that specific area of dentistry in addition to the education or qualifications required for the provider's license. Examples include: Dental Public Health, Endodontics, Oral and Maxillofacial Surgery, Orthodontics, Pediatric Dentistry, Periodontics and Prosthodontics.

DENTAL EMERGENCY refers to those services which are needed immediately because of an injury or unforeseen medical condition. Examples of an emergency service are those services required for the temporary relief of pain, infection or swelling.

EMERGENCY AND SPECIALTY CARE. You have the freedom of choice to seek services from either a participating or non-participating specialty care provider, or in the case of an emergency, any provider of Insured's choosing. Benefits will be paid for all services which are considered covered expenses as defined within your certificate. Insureds may change providers at any time and may do so without notifying Company. Insureds are not required to contact Company prior to obtaining treatment although it is suggested that Insureds or their provider submit a pretreatment estimate in advance to the start of treatment when reasonably possible. Insureds do not need to contact Company in order to be referred to another provider.

ACCESS TO PARTICIPATING PROVIDERS. If you are seeking to obtain services or have already obtained services and are or were unable to locate a Participating Provider within 50 miles of your home or workplace, please contact us via email, mail or at the toll-free number shown on your ID card. Once we have been notified of your inability to locate a Participating Provider within the target area, we will review and allow the eligible procedures submitted as if you had visited a Participating Provider.

ALTERNATIVE PROCEDURES. If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.

We may request pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

EXPENSES INCURRED. An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a dental prosthesis or prosthetic crown. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. in the first 12 months that a person is insured if the person is a Late Entrant; except for evaluations, prophylaxis (cleanings), and fluoride application.
2. a. for initial placement of any dental prosthesis or prosthetic crown unless such placement is needed because of the extraction of one or more teeth while the insured person is covered under this contract. But the extraction of a third molar (wisdom tooth) will not qualify under the above. Any such dental prosthesis or prosthetic crown must include the replacement of the extracted tooth or teeth, unless the insured person is covered on July 1, 2015. For those Insureds covered on July 1, 2015, see b.
 - b. Limitation a. will be waived for those Insureds whose coverage was effective on July 1, 2015 and
 - i. the person has the tooth extracted while insured under the prior contract: and
 - ii. has a dental prosthesis or prosthetic crown installed to replace the extracted tooth while insured under our contract;

but such extraction and installation must take place within a twelve-month period; and
 - iii. the dental prosthesis or prosthetic crown noted above must be an initial placement.

3. for appliances, restorations, or procedures to:
 - a. alter vertical dimension;
 - b. restore or maintain occlusion; or
 - c. splint or replace tooth structure lost as a result of abrasion or attrition.
4. for any procedure begun after the insured person's insurance under this contract terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Insured's insurance under this contract terminates.
5. to replace lost or stolen appliances.
6. for any treatment which is for cosmetic purposes.
7. for any procedure not shown in the Table of Dental Procedures. (There may be additional frequencies and limitations that apply, please see the Table of Dental Procedures for details.)
8. for orthodontic treatment under this benefit provision. (If orthodontic expense benefits have been included in this policy, please refer to the Schedule of Benefits and Orthodontic Expense Benefits provision found on 9260).
9. for which the Insured person is entitled to benefits under any workmen's compensation or similar law, or charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
10. for charges which the Insured person is not liable or which would not have been made had no insurance been in force.
11. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
12. because of war or any act of war, declared or not.

TABLE OF DENTAL PROCEDURES

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY FOR YOUR PROCEDURE FREQUENCIES AND PROVISIONS.

The attached is a list of dental procedures for which benefits are payable under this section; and is based upon the Current Dental Terminology © American Dental Association. **No benefits are payable for a procedure that is not listed.**

- Ø Your benefits are based on a Calendar Year. A Calendar Year runs from January 1 through December 31.
- Ø Benefit Period means the period from January 1 of any year through December 31 of the same year. But during the first year a person is insured, a benefit period means the period from his or her effective date through December 31 of that year.
- Ø Covered Procedures are subject to all plan provisions, procedure and frequency limitations, and/or consultant review. Examples of procedures which may be subject to Alternate Benefits are crowns, inlays, onlays, fixed partial dentures, composite restorations, and overdentures. Examples of procedures which may be subject to plan payments based on consultant review are services related to oral maxillofacial surgery, fixed partial dentures, periodontics, and endodontics.
- Ø Reference to "traumatic injury" under this plan is defined as any injury caused by an object or a force other than bruxism (grinding of teeth).
- Ø Benefits for replacement dental prosthesis or prosthetic crown will be based on the prior placement date. Frequencies which reference Benefit Period will be measured forward within the limits defined as the Benefit Period. All other frequencies will be measured forward from the last covered date of service.
- Ø We may request radiographs, periodontal charting, surgical notes, narratives, photos and/or a patient's records on any procedure for our dental consultants to review. Commonly reviewed procedures include: Periodontic procedures, Oral Maxillofacial Surgical procedures, Implants, Crowns, Inlays, Onlays, Core Build-Ups, Fixed Partial Dentures, Post and Cores, Veneers, Endodontic Retreatment, and Apexification/Recalcification procedures.
- Ø We recommend that a pre-treatment estimate be submitted for all anticipated work that is considered to be expensive by our insured.
- Ø A pre-treatment estimate is not a pre-authorization or guarantee of payment or eligibility; rather it is an indication of the estimated benefits available if the described procedures are performed.

ORTHODONTIC EXPENSE BENEFITS

Orthodontic expense benefits will be determined according to the terms of the policy for orthodontic expenses incurred by an Insured.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Insured person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by an Insured during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is insured under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for the prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary (“U&C”) describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Policyholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider’s fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Policyholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program (“Program”) means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

- a. at the end of every quarter (three-month period) of a Program for an Insured who pursues a Program, but not beyond the date the Program ends; or
- b. at the time the service is rendered for an Insured who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Insured's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. However, the first payment will be 25 percent of the total allowed Covered Expense. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.

LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program on or after the Insured's 19th birthday.
2. for a Program begun before the Insured became covered under this section, unless the Insured was covered for Orthodontic Expense Benefits under the prior carrier on June 30, 2015 and are both:
 - a. insured under this policy; and
 - b. currently undergoing a Treatment Program on July 1, 2015.
3. in the first 12 months that a person is insured if the person is a Late Entrant.
4. in any quarter of a Program if the Insured was not covered under this section for the entire quarter.
5. if the Insured's insurance under this section terminates.
6. for which the Insured is entitled to benefits under any workmen's compensation or similar law, or for charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
7. for charges the Insured is not legally required to pay or would not have been made had no insurance been in force.
8. for services not required for necessary care and treatment or not within the generally accepted parameters of care.
9. because of war or any act of war, declared or not.
10. To replace lost, missing or stolen orthodontic appliances.

COORDINATION OF BENEFITS

The Coordination of Benefits (COB) provision applies if an Insured person has dental coverage under more than one **Plan**. **Plan** is defined below. All benefits provided under this policy are subject to this section.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in automobile "no fault" and traditional "fault" type contracts; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and co-payments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- (1) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- (2) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- (3) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
- (4) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

- A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.
- B. (1) Except as provided in Paragraph B(2) below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
- D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or

If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

The **Plan** covering the **Custodial parent**;

The **Plan** covering the spouse of the **Custodial parent**;

The **Plan** covering the **non-custodial parent**; and then

The **Plan** covering the spouse of the **non-custodial parent**.

(c) For a dependent child covered under more than one **Plan** of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel** plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. The Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. The Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give the Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A Payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, the Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. The Company will not have to pay that amount again.

The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by the Company is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

GENERAL PROVISIONS

NOTICE OF CLAIM. Written notice of a claim must be given to us within 90 days after the incurred date of the services provided for which benefits are payable.

Notice must be given to us at our Home Office, or to one of our agents. Notice should include the Policyholder's name, Insured's name, and policy number. If it was not reasonably possible to give written notice within the 90 day period stated above, we will not reduce or deny a claim for this reason if notice is filed as soon as is reasonably possible.

CLAIM FORMS. When we receive the notice of a claim, we will send the claimant forms for filing proof of loss. If these forms are not furnished within 15 days after the giving of such notice, the claimant will meet our proof of loss requirements by giving us a written statement of the nature and extent of loss within the time limit for filing proofs of loss.

PROOF OF LOSS. Written proof of loss must be given to us within 90 days after the incurred date of the services provided for which benefits are payable. If it is impossible to give written proof within the 90 day period, we will not reduce or deny a claim for this reason if the proof is filed as soon as is reasonably possible.

TIME OF PAYMENT. We will pay all benefits immediately when we receive due proof. Any balance remaining unpaid at the end of any period for which we are liable will be paid at that time.

PAYMENT OF BENEFITS. Participating Providers have agreed to accept assignment of benefits for services and supplies performed or furnished by them. When a Non-Participating Provider performs services, all benefits will be paid to the Insured unless otherwise indicated by the Insured's authorization to pay the Non-Participating Provider directly.

FACILITY OF PAYMENT. If an Insured or beneficiary is not capable of giving us a valid receipt for any payment or if benefits are payable to the estate of the Insured, then we may, at our option, pay the benefit up to an amount not to exceed \$5,000, to any relative by blood or connection by marriage of the Insured who is considered by us to be equitably entitled to the benefit.

Any equitable payment made in good faith will release us from liability to the extent of payment.

PROVIDER-PATIENT RELATIONSHIP. The Insured may choose any Provider who is licensed by the law of the state in which treatment is provided within the scope of their license. We will in no way disturb the provider-patient relationship.

LEGAL PROCEEDINGS. No legal action can be brought against us until 60 days after the Insured sends us the required proof of loss. No legal action against us can start more than five years after proof of loss is required.

INCONTESTABILITY. No statements, except fraudulent statements, made by the applicant in the application for such policy shall be used to void the policy or deny a claim as defined in the policy, commencing after the expiration of the 1 year period.

The validity of the Policy will not be contested after it has been in force for one year from the date of issue, except for nonpayment of premiums or fraudulent misrepresentations.

WORKER'S COMPENSATION. The coverage provided under the Policy is not a substitute for coverage under a workmen's compensation or state disability income benefit law and does not relieve the Policyholder of any obligation to provide such coverage.
