<b>RULE 11:</b> <i>Compensation Plan</i>	<b>APPROVED:</b> <b>REVISED:</b>
<b>REGULATION 1:</b> <i>Compensation Plan Administration</i>	<b>Pages:</b> 1 of 7

## Section 1: Introduction

The Human Resources Director shall be responsible for administration of the County's classified service Compensation Plan. In accordance with Nebraska Revised Statutes §23-2525[2], the Rules and Regulations shall provide for a Compensation Plan for all employees in the classified service, comprising salary schedules, hours of work, premium payments, special allowances, and fringe benefits considering the amount of money available, the prevailing rates of pay in government and private employment, the cost of living, the level of each class in the classification (system) plan, and other relevant factors. Initial, intervening, and maximum rates of pay for each class/grade/position shall be established to provide for steps in salary advancement without change of duty in recognition of demonstrated quality and length of service. The compensation plan and amendments thereto shall be adopted in the manner prescribed for rules and regulations and shall in no way limit the authority of the Board of County Commissioners relative to appropriations for salary and wage expenditures.

## Section 2: Provisions

The compensation of employees occupying graded jobs shall be on the basis of the Salary Schedules prescribed for the respective classes as established by the County Board. Compensation for full-time classified appointments is based on working 40 hours per week unless otherwise allowed under the Fair Labor Standards Act (FLSA).

County Board-approved annual adjustments will be processed as follows:

If July 1 falls in the first seven days of a pay period, Employees shall receive the higher pay rate for the entire pay period. If July 1 falls in the last seven days of a pay period Employees shall not receive the higher pay rate until the subsequent pay period.

The County supports the concept of a flexible working schedule where it can be implemented by department heads in a manner which improves the delivery of services to the community. An essential requirement is that all work assignments be adequately staffed during the normal business or regular hours. Flexible working schedules must be approved by the Department Head at his/her discretion.

## Section 3: Starting Compensation at Appointment

Appointment into the classified service shall be made at the minimum rate of pay as established by the job's grade and advancement from the minimum to the maximum pay rate shall be based on performance and length of service.

<b>REGULATION 1:</b> <i>Compensation Plan Administration</i>	<b>Pages:</b> 2 of 7

- A. Upon recommendation of the Department Head, the Human Resources Director and County Administration may approve starting compensation at a rate higher than the minimum pay rate for the job's grade when the needs of the service make such action necessary; provided that any such exception is based on the outstanding and unusual character of the candidate's experience and ability over and above the minimum qualifications specified in the job description or that a critical shortage of applicants exists. In the case where a critical shortage exists, incumbents subject to the same labor market conditions occupying the same job shall have their compensation increased to the rate established for entrance of those receiving original appointments.
- B. The Human Resources Director, upon recommendation of the Department Head, may authorize employment in a trainee capacity provided the needs of the service make such action necessary. Compensation will be established at no greater than fifteen percent (15%) below the minimum rate for the job. The trainee shall be given work experience so as to meet the minimum qualifications for the job within one (1) year and compensation will be adjusted to the minimum pay rate by this time. Trainee compensation will only be authorized if the trainee does not possess the minimum qualifications of the job.
- C. When employees are re-employed in a job in which they were previously employed for up to twelve (12) months prior, the Human Resources Director and County Administration may authorize compensation up to the step of the pay grade corresponding to that which employees had been receiving upon termination of employment.

## **Section 4: Starting Compensation on Return to a Classified Job from an Unclassified Position**

If that rate is below the minimum rate for the grade, they shall receive the minimum pay rate. If that rate is above the maximum rate for the job, they shall receive the maximum pay rate for the job. Upon return to the classified job, all eligibility dates will be restored to what they were at the time of departure from the Classified Service.
